Town Clerk

## ANNUAL TOWN MEETING, MARCH 10th, 1965

### Commonwealth of Massachusetts

The meeting was called to order by Moderator Curran at 8 P.M. and stated there was a quorum present.

Radio Station WMRC broadcast the meetings.

The Town Clerk read the warrant and the officers' return thereon.

The Moderator announced that the following persons were elected as precinct members: Albano Sabatucci, 2 year term in Precinct 2, Domenic Blasio, 2 year term in Precinct 5, William F. McAvoy, 2 year term in Precinct 4 and Frances Hennessy, 1 year term in Precinct 4. These elections effective until the Annual Town Meeting. The Moderator appointed Resolution Committees to report on the deceased Town Meeting Members Edwin L. Slavin and Frederick Kirsner at the next meeting of the body.

Article 1. To hear and act upon reports of all Town Officers and Committees of said Town.

The following report was read by John Glennon, Chairman of the Town Engineer Study Committee:

MARCH 8, 1965

This Committee was appointed by the Moderator under Article 64 of the Town Meeting of March, 1964, to study the advisability of establishing the classification of a Town Engineer.

The following served on this committee:

John Glennon, Chairman	Leonard Lynch, Jr., Secretary
Joseph DeLuca	George Belforti
John Pyne	Joseph Vitalini
William Balmelli	Vincent Pasacane

The committee held many meetings during the year and interviewed the heads of various departments and boards within the Town Government of Milford and Mr. Shurtlett of Economic Development Associates Inc.

After meeting with the aforementioned individuals and exploring various aspects of the situation this Committee has recommended that the following be adopted:

1. That the Town Meeting pass over any consideration of the classification of Town Engineer.

2. That the Town Meeting authorize the Moderator to appoint a committee to investigate the feasibility of establishing a Department of Public Works.

These recommendations are based on the following:

1. It was the opinion of the majority of those interviewed and of this committee, that an engineering department and its necessary supporting facilities and not a single engineer would be required to handle the desired engineering duties.

2. That the present structure of government in the Town of Milford is not designed to allow a Town Engineer to function with the necessary authority.

I move that this report be received as read.

John Glennon, Chairman

Voted: That the report be received as read.

Voted: That the reports of all Town Officers and Committees of said Town and the Town report be accepted.

Article 2. To see if the Town will amend the wage and salary schedule of the Wage and Salary Administration Plan in the following manner as recommended by the Personnel Board. By making these changes for 1965 in the following classifications. The increases as recommended show only the maximum for a classification and in the case of any additions to the work force or changes or promotions the wage scale should be referred to and the Personnel Board consulted.

A-101 Town Clerk change pay rate from 5400.00 to 5525.00 annually.

A-103 Tax Collector change pay rate from 6775.00 to 6900.00 annually.

A-104 Assessor change pay rate from 5300.00 to 5500.00 annually.

A-105 Highway Surveyor change pay rate from 7725.00 to 8275.00 annually.

A-201 Chief of Police change pay rate from 8000.00 to 8500.00 annually.

REMOVE THE FOLLOWING CLASSIFICATIONS:

B-607 Deputy Fire Chief \$429.00 annually  
A-710 Veteran's Agent Clerk \$1563.00 annually

Article 3. To see if the Town will amend the Wage and Study Schedule of the Personnel Wage and Salary Administration Plan by establishing and adding the Classification A306 Deputy Tax Collector. (Frances C. Hennessy)

Voted: That the Town amend the Wage and Study Schedule of the Personnel Wage and Salary Administration Plan by establishing and adding the Classification A306 Deputy Tax Collector.

Article 4. To see if the Town will amend the Wage and Study Schedule of the Personnel Wage and Salary Administration Plan by establishing and adding the Classification and Title: A306 Deputy Tax Collector and establishing rate for the year 1965 as follows:

	1965
Minimum	\$4500.00
Step 1	None
Maximum	\$4500.00
	(Frances C. Hennessy)

A motion was made and seconded that the Town amend the Personnel Wage and Salary Administration Plan by establishing the Salary A306 Deputy Tax Collector and establishing a rate for the year 1965 as follows: Minimum—\$4500.00 for 1965, Step 1—None, Maximum — \$4500.00 for 1965.

The Chair declared the motion carried Joseph DiAntonio, Alfred Tumolo, Dewey Zacchilli Joseph Blascio, Roy Lovell, Marilyn Lovell and George Belforti stood and were recognized by the Moderator as doubting the vote.

A standing vote was taken and 87 persons having voted in the affirmative and 62 persons having voted in the negative the motion carried and it was

Voted: That the Town amend the Personnel Wage and Salary Administration Plan by establishing the Salary A306 Deputy Tax Collector and establishing the rate for the year 1965 as follows: Minimum—\$4500.00, Step 1—None, Maximum—\$4500.00.

Article 5. To see if the Town will vote to amend the "Classification and Compensation" as submitted by the Personnel Board for Classification A-203—Town Accountant, or take any action in relation thereto. (Town Accountant)

I move that the Town vote to amend the "Classification and Compensation Plan" as submitted by the Personnel Board for classification A-203 Town Accountant by changing the pay rate from \$7350.00 to \$7675.00 annually.

It was moved the "previous question." A standing vote was taken and 92 persons voted in the affirmative and 37 persons voted in the negative the motion to shut off debate was carried. The question now came on the motion and it was lost by a voice vote.

Article 6. To raise and appropriate such sum or sums of money as may be necessary to defray expenses for the financial year beginning January 1, 1965.

Voted: That the Town Meeting receive the report of the Finance Committee and that the Moderator inquire if any voter wishes to consider any item separately; that if any voter so wishes he or she shall ask the Moderator to remove this item from the report and when this has been done, that the Town vote to raise and appropriate and transfer, where indicated in the report, the amount recommended in the Finance Committee Report as amended and that the meeting shall then consider the items which have been removed from the report by taking up each item individually.

Article 21. To see if the Town will vote to transfer from available sums in Chapter 822, Acts of 1963, the sum of Six thousand eight hundred (\$6,800.00) dollars for the reconstruction of Hayward Street, or take any action in relation thereto. (Highway Dept.)

Voted: That the Town vote to transfer from available sums in Chapter 822, Acts of 1963, the sum of Six thousand, eight hundred (\$6,800.00) dollars for the reconstruction of Hayward Street.

Article 22. To see if the Town will vote to transfer from available sums in Chapter 822, Acts of 1963, the sum of Three thousand five hundred (\$3,500.00) dollars for the reconstruction of Meade Street, or take any action in relation thereto. (Highway Dept.)

Voted: That the Town vote to transfer from available sums in Chapter 822, Acts of 1963, the sum of Three thousand, five hundred (\$3,500.00) dollars for the reconstruction of Meade Street.

Article 23. To see if the Town will vote to transfer from available sums in Chapter 822, Acts of 1963, the sum of Two thousand one hundred (\$2,100.00) dollars for the reconstruction of Genoa Avenue, or take any action in relation thereto. (Highway Dept.)

Voted: That the Town vote to transfer from available sums in Chapter 822, Acts of 1963, the sum of Two thousand, one hundred (\$2,100.00) dollars for the reconstruction of Genoa Avenue.

Article 24. To see if the Town will vote to raise and appropriate the sum of \$2500.00 to be used by the Board of Health to spray the Town for mosquito control, or take any action in relation thereto. (Board of Health)

Voted: That the town vote to raise and appropriate the sum of \$2500.00 to be used by the Board of Health to spray the Town for mosquito control.

Article 25. To see if the Town will vote to authorize the Moderator to appoint a committee consisting of One member of the Board of Selectmen, One member of the Planning Board, One member of the Personnel Board, One member of the Finance Committee, Five voters of the Town, (one from each precinct), to investigate the feasibility of establishing a Department of Public Works. That the committee be instructed to report at the next Annual Town Meeting and that a sum of money be transferred from available funds for the expenses thereof, or take any action relative thereto. (John T. Glennon)

Voted: That the town vote to authorize the Moderator to appoint a committee consisting of: One member of the Board of Selectmen, One member of the Planning Board, One member of the Personnel Board, One member of the Finance Committee, Five voters of the Town (one from each precinct) to investigate the feasibility of establishing a Department of Public Works. That the committee be instructed to report at the next annual Town Meeting and that the sum of \$200.00 be transferred from available funds for the expenses thereof.

Article 26. To see if the Town will vote to raise and appropriate the sum of \$13,500.00 for the construction of an 8" Main Sewer Ext. from Corner of Cedar & Ravenna Street to Naples Street, including Naples Street, to a distance of 900 Lin. feet, or take any action in relation thereto. (Albert Inglesi)

It was moved and seconded to consider Article 86 after discussing Article 26. It was voted to amend the motion to insert Article 27 in between Article 26 and Article 86 for consideration.

Question now came on the amendment. The Moderator was unable to determine the voice vote. A standing vote was taken and 90 persons having voted in the affirmative and 38 persons having voted in the negative the amendment was carried. The question now is on the motion for Article 26, Article 27 and Article 86 in that order.

Voted: That the town vote to raise and appropriate the sum of \$13,500.00 for the construction of an 8" Main Sewer extension from the corner of Cedar and Ravenna Streets to Naples Street and including Naples Street, a distance of about 900

lineal feet, and to raise said sum in the following manner: \$5500.00 on the current tax levy and that the Treasurer with the approval of the Board of Selectmen be and is hereby authorized to borrow \$8,000.00 and issue bonds and notes therefore payable in accordance with the provision of the General Laws, Chapter 44, Section 7, Clause (1) as amended so that the whole loan shall be payable in not more than three years from the date of issue of the first bond or note or at such earlier time as the Treasurer may determine, and said money to be expended under the supervision of the Board of Sewer Commissioners.

Voice vote unanimous.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$18,000.00 for the extension of a sewer line on Central Street from Alden Street to 299 Central Street to a distance of 1250 feet, or take any action in relation thereto. (Joseph R. Manella)

A motion was made and seconded for Article 27. It was "moved the previous question." 49 persons having voted in affirmative and 57 persons having voted in the negative, the motion was declared lost.

Question now came on the motion that the Town vote to raise and appropriate the sum of \$18,000.00 for the extension of a sewer line on Central Street from Alden Street to 299 Central Street, to a distance of 1250 feet more or less; and to raise said sum in the following manner. That the Treasurer, with the approval of the Board of Selectmen, be and is hereby authorized to borrow \$18,000.00 and issue bonds and notes therefore payable in accordance with the provisions of the General Laws, Chapter 44, Section 7, Clause 1 as amended so that the whole loan shall be payable in not more than three (3) years from the date of issue of the first bond or note or at such earlier time as the Treasurer may determine, said money to be expended under the supervision of the Board of Sewer Commissioners.

A record vote showed 44 persons voted in the affirmative and 67 persons voted in the negative. The Chair declared the motion lost.

It was moved and seconded to adjourn to Monday at 8 P.M.

The meeting adjourned at 10:50 P.M.

Attest:

CATHERINE L. COYNE,  
Town Clerk.

A true copy of the record.

Attest:

CATHERINE L. COYNE,  
Town Clerk.

## **ADJOURNED TOWN MEETING, MARCH 15th, 1965**

Moderator Curran called the meeting to order at 8 P.M. 148 persons being present the business session was opened.

A motion to reconsider Article 3 was declared out of order by Moderator Curran.

The following Resolutions were read to the assembly:

### **Resolution**

WHEREAS, The Citizens of Milford have learned with regret and sorrow of the death of Edwin L. Slavin and

WHEREAS, Mr. Slavin, a member of this body for many years and an employee of the Highway Department, who served long and faithfully the Citizens of Milford and

WHEREAS, his long and Honorable service performed efficiently and conscientiously for the benefit of all our Citizens, in his passing the Town has lost a devoted and faithful servant.

THEREFORE BE IT RESOLVED, that as a symbol of our respect that the business of this meeting be suspended and that the members stand in silent tribute to his memory and

BE IT FURTHER RESOLVED that his family be presented a copy of these resolutions and that a copy be inserted in the records of the next Annual Town Report.

For the Committee,

EDWARD J. CARROLL

ANTONIO BEGA

DOMINIC J. MORTE, JR.

### **Resolution**

This meeting has learned with a profound feeling of regret and sorrow of the passing of Frederick Kirsner, a member of this body from Precinct 5 for many years.

As the good deeds of a man live after him, so will Fred's contributions and continuing achievements to the business, social and religious communities of the Town of Milford be remembered long and well. He will be missed when the roll is called.

Therefore BE IT RESOLVED: that as a mark of respect the business of this meeting be suspended while the members stand in solemn and silent tribute to his memory.

And BE IT RESOLVED: That a copy of these resolutions be forwarded to his family and that these resolutions be published in the next Annual Town Report.

For the Committee,  
MURRAY KUSMIN  
ROBERT McGINNIS  
JOSEPH L. DeLUCA

Article 86. To see if the Town will vote to raise and appropriate a sum of money for the extension of the main sewer line and laterals on Highland Street about 1500 feet and for the extension of sewer line and laterals on West Fountain Street about 4000 feet, or take any action in relation thereto. (Sewer Dept).

Voted: That the Town vote to raise and appropriate the sum of \$18,500.00 for the extension of the main sewer line and laterals on Highland Street about 1500 feet and for the extension of a sewer line and laterals on West Fountain Street about 400 feet, and to raise said sum in the following manner: That the Treasurer with the approval of the Selectmen be and is hereby authorized to borrow \$18,500.00 and to issue bonds and notes therefore payable in accordance with the provisions of the General Laws, Chapter 44, Section 7, Clause (1) as amended so that the whole loan shall be payable in not more than three years from the date of issue of the first bond or note or at such earlier time as the Treasurer may determine, and said money to be expended under the supervision of the Board of Sewer Commissioners.

Voice Vote was unanimous.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the construction of a sewer on North Vine Street, 350 lineal ft., from Congress Street, 125 lineal ft. to a distance of 475 feet, or take any action in relation thereto. (Donato Niro)

Voted: To pass over the article.

Article 29. To see if the Town will vote to accept as a public way a private way known as Oriole Drive, (approx. 1030 ft.), or take any action in relation thereto. (Bedrosian & Casasanta)

The Clerk read the lay-out of Oriole Drive and reported to the Moderator all abutters had signed off.

## **Oriole Drive**

Beginning at a point in the Northerly line of Oriole Drive and the Westerly line of the Princess Pine Lane acceptance.

Thence S.  $69^{\circ} 22' 40''$  W., along land of Casasanta & Bedrosian, Durig, Reino, Cahill, Anderson and Casasanta & Bedrosian, 527.71 ft. to a point.

Thence S.  $53^{\circ} 05' 40''$  W., along land of Casasanta & Bedrosian, LaPreste, Casasanta & Bedrosian, Grillo, and Surette, 456.10 ft. to a point.

Thence S.  $36^{\circ} 54' 20''$  E., 40.00 ft. to a point of land of Toffolon;

Thence N.  $53^{\circ} 05' 40''$  E., along land of Toffolon, Dwyer, Loftus, Parker and Creedon, 454.41 ft. to a point.

Thence N.  $68^{\circ} 22' 40''$  E., along land of Creedon, Manna, Casasanta & Bedrosian, Tumolo, Costantino, and Bird, 521.07 ft. to the Westerly line of Princess Pine Lane acceptance.

Thence N.  $19^{\circ} 18' 20''$  W., 40.01 ft. to the point of beginning.

Received and filed with the Town Clerk on February 3rd, 1965.

Attest:

CATHERINE L. COYNE,  
Town Clerk

Voted: That the Town vote to accept as a public way approximately 1030 feet of a private way known as Oriole Drive.

Article 30. To see if the Town will vote to accept as a public way a private way known as Stony Brook Lane (approx. 1300 ft.), or take any action in relation thereto.

(Bedrosian & Casasanta)

The Clerk read the lay-out of Stony Brook Lane and reported to the Moderator all abutters had signed off.

## **Stony Brook Lane**

Beginning at a point in the westerly line of Whip O' Will lane at land of Herlihy and Coelho.

Thence Southwesterly along said Herlihy and Coelho land in a curve with a radius of 32.68 ft., 48.65 ft. to a point; thence S.  $63^{\circ} 45' 40''$  W., 22.00 ft. to a point.

Thence Southwesterly in a curve with a radius of 700.00 ft., along land of Herlihy and Coelho, Canastar, and Princess Pine Lane, 198.67 ft. to a point.

Thence S.  $80^{\circ} 01' 20''$  W., along Princess Pine Lane and land of Maietta, 109.66 ft. to a point.

Thence Southwesterly in a curve with a radius of 1100.00 ft along land of Maietta, Birmingham, Carroll, Casasanta and Bedrosian, O'Regan, Valente, and Kowalewski, 585.76 ft. to a point.

Thence S.  $49^{\circ} 30' 43''$  W. along land of Kowaleski, and of Coveney 75 ft. to a point.

Thence Southwesterly in a curve with a radius of 850.00 ft. along land of Coveney, and of Consoletti, 143.15 ft. to a point.

Thence S.  $59^{\circ} 09' 40''$  W., along land of Consoletti and of Glennon, 115.00 ft. to a point.

Thence S.  $30^{\circ} 50' 20''$  E., 40.00 ft. to a point of land of Boisvert;

Thence N.  $59^{\circ} 09' 40''$  E., along land of Boisvert and of Koloski, 115.00 ft. to a point.

Thence Northeasterly in a curve with a radius of 890.00 ft. along land of Koloski and Volpe, 149.88 ft. to a point.

Thence N.  $49^{\circ} 30' 43''$  E., along land of Boucher, 75.00 ft.

Thence Northeasterly in a curve with a radius of 1060.00 ft. along land of Boucher, Gleason, Rizoli, Burke, Abbiuso, Stratton and Lawton 564. ft. to a point.

Thence N.  $80^{\circ} 01' 20''$  E., along land of Lawton and of Shea, 109.66 ft. to a point.

Thence Northeasterly in a curve with a radius of 740.00 ft. along land of Shea, Mussulli, and Mello, 210.02 ft. to a point.

Thence N.  $63^{\circ} 45' 40''$  E., along land of Mello, 22.00 ft. to a point.

Thence Southeasterly in a curve with a radius of 21.55 ft. along land of Mello, 37.17 ft. to a point in the Westerly line of Whip O' Will Lane.

Thence N.  $19^{\circ} 27' 20''$  W., along the Westerly line of Whip O' Will Lane, 95.52 ft. to the point of beginning.

Received and filed with the Town Clerk on February 3rd, 1965.

Attest:

CATHERINE L. COYNE,

Town Clerk

Voted: That the Town vote to accept as a public way approximately 1300 feet of a private way known as Stony Brook Lane.

Article 31. To see if the Town will vote to accept as a public way a private way known as Princess Pine Lane (approx. 270 ft.), or take any action in relation thereto.  
(Bedrosian and Casasanta)

The Clerk read the lay-out of Princess Pine Lane and reported to the Moderator all abutters had signed off.

### **Princess Pine Lane**

Beginning at a point in the Northerly line of Stony Brook Lane at land of Canastar.

Thence Northwesterly in a curve with a radius of 29.78 ft., 40.91 ft. to a point.

Thence N.  $24^{\circ} 58' 20''$  W., along Canastar and Sannicandro land, 122.00 ft. to a point.

Thence N.  $19^{\circ} 58' 05''$  W., along Sannicandro & Casasanta & Bedrosian land 139.89 ft. to a point.

Thence S.  $69^{\circ} 22' 40''$  W., along Casasanta & Bedrosian land 59.77 ft. to a point in the Northerly line of Oriole Drive;

Thence S.  $19^{\circ} 18' 20''$  E., across Oriole Drive 40.01 ft. to a point at land of Bird.

Thence Southeasterly in a curve with a radius of 20.00 ft. 31.64 ft. to a point.

Thence S.  $19^{\circ} 58' 05''$  E., along Bird land, 80.95 ft. to a point.

Thence S.  $24^{\circ} 58' 20''$  E., along Maietta land, 111.27 ft. to a point.

Thence Southwesterly in a curve with a radius of 20.00 ft. along Maietta land, 36.65 ft. to a point in the Northerly line of Stony Brook Lane;

Thence Northeasterly along the northerly line of Stony Brook Lane 91.92 ft. to the point of beginning.

Received and filed with the Town Clerk on February 3rd, 1965.

Attest:

CATHERINE L. COYNE,

Town Clerk

Voted: That the Town vote to accept as a public way approximately 270 feet of a private way known as Princess Pine Lane.

Article 32. To see if the Town will vote to accept as a public way a private way known as Ivy Lane (approx. 490 ft.), or take any action in relation thereto. (Bedrosian & Casasanta)

The Clerk read the lay-out of Ivy Lane and reported to the Moderator all abutters had signed off.

### **Ivy Lane**

Beginning at a point in the westerly line of Purchase St. and 38.85' North of a WCH Bound, thence N. 66° 00' 54" W., 100.07 ft. to a point, thence westerly 344.28 ft. along a curve of radius 431.18 ft. to a point, thence S. 68° 14' 10" W., 25.27 ft. to a point, thence southwesterly 26.92 ft. by a curve of radius equal 20 ft. to a point in the easterly line of Whip O'Will Lane the last four lines bounding northerly on CAROL L. WILLIAMS, VICTOR G. CASASANTA & MIKAEL BEDROSIAN, ROBERT J. & DORIS M. DeMARIA, THOMAS J. & RITA R. BYRON, JR. and CLYDE A. & NORMA M. BOOTH. Thence along the easterly line of Whip O'Will Lane N. 08-52-50 W., 82.06 ft. to a point, thence 35.91 ft. by a curve of radius equals 20 ft. to a point, thence N. 68° 14' 10" E., 6.97 ft. to a point, thence easterly 376.22 ft. by a curve of radius equals 471.18 ft. to a point, thence S. 66° 00' 54" E., 88.26 ft. to a point in the westerly line of Purchase St., thence S. 07° 31' 50' W., 41.71 ft. along the westerly line of Purchase St. to P.O.B. the last five lines bounding southerly & westerly on land of PAUL H. & ROSEMARY TREDEAU, ANTHONY R. & JENNY N. GULINO, JOHN B. & ALICE E. TESSICINI, PAUL A. & GRACE M. LAVALLEE and Purchase St.

Town Clerk

Voted: That the Town vote to accept as a public way, a private way known as Sabatinelli Road Extension.

Article 39. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the construction of Sabatinelli Road Ext., or take any action in relation thereto. (Robert F. Taylor)

Voted: That the Town vote to raise and appropriate the sum of \$500.00 for the construction of Sabatinelli Road Extension.

Article 40. To see if the Town will vote to accept as a public way a private way known as Kellett Drive, or take any action in relation thereto. (Joseph DiBattista)

The Clerk read the lay-out of Kellett Drive and reported to the Moderator all abutters had signed off.

### **Kellett Drive**

Beginning at a point in the northerly line of Congress Terrace at the southwest corner of land of Christopher Morcone.

Thence, N.  $06^{\circ} 30'$  W., along Morcone land, 187.67 ft. to a point.

Thence, Northeasterly in a curved line having a radius of 20 ft., 27.80 ft. to a point.

Thence, N.  $73^{\circ} 08'$  E., 457.60 ft. to a point, bounded southerly by lots 1, 2, 3, 4 & 5.

Thence N.  $16^{\circ} 52'$  W., 40 ft. to a point at lot 6.

Thence, S.  $73^{\circ} 08'$  W., along lots 6 & 7, 207 ft. to a point.

Thence, Northwesterly in a curved line having a radius of 20 ft., 31.42 ft. to a point.

Thence, N.  $16^{\circ} 52'$  W., along lots 7, 10, 12 & 14, 314.65 ft. to a point.

Thence, Northeasterly in a curved line having a radius of 20 ft. 31.76 ft. to a point in the southerly line of a proposed extension of Walker Ave.

Thence, S.  $74^{\circ} 45''$  W., along the southerly line of Walker Ave. Extended, 80.02 ft. to a point at lot 15.

Thence, Southeasterly in a curved line having a radius of 20 ft., 31.07 ft. to a point.

Thence, S.  $16^{\circ} 52'$  E., along lots 15, 13, 11 and 8, 315.34 ft. to a point.

Thence, Southwesterly in a curved line having a radius of 20 ft. 31.42 ft. to a point.

Thence, S.  $73^{\circ} 08'$  W., along lots 8 & 9 and land of P. A. Iadarola, 221.88 ft. to a point.

Thence, S.  $06^{\circ} 30'$  E., along land of Iadarola and Ferman, 242.67 ft. to the northerly line of Congress Terrace.

Thence, N.  $76^{\circ} 02'$  E., along the northerly line of Congress Terrace, 41.60 ft. to the point of beginning.

All as shown on "Layout Plan of Kellett Drive, Milford, Mass., Jan. 1962, Scale 1" equals 40'." by Eastman & Corbett, Inc., Civil Engineers, Milford, Mass.

Received and filed with the Town Clerk on February 8th, 1965.

Attest:

CATHERINE L. COYNE,  
Town Clerk

Voted: That the Town vote to accept as a public way a private way known as Kellett Drive.

Article 41. To see if the Town will vote to accept as a public way a private way known as Carven Road, or take any action in relation thereto. (Edward J. Slattery)

The Clerk read the lay-out of Carven Road and reported to the Moderator all abutters had signed off.

### **Carven Road**

Beginning at a point in the westerly line of Carven Road at the northerly end of the 1959 lay-out and at the northeasterly corner of land of Frederick W. Bucci et ux;

Thence, northeasterly along a curve with a radius of 92.97 feet, along land of Francis J. Vendetti, et ux., 69.69 feet to a point.

Thence, N.  $57^{\circ} 26' 02''$  E., along land of Francis J. Vendetti et ux and Alphonse N. LaMontagne et ux 45.00 feet to a point.

Thence, northeasterly along a curve with a radius of 50.00 feet, along said LaMontagne land and land of John P. Parkinson et ux., 143.21 feet to a point at land of John J. Doyle et ux.

Thence, southeasterly and southwesterly along a curve with a radius of 50.00 feet, along lands of John J. Doyle et ux, Edward J. Slattery et ux, and Frank L. Oliveri et ux, 176.80 feet to a point.

Thence S.  $57^{\circ} 26' 02''$  W., along said Oliveri land, 45.00 feet to a point.

Thence, southwesterly, along a curve with a radius of 52.97 feet, along Oliveri land 29.58 feet to a point at the northeast corner of the 1959 acceptance.

Thence, westerly along the northerly end of the 1959 acceptance, 41 feet, more or less, to the point of beginning.

Received and filed with the Town Clerk on February 26th, 1965.

Attest:

CATHERINE L. COYNE,  
Town Clerk

Voted: That the Town vote to accept as a public way a private way known as Carven Road.

Article 42. To see if the Town will vote to accept Chapter 318 of the Acts of 1962, or take any action in relation thereto. (Police Association)

Voted: That the Town vote to accept Chapter 318 of the Acts of 1962.

Article 43. To see if the Town will vote to raise and appropriate a sum of money for the razing of the Park Street School Building, or take any action in relation thereto. (Selectmen)

Voted: That the Town vote to raise and appropriate the sum of Three thousand (\$3,000.00) dollars for the razing of the Park Street School Building.

Article 44. To see if the Town will vote to adopt the following resolution:

WHEREAS the General Court sitting as a Constitutional Convention, did on July 16, 1963, give initial approval to a Home Rule amendment to the State Constitution, and

WHEREAS this bill of rights for local governments requires a second approval by the members of the General Court during this legislative session, and

WHEREAS, we, as members of this Town Meeting, feel competent to handle the affairs of our town without strict supervision by the Commonwealth of our every act and deed.

NOW THEREFORE BE IT resolved that this town meeting hereby instructs its representatives to the General Court to vote in favor of the Home Rule proposal (H 1384 of 1963 as revised) when it comes before them.

Article 45. To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum or sums of money for the purchase of a new Aerial Ladder Truck or Aerial Platform, for the Fire Department or take any action thereto. (Fire Chief)

I move that the Town vote to raise and appropriate the sum of Forty-five thousand (\$45,000.00) dollars for the purchase of a New Aerial Ladder truck, and to meet this appropriation a sum of Ten thousand (\$10,000.00) dollars, be raised in the current tax levy and that the Treasurer, with the approval of the Board of Selectmen, be and is hereby authorized to borrow the sum of Thirty-five thousand (\$35,000.00) dollars and issue bonds and notes therefore payable in accordance with the provisions of General Law, Chapter 44, Section 7, Paragraph 9, as amended

so that the whole loan shall be payable in not more than Five (5) years, from the date of issue or such earlier time as the Treasurer, may determine.

A standing vote was taken and 42 persons having voted in the affirmative and 80 persons having voted in the negative, the motion was declared lost.

Article 46. To see if the Town will vote to raise and appropriate the sum of Two thousand (\$2000.00) dollars, for the purpose of repairing or altering the doors at the Spruce Street Fire Station, or take any action thereto. (Fire Chief)

Voted: To pass over the article.

Article 47. To see if the Town will vote to raise and appropriate the sum of One thousand, eight hundred and fifty (\$1850.00) dollars for the purpose of re-shingling the side walls, and installing new gutters, at the South Main Street Fire Station, or take any action thereto. (Fire Chief)

Voted: That the Town vote to raise and appropriate the sum of One thousand eight hundred and fifty (\$1,850.00) dollars, for the purpose of reshingling the sidewalls, and installing new gutters, at the South Main Street Fire Station.

Article 48. To see if the Town will vote to raise and appropriate the sum of Two thousand six hundred (\$2600.00) dollars for the purpose of extending the Fire Alarm System, a distance of approximately 4860 feet, on Highland Street, and approximately 2165 feet on West Fountain Street, or take any action thereto. (Fire Chief)

Voted: That the Town vote to raise and appropriate the sum of Two thousand six hundred (\$2,600.00) dollars for the purpose of extending the Fire Alarm System a distance of approximately 4860 feet, on Highland Street, and approximately 2165 feet, on West Fountain Street.

Article 49. To see if the Town will vote to raise and appropriate the sum of Two thousand two hundred (\$2200.00) dollars, for the purpose of extending the Fire Alarm System, approximately one and one-half miles to the Milford Public Medical Home and Infirmary, or take action thereto. (Fire Chief)

Voted: That the Town vote to raise and appropriate the sum of Two thousand two hundred (\$2,200.00) dollars, for the purpose of extending the Fire Alarm System, approximately one and one-half miles to the Milford Public Medical Home and Infirmary.

Article 50. To see if the Town will raise and appro-

priate the sum of \$3,275.33 for capital costs of the Blackstone Valley Vocational Regional School District, being the Town's proportionate share of the interest payment to become due in the current year on bonds of said District or take any other action in relation thereto. (Selectmen)

Voted: That the Town vote to raise and appropriate the sum of \$3,275.33 for capital costs of the Blackstone Valley Vocational Regional School District, being the Town's proportionate share of the interest payment to become due in the current year on bonds of said District.

Article 51: To see if the Town will grant to New England Power Company, a Massachusetts corporation, certain rights and easements for the construction, maintenance and operation of electric transmission lines over, across and upon a certain parcel of land owned by the Town of Milford, situated on both sides of the Charles River and located on a plan entitled: "NEW ENGLAND POWER SERVICE COMPANY PART OF NEW ENGLAND ELECTRIC SYSTEM BOSTON, MASS. NEW ENGLAND POWER COMPANY PLAN SHOWING TRANSMISSION LINE RIGHT OF WAY ACROSS LAND OF TOWN OF MILFORD IN MILFORD, MASSACHUSETTS SCALE 1"—200 FT. DATE JANUARY 5, 1965 L-7896"; and to execute seal, acknowledge and deliver in the name of and behalf of said Town to New England Power Company such deeds or other instruments as may be necessary or proper in connection therewith; such deeds or other instruments to be in such form and upon such terms as the Selectmen may deem proper. (Selectmen)

Voted: That the Town vote to grant to New England Power Company, a Massachusetts corporation for the sum of \$350.00 certain rights and easements for the construction, maintenance and operation of electric transmission lines, over, across and upon a certain parcel of land owned by the Town of Milford, bounded and described as follows:

"A certain parcel of land situated in said Milford, believed to be owned by the Town of Milford and being more particularly bounded and described as follows:

Beginning at the southeast corner of said parcel at a stake on the division line between land of said Town of Milford and land now or formerly of Domenico Ferrucci;

Thence running S. 64° 09' W. by other land of the Town of Milford, crossing Charles River, 307.47 feet to a stake at land now or formerly of Richard Moore;

Thence running N. 62° 46' W. by said land of Moore, 200.12 feet to a stake at other land of said Town of Milford;

Thence running N. 64° 09' E. by said other land of the Town of Milford, again crossing Charles River, 384.31 feet to a stake at said land of Ferrucci;

Thence running S. 41° 01' E. by said land of Ferrucci, 165.78 feet to the point of beginning.

Being shown on plan entitled: "NEW ENGLAND POWER SERVICE COMPANY PART OF NEW ENGLAND ELECTRIC SYSTEM BOSTON, MASS. NEW ENGLAND POWER COMPANY PLAN SHOWING TRANSMISSION LINE RIGHT OF WAY ACROSS LAND OF TOWN OF MILFORD IN MILFORD, MASSACHUSETTS SCALE 1"—200 FT. DATE JANUARY 5, 1965 L-7896."

And to execute seal, acknowledge and deliver in the name of and behalf of said Town to New England Power Company such deeds or other instruments as may be necessary or proper in connection therewith; such deeds or other instruments to be in such form and upon such terms as the Selectmen may deem proper.

Article 52: To see if the Town will vote to raise and appropriate the sum of Six Hundred Forty-five (\$645.00) Dollars for the purpose of having the surfaces of three black-top walks in Town Park closed with permanent sealer, or take any action in relation thereto. (Park Commissioners)

Voted: To pass over the article.

Article 53. To see if the Town will vote to raise and appropriate the sum of One Thousand Nine Hundred Forty-five (\$1945.00) Dollars for the purpose of installing electric lights for certain tennis courts in Town Park, or take any action there-to. (Park Commissioners)

Voted: That the Town vote to raise and appropriate the sum of One Thousand Nine Hundred Forty-five (\$1945.00) Dollars for the purpose of installing electric lights for certain tennis courts in Town Park.

Article 54. To see if the Town will vote to authorize the Board of Selectmen to use certain premises under their control known as the former Highway Building, located on the southerly side of Spruce Street, and bounded as follows: Beginning at a point ten (10) feet westerly of a wooden fence now separating the said Highway Department land from the Spruce St. School and running westerly along Spruce Street to land now or formerly of one Cahill, thence turning and running southerly along said Cahill land to land of Pine Street Baptist Church, thence turning and running easterly along land of said Pine Street Baptist and land now or formerly of one Broderick, to a

point 10 feet westerly of the afore-mentioned fence; Thence turning and running parallel to said fence in a northerly direction to the point of beginning for the purpose of building a police station, or take any action in relation thereto. (Police Chief)

A motion was made and seconded on this article but was lost by a voice vote.

Article 55. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, a sum of money for the construction of a police station on Spruce Street at a location formerly known as the Highway Department building site and that to meet this appropriation a sum of \$10,000.00 be raised in the current tax levy and that the Treasurer with the approval of the Board of Selectmen be and is hereby authorized to borrow a sum of money and issue bonds and notes therefore payable in accordance with the provisions of G. L. Chapter 44 Sec. 7 and Clause 3 as amended so that the whole loan shall be payable in not more than 10 years from the date of issue of the first bond or note or at such earlier time as the Treasurer may determine, said money to be expended under the supervision of the Board of Selectmen in conjunction with any loans or grants received from the federal government, or take any action in relation thereto. (Police Chief)

Voted: To pass over the article.

Article 56. To see if the Town will raise and appropriate Three Thousand (\$3000.00) Dollars for the purpose of razing an old building described as the former Highway Department building located on the southerly side of Spruce Street, or take any action in relation thereto. (Police Chief)

Voted: To pass over the article.

Article 57. To see if the Town will vote to transfer from the Parking Meter Collections Account to the Police Department Salaries & Wages Account a sum of money for the purpose of paying salaries, or take any action in relation thereto. (Police Chief)

Voted: That the Town vote to transfer from the Parking Meter Collection Account to the Police Department Salaries and Wages Account the sum of \$17,400.00 for the purpose of paying salaries.

Article 58. To see if the Town will vote to raise and appropriate the sum of \$823.25 to be paid to Charles J. Ferrante, Plumbing Inspector of the Board of Health, and said sum to be the amount due for inspections done during the year 1964, or take any action in relation thereto. (Board of Health)

Voted: That the Town vote to raise and appropriate the sum of \$823.25 to be paid to Charles J. Ferrante, Plumbing Inspector of the Board of Health, and said sum to be the amount due for inspections done during the year 1964.

Voted: Voice vote unanimous.

Article 59. To see if the Town will vote to establish a By-Law regulating fees for the installation of gas appliances and gas piping as follows: 1. Each and every application must be accompanied by a minimum fee of \$4.00; and in addition, there will be a charge of \$1.00 per fixture for every one of such above two fixtures. 2. A fee for the permit for the installation of a water heater shall be \$4.00 payable at the time the application is being filed. 3. A fee for the installation of gas piping shall be \$5.00 payable at the time the application is being filed. 4. A fee for the installation of gas appliances and gas piping in a commercial building shall be a flat charge of \$10.00 payable at the time the application is being filed. The Board of Health shall determine whether or not the building is a commercial building, or take any action in relation thereto. (Board of Health)

Voted: That the Town vote to establish a By-Law regulating fees for the installation of gas appliances and gas piping as follows: 1. Each and every application must be accompanied by a minimum fee of \$4.00; and in addition, there will be a charge of \$1.00 per fixture for every one of such above two fixtures. 2. A fee for the permit for the installation of a water heater shall be \$4.00 payable at the time the application is being filed. 3. A fee for the installation of gas piping shall be \$5.00 payable at the time the application is being filed. 4. A fee for the installation of gas appliances and gas piping in a commercial building shall be a flat charge of \$10.00 payable at the time the application is being filed. The Board of Health shall determine whether or not the building is a commercial building.

Voted: Voice vote unanimous.

Article 60. To see if the Town will vote to amend the By-Laws Rules and Regulations relative to Plumbing by striking out from Sec. 20 (and inserting in place thereof) the words "minimum fee of \$2.00" and inserting in place thereof the words "minimum fee of \$4.00", and to amend further the said By-Laws and Regulations relative to Plumbing by striking out from said Section 20 the words "\$.50 per fixture" and inserting in place thereof the words "\$1.00 per fixture," or take any action in relation thereto. (Board of Health)

Voted: That the Town vote to amend the By-Laws Rules and Regulations relative to Plumbing by striking out from Sec. 20 (and inserting in place thereof) the words "minimum fee of

\$2.00" and inserting in place thereof the words "minimum fee of \$4.00," and to amend further the said By-Laws and Regulations relative to Plumbing by striking out from said Section 20 the words "\$.50 per fixture" and inserting in place thereof the words "\$1.00 per fixture."

Article 61. To see if the Town will vote to amend the By-Law rules and Regulations relative to sewage disposal by striking out from Section 11 the figure "\$5.00" and insert in place thereof the figure "\$10.00," or take any action in relation thereto. (Board of Health)

Voted: That the Town vote to amend the By-Laws Rules and regulations relative to sewage disposal by striking out from Section 11 the figure "\$5.00" and insert in place thereof the figure of "\$10.00".

Article 62. To see if the Town will vote to establish a By-Law for the appointment of an inspector of gas piping and gas appliances in buildings, in compliance with the Acts of 1960, Chapter 737 amending Chapter 143 of the General Laws, and said inspector to be appointed by the Board of Health, or take any action in relation thereto. (Board of Health)

Voted: That the Town vote to establish a By-Law for the appointment of an inspector of gas piping and gas appliances in buildings, in compliance with the Acts of 1960 Chapter 737, amending Chapter 143 of the General Laws, and said inspector to be appointed by the Board of Health.

It was moved and seconded to adjourn to Monday at 8 P.M.

The meeting adjourned at 11 P.M.

## **Adjourned Town Meeting, March 22nd, 1965**

Moderator Curran called the meeting to order at 8 P.M. and stated there was a quorum present.

The following Resolutions were presented.

### **Resolution**

WHEREAS this meeting has learned, with deep regret, of the untimely death of William Lyons and,

WHEREAS William Lyons was a member of the Library Building Committee and in that capacity gave of his time and energies unstintingly and selflessly and,

WHEREAS his wisdom and sage counsel was of inestimable value to the committee, and his love for the community was manifested in his unique historical knowledge of the Town of Milford and,

WHEREAS his devotion to the task of finding a solution to the problem of better library facilities served as a source of inspiration to the members of the Library Building Committee, and his untiring efforts will be sorely missed,

BE IT RESOLVED that this meeting shall observe a moment of silence in the memory of William Lyons.

BE IT FURTHER RESOLVED that a copy of these resolutions be forwarded to his family.

BE IT FURTHER RESOLVED that a copy of these resolutions be recorded in the official minutes of this meeting.

Article 63. To see if the Town will vote to adopt a Building Code By-Law, as recommended by the Planning Board; which By-Law for the Town, on file at the offices of the Board of Selectmen, Town Clerk and Planning Board is appended to this warrant and is to be part of this article; or take any action thereto. (Planning Board).

It was moved and seconded that the Town vote to adopt a Building Code By-Law, as recommended by the Planning Board; which By-Law is on file at the offices of the Board of Selectmen, the Town Clerk and Planning Board; is appended to this warrant.

It was voted that the Building Code as amended be adopted.

Voice vote unanimous.

## CHAPTER 1

### ADMINISTRATION

#### **Section 1: Building Inspector**

There shall be an Inspector of Buildings, here-in-after called the Inspector. No person shall be eligible to hold such office unless he shall have had at least five years' experience as a practical builder, architect or structural engineer and is physically capable of performing his duties hereunder, including the personal examination of buildings under construction. He may engage directly or indirectly in the Building Construction Business or in sale of Building Material, provided he notifies the Selectmen and shall not act as Inspector on any building in which he has an interest in or contract for labor and/or material. He shall be appointed annually by the Selectmen, between March 15 and March 25, for a one year term commencing on the first day of April following, and shall not be removed from office during such term except for cause by the vote of the majority of the Selectmen. The first appointment by the Selectmen to be made after the By-Law has been approved by the Attorney General. Upon the removal or resignation of the Inspector, the Selectmen will appoint a replacement in the manner specified above to serve the remainder of the unexpired term. The Board of Selectmen shall also appoint a Deputy Inspector of Buildings who shall hold office for a term of one year or until such time as another is appointed in his place. The Deputy Inspector of Buildings shall have qualifications similar to the Inspector with at least five years' experience. He shall have the same powers and duties to act in case of the absence, sickness or other disability of the Inspector.

#### **Section 2: Duties of the Inspector**

(a) The Inspector shall issue all permits provided for in this code. He shall maintain an office which shall be kept open during usual business hours. He shall keep a record of the business of his office, shall ascertain all facts and make all returns which shall be required of him by law. He shall report to the Division of Inspection, Department of Public Safety of the Commonwealth, any violation of the laws of the Commonwealth, any violation of the laws of the Commonwealth in relation to the construction of buildings that may come to his notice. He shall make an annual report of the doings of his department, to be published in the annual Town Report. Issuance of a permit under this code and acceptance thereof by a qualified applicant shall constitute a license to the Inspector or his substitute to enter, at reasonable hours, any building, structure, or premises in the Town for the purpose of performing any duty herein imposed upon the Inspector, or to determine whether or not the provisions of this code are being observed. Refusal to permit such entry shall be grounds for revocation of the permit.

Where no permit has been issued, and the Inspector has reasonable cause to believe that violations of this code exist, the Inspector shall have and exercise only such right of entry as the law permits for emergency protection of public health, safety, or welfare. If no such emergency

exists, he shall only enter with permission of the occupant or by Court order.

In carrying out the duties of his office under this code, the Inspector, or his substitute shall at all times carry with them suitable means of identification, by badge or otherwise, and they shall produce and display them on request.

(b) The Inspector shall from time to time inspect all buildings and structures within his jurisdiction, subject however, to the provisions and exceptions of Chapter 143 of the General Laws, Section 33, as amended, and subject to the rules and regulations of the Department of Public Safety as the same are authorized by Chapter 143 of the General Laws, Section 54, as amended; he shall comply with and enforce the provisions of Chapter 143 of the General Laws, Sections 28 and 62, as amended, subject to the exceptions herein referred to, which exceptions refer to the safety of persons in certain buildings which jurisdiction lies solely with the Department of Public Safety.

(c) Permits required by this code shall be issued by the Inspector as the same relate to materials, construction, alteration and repairs, of all buildings within his jurisdiction including those wherein the Department of Public Safety is required to establish rules and regulations relative to the safety of persons in such buildings.

(d) This code shall apply to all municipal buildings except schoolhouses and such others as from time to time by amendment to Chapter 143 General Laws may be set forth as exemptions, if any.

(e) No permit for the construction, alteration, or repair of public buildings as the same are defined in Chapter 143 of the General Laws, Section 1, as amended, nor for any other structure as may be under the jurisdiction of the Department of Public Safety as set forth in said Chapter, Section 33, as amended, shall be issued until the Supervisor of Plans, of the Department of Public Safety has first approved said plans as required by the provisions of Section 15 of said Chapter 143 General Laws, as amended, and as required by the provisions of Chapter 121 of the General Laws, Section 26s, as amended.

### **Section 3: Scope**

(a) The provisions of this code shall apply only to buildings or structures hereafter erected, altered or repaired, except where existing structures are specifically mentioned, but do not apply to building or structures owned by the United States or to buildings belonging to the Commonwealth of Massachusetts, or to the County, or to bridges, or to any building having not more than seven feet in any dimension, or to bomb shelters or fallout shelters.

(b) The provisions of this code shall be subject to the laws of the Commonwealth of Massachusetts from time to time in force and applicable and to the lawful rules, regulations and orders of any duly constituted public authority thereof. In any provision hereof shall be held to violate any such law, rule, regulation or order, such provision shall be

deemed to be invalid but the remainder hereof shall continue to be in full force and effect.

(c) The Inspector may permit, on the basis of duly authenticated reports from recognized sources, the use of new materials or modes of construction, not provided for on this code, and may, for the purpose of carrying out the intent of this code, adopt, accepted standards of material or workmanship of federal or state bureaus, national technical organizations or fire underwriters.

(d) If the meaning of any word, phase or term in this By-Law is in doubt or dispute, the same shall be construed as defined in the Statutes of the Commonwealth and the rules, regulations and orders of any duly constituted public authority thereof. If any provisions hereof shall be held to violate any such law, rule, regulation or order, such provision shall be deemed to be invalid but the remainder hereof shall continue to be in full force and effect.

(e) Unless otherwise expressly provided, nothing herein shall be deemed to nullify or limit any provisions of any other By-Law of the Town of Milford, nor the authority or power of any other department or official thereof.

#### **Section 4: Application for Permit.**

(a) Whoever desires in the Town of Milford to construct, alter, repair, tear down or move a building or other structure, or to install pipes, electric wires, or equipment for plumbing, central heating, ventilating or cooling systems, lighting, power and gas supply, except emergency or minor repairs, ordinary maintenance or alterations not affecting the stability of the structure or affecting other matters covered by this code shall first apply for and obtain a permit. Whoever makes emergency repairs shall thereafter promptly apply for a permit. No building or other structure constructed, altered, repaired or moved, or pipes, electric wires or other equipment installed without such permit or in violation of any provision of this code shall be maintained and the Inspector may order the removal thereof. The Inspector may enforce the provisions hereof by appropriate proceedings.

(b) Every application for a permit shall be in writing on a form furnished by the Inspector. It shall describe the work to be done and the purpose for which the building is to be used and shall give the name and address of the owner. It shall be signed by the owner or his agent and, if required by the Inspector, shall be verified on oath. Upon filing an application, every applicant, except applicants for permits for buildings or structures erected or altered for the Town of Milford, shall pay a fee in accordance with the schedule of fees on file with the Building Inspector, plus the expenses of mailing and publication incidental to such application.

(c) Plans (and specifications, when required by the Inspector) for the construction of a building shall be filed in duplicate with the application for permit. Plans shall consist of basement plan, floor plans, elevations and framing details. A survey of the lot upon which the building is

to stand shall also be filed showing the house or building and/or addition to such structure on the lot. The front, side and rear set-back dimensions from the existing or proposed structure and the addition to such structure shall also be shown. This survey must be certified by a Registered Engineer. A copy of such plans (and specifications), when approved by the Inspector, shall be kept at the building during the progress of the work and be open to the Inspector.

The Inspector may require such filing of plans (and specifications) in connection with the alteration or repair of a building or with the installation of plumbing or wiring.

(d) The prints of plans of every building erected or altered by the Town of Milford, shall be preserved by the Inspector so long as the building shall exist.

(e) The Inspector may require that an applicant for a permit to build, alter or move a building shall ascertain the nature of the ground on which the building will rest, by means of borings or otherwise, and furnished the Inspector with a record thereof.

(f) All work subject to permits under this code shall be performed in accordance with such plans and specifications as approved by the Inspector.

(g) The fees for permits shall be paid by the applicant to the Town of Milford and shall be as follows: If the cost of the work is:

1. \$5,000 or less the fee shall be \$5.00
2. \$5,000 to \$10,000 the fee shall be \$10.00
3. \$10,000 to \$15,000 the fee shall be \$15.00
4. \$15,000 to \$20,000 the fee shall be \$20.00

And for each additional \$5,000 or fraction thereof, the fee is \$5.00 additional.

The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision thereof.

All By-Laws or parts of By-Laws heretofore adopted which are inconsistent with such of the provisions of this By-Law are hereby repealed.

## **Section 5: Permits**

(a) Upon application, as herein provided, describing work which conforms with this code and which does not violate the zoning by-laws or any other law, the Inspector shall within fourteen (14) days issue the permit applied for.

(b) Any requirements necessary for the strength or stability of a proposed structure or for the safety of the occupants thereof, not specifically covered by this code shall be determined by the Inspector, subject to appeal.

(c) Permits issued by the Inspector shall be on printed forms furnished by him, and shall be kept posted in a conspicuous place during the progress of the work.

(d) If the Inspector finds that the terms of a permit are being violated, he may order the whole or any part of the work being done under

the permit to be stopped, and such work shall not be resumed until the terms of the permit are complied with.

(e) Work under a permit shall be commenced within three months after the issuance thereof, and shall not be discontinued thereafter for more than three months until such work is completed, but the Inspector may, in his discretion, authorize an extension of either period before expiration. A permit shall become void if work under it is not commenced and continued as required by this section.

(f) A survey record shall be filed with the Inspector before any permanent construction or any alterations or repairs changing the outside dimensions of an existing structure are commenced.

(g) No error by the Inspector shall excuse any violation of this code.

#### **Section 6: Inspection of Buildings.**

(a) The Inspector shall carry out the provisions of Section 2, subsections b, c, d, and e, of this Chapter.

(b) The Inspector shall examine all buildings for which an application for a permit to alter, repair, move or remove has been received, and shall make a record of every such examination. The Inspector shall examine as often as practicable every building in which work is being done under a permit issued by him. Inspection shall not be less than the following:

1. Inspection of the excavation.
2. Inspection of the foundation before back-filling.
3. Inspection of the frame before insulation, lath, or other covering.
4. Final inspection before occupancy.

A record of all violators of this code and other relevant matters shall be made and kept by the Inspector.

(c) The Inspector may require the applicant for a permit involving the structural use of concrete to have a qualified inspector on the work at all times while concrete is being mixed or deposited and such special inspector shall make daily reports to the Inspector on the progress and quality of the work.

(d) The Inspector may require the applicant for a permit involving the use of piles to have a special Inspector on the work at all times while piles are being driven, who shall keep an accurate record of the length of each pile, the weight and fall of the hammer and the penetration of each pile under each of the last two blows of the hammer.

(e) The Inspector may require the applicant for a permit to submit an affidavit from a registered structural engineer accompanying plans filed stating that the structural portion of such plans provide adequate performance for which their use is intended.

(f) Every structure in process of construction, alteration or removal and every nearby structure or portion thereof affected by such process or by an excavation, shall be sufficiently supported during such process. The Inspector may take such measures as public safety requires in his opinion to carry these provisions into effect.

(g) No pipes either for heating, gas or plumbing, and no electric work shall be concealed until inspected and approved.

(h) The Inspector shall examine any building reported to be dangerous or damaged. He shall make a record of such examination stating the nature of the danger or damage.

(i) The Inspector may prescribe the maximum loads which may be imposed upon the floors of any building.

(j) When it is intended to occupy a building for any purpose other than its present use or that declared in the original application for a building permit, a new inspection and permit shall be applied for and no change of use shall be made until such permit is issued.

#### **Section 7: Violation.**

Whoever violates any provision of this code shall be punished by a fine of not exceeding twenty dollars for each offense to be paid into the treasury of the Town of Milford.

If any owner, agent or occupant fails to obey any lawful order of the Inspector of Buildings with respect to any violation or use contrary to the provisions of this code, the Inspector may make complaint to the Superior Court or to any Court of competent jurisdiction for an injunction or order restraining the further use of the premises and may take such other action as he may deem necessary to enforce the provisions of this code.

#### **Section 8: Board of Appeal.**

(a) There shall be a Board of Appeal consisting of three members, citizens of Milford, one of whom shall be a practical builder, one an architect or engineer, and one a lawyer. Initially one member shall be appointed for one year; one member for two years; one member for three years. Thereafter the Board of Selectmen shall annually in April appoint one member of the board to serve for the term of 3 years commencing with the 1st day of May following to succeed the member whose term will then expire. Vacancies shall be filled for the unexpired terms in the same manner as in the case of the original appointment. The Board of Appeal shall elect annually a chairman from its own number.

(b) There shall be three associate members of the Board of Appeal, citizens of Milford, one of whom shall be a practical builder, one an architect or engineer and one a lawyer. Initially one member shall be appointed for one year one member for two years; one member for three years. The Board of Selectmen shall annually in April appoint one associate member of the Board of Appeal for the term of three years beginning with the first day of May following to succeed the member whose term will then expire. The Chairman of the Board of Appeal may designate any such associate member to sit as a member of the Board of Appeal in case of the absence, inability to act or interest on the part of a member thereof, or in the event of a vacancy on said Board, may designate any such associate member to sit as a member on the Board until said vacancy is filled in a manner provided by this section.

(c) The Board of Appeal by vote may vary the provisions of this code in specific cases which do not appear to the Board to have been con-

templated by such provisions or in cases where it appears to the Board that manifest injustice may be done but in any such action the Board shall give due regard to the general intent and purpose of this code. In or direct the issue of a permit it may impose limitations both of time and exercising said powers, the Board may reverse or affirm in whole or in part or may modify any order or decision of the Inspector and may issue of user and a continuation of the use may be conditioned upon compliance with regulations to be made and amended from time to time thereafter.

(d) At the close of each year the Board of Appeal shall report to the Selectmen all matters which have come before it during such year and the disposition made thereof.

(e) The Board of Appeal established hereunder shall act as the Board of Appeal authorized under the General Laws.

### **Section 9: Appeals**

Any applicant for a permit whose application has been refused or any person aggrieved by the issuance of a permit or by any order of the Inspector may appeal therefrom within ten (10) days after such refusal, issue or order. Such appeal shall be in writing and a certified copy thereof shall thereupon be transmitted by the Inspector to the Board of Appeal. The Board of Appeal shall fix a reasonable time for the hearing of such appeal and give public notice thereof in a newspaper of general circulation in the Town and also send notice by mail, postage prepaid, to the appellant and to the owners of all property within two hundred (200) feet from the site to which the appeal is related as shown on the most recent local tax list. After hearing the Board shall decide the matter with reasonable diligence and its decision shall be filed with the Town Clerk and copies, duly certified, sent to the appellant and posted in the office of the Inspector for 10 days thereafter.

### **Section 10: Appeal from Interpretation**

In case of doubt as to the meaning, intent or application of this code or any provision hereof, the Inspector or any person aggrieved by a ruling or interpretation of the Inspector may, by petition in writing, bring the matter before the Board of Appeal for determination. The Board shall thereupon hold a hearing on such petition and determine the meaning, intent or application of this code or of such provision. The unanimous vote of the Board shall be required to overrule the Inspector.

## **CHAPTER II**

### **DEFINITIONS**

Unless otherwise expressly stated, the following terms shall, for the purpose of this code, have the meanings indicated in this section.

**ALTERATION:** Change in or addition to a building which reduces the means of exit or fire resistance or changes its structural support, use or occupancy.

**APARTMENT:** A room or suite of rooms with kitchen facilities occupied by one or more persons for living purposes.

**APARTMENT HOTEL:** A building containing three or more rooms or suites for living purposes, without kitchens which have public dining-rooms, primarily for persons living there.

**APARTMENT HOUSE:** A building containing three or more apartments, or an independent family above the second floor.

**APPROVED:** As applied to a material device or mode of construction, means approved by the Building Inspector in accordance with the provisions of this Code.

**AREA: Building:** The maximum horizontal projected area of the building at grade including covered porches but excluding terraces, steps, and cornices.

**ASSEMBLY HALL:** A room in any building other than a dwelling house used for public or private assembly requiring a license as a hall from the Department of Public Safety of the Commonwealth or from the local Inspector.

**ATTIC:** The unfinished space above the ceiling of the top story of a pitched roof building, where the maximum height exceeds six feet. An attic shall not be counted as a story provided said space is not designed for occupancy by persons.

**BASEMENT:** That portion of a building which is partly below and partly above grade, the ceiling of which is more than four feet above grade.

**BUILDING:** Any structure built for the support, shelter, or enclosure of persons, animals, chattels, or property of any kind.

**BUILDING, Existing:** A building erected prior to the adoption of this code, or one for which a legal building permit has been issued.

**BUILDING, Height:** The vertical distance of the highest point of the roof above the mean grade of the ground adjoining the building.

**BUILDING INSPECTOR:** The office charged with the administration and enforcement of this code, or his authorized agents.

**BUILDING, New:** A building erected after the effective date of this code and subject to the provisions thereof.

**CELLAR:** That portion of a building which is wholly or partly below grade, the ceiling of which is less than four feet above grade.

**DEAD LOAD:** The weight of the walls, permanent partitions, framing floors, roofs and all other permanent, stationary construction forming a part of the building.

**DORMITORY:** A building, any portion of which is occupied as sleeping quarters for more than ten persons in connection with a hospital, school, college or other similar institution.

**DWELLING:** A building in which not more than two families dwell independently with no independent occupancy above the second floor, and in which no part is used for business purposes.

**FLAT ROOF:** A roof that pitches not more than four inches to the foot.

**FOOTING:** The spreading course of a masonry foundation resting directly on the ground.

**FOUNDATION:** That portion of an exterior or party wall below the finished first floor level.

**GARAGE:** A building, shed or enclosure, or part thereof in which one or more motor vehicles containing volatile flammable fluids in their fuel tanks are stored, housed, or kept.

(a) **Private Garage:** A garage in which no business or industry connected directly or indirectly with motor vehicles is carried on.

(b) **Public Garage:** Any garage not included within the term "private garage."

**GRADE:** With reference to a building, means, when the curb level has been established, the mean elevation of the curb level opposite those walls that are located on, or parallel with and within 15 feet of street lines; or, when the curb level has not been established, or all the walls of the building are more than 15 feet from street lines; "grade" means the mean elevation of the ground adjoining the building on all sides.

**HEIGHT OF BUILDING:** The vertical distance from the grade to the highest point of the roof beams, not including:

(a) Cornices which do not extend more than five feet above the highest point of the roof beams.

(b) Enclosures for machinery or elevators which do not exceed fifteen feet in height.

(c) Enclosures for tanks which do not exceed twenty feet in height above roof beams and which do not exceed in united area ten per cent of the area of the roof.

**HOTEL:** Every building or portion thereof used for supplying food or shelter to guest, and containing ten or more sleeping rooms above the first story for the use of guest, each room intended for the occupancy of not more than two adults.

**LINTEL:** A beam or girder over an opening in a wall which supports the construction above.

**LIVE LOAD:** All loads other than dead loads.

**LODGING HOUSE:** A building wherein lodgings are let to five or more persons not within the second degree of kindred to the proprietor but not including dormitories of religious, charitable, educational or similar institutions.

**LOT LINE:** Is the division line between adjoining properties or a division line between individual lots established by a plan filed in the registry of deeds.

**MASONRY:** A construction of assembled units of stones, brick, concrete, hollow clay tile, or other similar incombustible materials or a combination of these materials separated from one another and held in place by mortar.

**NONCOMBUSTIBLE:** As applied to a building construction material means a material which, in the form in which it is used, falls in one of the following groups (a) through (c). It does not apply to surface finish materials nor to the determination of whether a material is noncombustible from the standpoint of clearances to heating appliances, flues, or

other sources of high temperature. No material shall be classed as non-combustible which is subject to increase in combustibility or flame spread rating beyond the limits herein established, through the effects of age, moisture or other atmospheric condition. Flame spread rating as used herein refers to rating obtained according to the Standard Test Method for Fire Hazard Classification of Building Materials of Underwriters' Laboratories, Inc. A. STM E84.

(a) Materials no part of which will ignite and burn when subject to fire. Any material which liberates flammable gas when heated to a temperature of 1,380 F., for five minutes shall not be considered noncombustible within the meaning of this paragraph.

(b) Materials having a structural base of noncombustible material, as defined in (a), with a surfacing not over 1/8-inch thick which has a flame spread rating not higher than 50.

(c) Materials, other than as described in (a) or (b), having a surface flame spread rating not higher than 25 without evidence of continued progressive combustion and of such composition that surfaces that would be exposed by cutting through the material in any way would not have a flame spread rating higher than 25 without evidence of continued progressive combustion.

**NONCOMBUSTIBLE CONSTRUCTION:** Includes protected non-combustible construction and unprotected noncombustible construction.

**OCCUPANCY:** The purpose for which a building is used or intended to be used.

**OFFICE BUILDING:** A building used for professional or clerical purpose, and not used for the manufacturing, storage or sale of goods except by sample; the first story of which however may be used for commercial purposes.

**RAZE:** The removal of a building or structure by demolition.

**REPAIR OR REPAIRS:** The major reconstruction or renewal of a building damaged by fire or other cause.

**SCHOOLHOUSE:** Any building or portion thereof in which a regular course of public or private instruction is afforded to not less than 10 pupils at one time.

**STREET LINE:** The line dividing a lot from a street.

**STREET, PRIVATE:** Unaccepted street of record.

**STREET, PUBLIC:** An accepted street of record.

**SPAN OR BEAM:** The distance from center to center of its supports.

**STORY:** The portion of a building between the top of the floor beams and the top of the floor, ceiling or roof beams next above. The first story shall be that which one entered at the principal point of entrance to the building. The upper stories shall be those stories above the first and shall be numbered in regular succession, counting upwards.

**STRUCTURE:** A combination of materials, other than a building. The term "structure" shall be construed where the context allows, as though followed by the words "or part thereof." Any question as to the applica-

tion of the word structure within this code shall be as interpreted by the Inspector, subject to appeal.

**WALLS, Bearing Wall:** A wall which supports any load other than its own weight.

**CURTAIN WALL:** Any non-bearing enclosing wall, one or more stories in height, which is not subject to any load other than its own weight.

**EXTERIOR WALL:** The enclosing wall of a building other than a party wall.

**FIRE WALL:** A wall of brick concrete or reinforced concrete which by starting at the foundation and extending continuously through all stories and above the roof subdividing or separating a building to prevent the spread of fire.

**NON-BEARING WALL:** A wall which supports no load other than its own weight.

**PANEL WALL:** A non-bearing wall in skeleton construction built between columns or piers and wholly supported at each story.

**PARAPET WALL:** A wall or any part thereof entirely above the roof line.

**PARTY WALL:** A wall used or adapted for joint services between two or more buildings.

**RETAINING WALL:** A wall used to resist lateral displacement of any material.

**VENEERED WALL:** A wall having a facing which is not attached and bonded to the backing so as to form an integral part of the wall for purposes of load bearing and stability.

**MINOR REPAIR:** Maintenance work, painting, papering or any repairs which do not increase any existing non-conformity or any fire or other risk, and which does not include the cutting away of beams or supports, or the removal, change, or closing of any stairways or required means of exit, or the construction of soil or waste pipe, or any change in wiring or gas-fitting, or the removal or change of permanent doors or windows, or any structural fire resistive or sanitary change.

### **CHAPTER III**

#### **MULTI-FAMILY RESIDENCES, APARTMENT HOUSES, OFFICE BUILDINGS, MANUFACTURING BUILDINGS, STORES, RESTAURANTS, AND OTHERS SIMILAR**

##### **Section 1:**

Every floor above the second shall have at least two exits (not including elevators leading directly or indirectly to the street, placed as far apart as practicable.

(a) In apartment building the exits shall be so arranged that to reach one exit it will not be necessary to pass through the public corridor, hallway or common stair.

(b) In multi-family residences each independent family unit accommodated above the first story shall be construed as under the provisions of this Chapter.

(c) Stores and restaurants shall have two remote exits from all floors.

**Section 2:**

This Chapter shall be applied to existing buildings where practicable upon the submission of an application for a permit to alter or repair the building.

**Section 3: Closet Prohibited Under Stairs**

In single, double and group houses, garages, stables and barns, the space beneath any stairway shall be left entirely open or be completely enclosed without door or other opening, unless stair soffit and walls are wire lathed and plastered.

**Section 4: Fire Escapes**

(a) No fixed and permanent outside fire escape shall be erected until the Inspector has approved the plan, design and material proposed, and authorized its construction by special mention in the permit for the building to which it is attached, or by separate permit; and no fire escape shall be constructed over any public street unless a permit has been issued therefor.

(b) An outside metal or reinforced concrete fire escape, approved as to construction and access, shall be considered equivalent to one of the required exits for all buildings not more than 3 stories high, except for stores, restaurants and manufacturing buildings. All doors opening upon fire escape balconies within 6 feet of the stairway shall be self-closing, approved fire doors. All windows opening upon fire escape balconies within 6 feet of the stairways shall be self-closing, and of wire glass set in metal frames and sash.

(c) For specifications for fire escapes refer to the Regulations of the Department of Public Safety.

**Section 5:**

When a building has eight or more rooms above the second story or in a building in which ten or more persons can be accommodated above the second story, the Inspector shall enforce the provisions of the Regulations Department of Public Safety.

**CHAPTER IV  
EXCAVATION**

**Section 1:**

(a) No excavation shall be made or maintained in such a manner as to endanger the public safety or the safety of adjacent property.

(b) Excavation for all foundations shall extend to solid ground and to a minimum of three feet below grade. If upon excavation, other than solid ground is encountered, footings shall be required.

(c) All buildings shall have a masonry foundation.

(d) The ground level in unexcavated portions shall be at least three feet from the bottom of the floor joists.

(e) All backfilling adjacent to the foundation shall be well compacted, and finished grade sloped so as to drain water away from the

foundation. Before backfilling, all debris such as stumps, roots, vegetation, and wood scraps shall be removed.

**CHAPTER V**  
**FOOTINGS**

**Section 1:**

All buildings and structures shall have foundation walls, piers, piles, continuous slabs or other approved foundations which shall be designed to resist frost action or shall be founded on bed rock. All footings shall be designed to distribute the load as nearly uniformly as practicable.

**Section 2: Presumptive Surface Bearing Values of Foundation Materials**

(a) Satisfactory bearing materials for foundations and footings shall include ledge rock on its natural bed; natural deposits of coarse or medium sand, gravel or dry clay, or a combination of such materials provided they do not overlie an appreciable amount of peat, organic silt, moist or wet clay or other objectionable materials.

(b) Unless otherwise approved by the building official, the maximum allowable pressures under spread footings at or near the surface shall not exceed the values specified in the Table below. When the safe sustaining power of the soil is in doubt, or superior bearing values than herein specified are claimed, the building official may direct borings or tests to be made and shall determine the safe value to be allowed. Field loading test shall be made when required by the building official. Field pile foundations shall be designed to transmit building loads to lower strata of foundation materials.

**Presumptive Surface Bearing Values Table**

	<b>Tons Sq. Ft.</b>
Hard Sound Rock .....	60
Medium Hard Rock .....	40
Soft or Broken Bed Rock .....	8
Compacted Gravel and Sand and Gravel .....	6
Compacted Coarse Sand and Hard Dry Clay .....	4
Loose Coarse Sand (Confined) .....	3
Loose Medium Sand (Confined) .....	2
Firm or Stiff Clay .....	1.5
Soft Broken Shale or Soft Clay .....	1

**Section 3: Weights of Building Materials**

(a) For the purpose of estimating deadloads, in the absence of more definite information, the weights of building materials shall be assumed to be as follows:

	Lbs. per Cu. Ft.
Brickwork .....	120
Concrete, stone .....	144
Concrete, light weight aggregate .....	108
Concrete, solid block, stone aggregate .....	144
Concrete, solid block, light weight aggregate .....	75
Concrete, hollow block, stone aggregate .....	85
Concrete, hollow block, light weight aggregate .....	65
Plaster, or mortar .....	96
Granite, bluestone .....	153
Limestone .....	138
Marble .....	156
Sandstone .....	144
Oak .....	45
Southern yellow pine .....	39
Cypress, larch, short leaf yellow pine and tamarack .....	32
Douglas fir, Port Oxford cedar, hemlock, redwood, spruce, and white pine .....	34
Western cedar .....	24
Water .....	62.5
Steel .....	490

#### Section 4: Live-Loads

##### (a) General.

1. Every building and structure shall be designed and constructed of sufficient strength in all its parts to sustain safely all live-loads depending thereon, whether permanent or temporary, in addition to the dead-loads.

2. Every temporary support placed in or under a building or structure shall be of sufficient strength to carry safely the load to be supported thereby.

(b) Floor loads. No floor hereafter constructed in a building shall be designed for less than the following live-loads per square foot of area uniformly distributed, according as the floor may be intended to be used for the purpose indicated:

40 pounds per square foot for private dwellings, multiple dwellings, bedroom floors in hotels and club houses, private and ward floors in hospitals, dormitories and for similar occupancies, including corridors;

50 pounds per square foot for office floors, including corridors;

60 pounds per square foot for churches with fixed seats, theaters and assembly halls with fixed seats, including the passageways between seats;

100 pounds per square foot for corridors, except as otherwise mentioned, for halls, lobbies, public spaces in hotels and public buildings, assembly halls, garage other than truck garages, for the ground floor of all hotels, stores, restaurants, shops and office buildings, for skating rinks, grandstands, gymnasiums, dance halls, lodgerooms, stairways, fire escapes, and exit passageways and other spaces where groups of people are likely to assemble;

120 pounds per square foot for light storage and library stack rooms;

150 pounds per square foot for theater stages;

175 pounds per square foot for truck garages with attention to high concentration of loads or maximum wheel loads, whichever is greater.

(c) Partition loads. Provisions shall be made for a uniformly distributed load of twenty pounds per square foot to be added to the dead loads of floors in office and public buildings where partitions, other than light wood or metal partitions, are not definitely located in the design, and in other structures, subject to shifting of partitions without reference to arrangement of floor beams and girders.

(d) Concentrated floor loads. Every floor hereafter erected in a business building or storage building shall be designed to sustain safely a concentrated load of two thousand pounds placed upon any space two and one-half feet square wherever such load upon an otherwise unloading floor would produce stresses greater than the uniformly distributed load for which the floor is designed.

(e) Stairways and passageways. No safe or other concentrated load shall be placed on a stair landing or in a stair hall, nor shall its weight be carried by a beam which also carries the floor of such landing or stair hall.

(f) Roof loads.

1. Every roof hereafter erected, having a rise of four inches or less per foot of horizontal projection shall be designed to carry safely a vertical live-load of not less than thirty pounds per square foot of horizontal projection.

2. Every roof hereafter erected, having a rise of more than four inches and not more than twelve inches per foot of horizontal projection shall be designed to carry safely a vertical live-load of not less than twenty pounds per square foot of horizontal projection.

3. Every roof hereafter constructed, having a rise of more than twelve inches per foot of horizontal projection, shall be designed to carry safely a wind force acting normal to the roof surface, on one slope at a time, twenty pounds per square foot of such surface, and no vertical live-load need be assumed.

4. When a roof, in addition to serving as a closure of a building or structure, is to be used as a floor, it shall be designed to carry safely the live-load to be imposed but not less than the minimum live-load prescribed in this section for floors.

(g) Reduction in live-loads. Except in buildings used for storage purposes, in designing a column, girder, truss, wall, pier or foundation carrying more than one floor, the live-loads of the floors dependent for support on such column, girder truss, wall, pier or foundation may be reduced, but shall not be taken as less than the following percentages of the live-load for which such floors were designed, to wit: one hundred per cent for the topmost floor, ninety per cent for the floor next below the top floor, eighty per cent for the floor next below that, and at correspondingly decreasing percentages for lower floors, but in no case at less than fifty per cent for any floor. No reduction shall be applied to the roof live-load.

### **Section 5: Wind Pressure**

(a) When considered. All buildings and structures, including tanks, towers and signs, shall be designed to resist a horizontal wind pressure on all surfaces exposed to the wind, allowing for wind in any direction, of not less than fifteen pounds per square foot for those portions less than forty feet above ground, and of not less than thirty pounds per square foot for those portions more than forty feet above ground. In calculating the wind pressure on circular tanks, towers, and stacks, wind pressure shall be assumed acting on  $\frac{2}{3}$  of the projected area.

(b) Stability. The overturning moment due to wind pressure shall not exceed seventy-five per cent of the dead-load resisting moment, unless the building or structure is securely anchored to the foundation to resist this force.

(c) Allowable stresses in this section.

1. For combined stresses due to wind and other loads, the working stresses prescribed in this section may be increased thirty-three and one-third per cent; provided the section thus found is not less than required by the dead-load and live-load alone.

2. For members carrying wind stresses only, the permissible working stresses may be increased thirty-three and one-third per cent for steel and fifty per cent for reinforced concrete or wood.

### **Section 6: One Story Buildings**

Mud, organic silt or unprepared fill shall be assumed to have no bearing capacity unless approved by test except where deemed adequate by the building official for the support of light frame structures or buildings and where permitted under the provision of this code.

### **Section 7: Floating Mat**

(a) Footings, for other than small frame structures not exceeding one (1) story in height and twelve hundred fifty (1250) square feet in area, shall be located on permanently undisturbed soil; except that a continuous foundation mat of reinforced concrete or other approved construction may be used when floated directly on the ground provided with a layer of broken stone not less than six (6) inches thick, or other adequate means of sub-soil drainage. When required, such mats shall be installed with a ratproof apron as specified by the Inspector. The rein-

forcement shall be in addition to any piping installation for radiant heat purposes of approved concrete as specified in Chapter VI of this code.

(b) Timber Footings. Wood footings shall be used only when installed entirely below the permanent water line for wood frame structures, or when treated with an approved pressure preservative process, or when installed as capping of wood piles over submerged or marsh lands.

### **Section 8: Masonry Footings**

Masonry footings where required for walls, columns, or piers shall consist of plain or reinforced concrete or solid unit masonry as herein provided.

(a) Wall Footing: Concrete footings for load bearing walls shall be of adequate dimensions to distribute the load and unless otherwise permitted by local conditions shall be not less than sixteen (16) inches wide and eight (8) inches thick; except that for one (1) story and basement buildings with wood frame or brick veneered walls, footings that are not more than twelve (12) inches wide may be six (6) inches thick.

(b) Pier and Column Footings: Concrete footings for piers and columns shall have a minimum area of three (3) square feet and a minimum thickness of twelve (12) inches.

(c) Concrete Deposition: No concrete footings shall be poured through water unless deposited by approved means to insure minimum segregation of the mix and negligible turbulence of the water; and all footings shall be protected from freezing during deposition and for a period of not less than five (5) days thereafter.

(d) Chimney Footings: Concrete chimney footings shall have a minimum projection of six (6) inches beyond the chimney foundation and a minimum thickness of twelve (12) inches.

(e) Masonry Unit Footings: Masonry unit footings shall be laid in cement or approved masonry mortar; and the width shall be not less than eight (8) inches wider than the wall or pier supported and the depth shall be not less than two (2) times the projection beyond the wall or pier. The maximum offset of each course in brick unit footings shall be one and one-half (1½) inches if laid in single courses and three (3) inches if laid in double courses.

(f) Reinforced Concrete Footings: When reinforced concrete footings are required, the edge thickness of reinforced concrete footings shall be not less than five (5) inches above the reinforcement with a minimum covering under the reinforcement of three (3) inches.

## **CHAPTER VI CONCRETE AND MORTAR**

### **Section 1: Masonry**

Poured concrete mixture shall be as follows:

(a) Plain Concrete: — Not leaner than 1 part Portland cement, 2½ parts sand, 5 parts gravel, crushed stone or blast furnace slag; or 1 part Portland cement, 6 parts clean bank gravel.

(b) Reinforced concrete: — Not leaner than 1 part Portland cement, 2 parts sand, 4 parts gravel, crushed stone or blast furnace slag. The design, materials, metal reinforcement, limitation and other requirements for reinforced concrete work shall comply with the recommendations of the Building Code requirements for Reinforced Concrete (A.I.C. 318-56) of American Concrete Institute Building Code.

(c) All materials shall be clean and free from loam and other foreign matter.

(d) When concrete is not poured in one operation, the top surface of the previous pour shall be cleaned and scored and wetted before continuing the pour. All vertical joints shall be properly keyed.

(e) All masonry shall be protected against freezing for at least forty-eight hours after being placed. Unless adequate precautions against freezing are taken no masonry shall be built when the temperature is below 32 deg. F on a rising temperature, or below 40 deg. F on a falling temperature, at the point where the work is in progress. No frozen materials shall be built upon.

## **Section 2:**

Mortar mixture shall be as follows:

(a) For all masonry below grade—1 part Portland cement, 3 parts sand by volume. Lime equal to not more than 15 per cent of the cement by volume may be added. A prepared mortar, mixed and used according to manufacturer's directions may be used.

(b) For all other masonry work—1 part Portland cement, 1 part lime putty, 6 parts sand by volume; or a prepared mortar, mixed and used according to manufacturer's directions.

(c) Joints between masonry units shall not be over  $\frac{3}{4}$  inch thick. In walls built of solid masonry units, all joints shall be filled solid. When hollow masonry units are used, the units shall be laid with no through mortar joints. All joints shall be pointed solid with mortar on both sides of the wall. All outside and exposed inside joints shall be weathered or tooled unless approved otherwise by the Inspector.

## **Section 3: Floor Finish**

Topping, except for integral finish, shall be 1 part Portland cement and three parts sand.

## **Section 4:**

Material for masonry walls shall be hard-burned brick, stone, poured concrete, thoroughly cured concrete units or hard-burned load-bearing structural clay tile. The use of other than the above masonry materials shall be subject to the approval of the Inspector.

## **Section 5: Forms**

All forms for concrete shall be tight, straight, and plumb, and shall be rigidly braced to properly support the concrete until set. Forms shall not be removed until concrete has thoroughly set.

## **Section 6: Reinforcing**

The reinforcing of concrete shall be placed in correct position and

wired so that displacement will not occur when concrete is poured. Reinforcing shall be bent around all corners and lapped not less than 30 diameters. Laps shall be securely wired.

## **CHAPTER VII**

### **FOUNDATIONS**

#### **Section 1:**

Foundation wall shall be of adequate strength and thickness to resist lateral pressures from adjacent earth and to support their vertical loads; but the thickness shall be not less than the thickness of the walls supported by them.

#### **Section 2:**

If built of rubble stone, the thickness shall be not less than sixteen inches. If built of concrete blocks, the thickness shall not be less than twelve inches. The minimum thickness of poured concrete walls shall be ten inches or eight inches on a footing. Concrete blocks or poured concrete walls of garages, breezeways, porches, or other out buildings may be eight inches. If more than 4 feet above grade, the wall thickness shall be increased by 4 inches for every additional eight feet or fraction thereof in height.

#### **Section 3:**

When foundation walls are built of hollow masonry units the top course shall be of solid masonry units or solid masonry material and shall not be less than four inches in height.

#### **Section 4:**

Foundation walls supporting masonry veneered stud frames walls shall be of sufficient thickness that neither the veneer nor the stud frame projects beyond the outer or inner faces of the foundation wall.

#### **Section 5:**

Foundation walls supporting frame construction shall extend not less than eight inches above adjoining outside finish grade.

#### **Section 6:**

All masonry chimneys shall have foundations of masonry or concrete which shall extend down to the level of the foundation wall base.

#### **Section 7:**

An opening of not less than two feet by two feet shall be installed to provide for access to all crawl spaces.

#### **Section 8:**

Foundation wall vents proportioned on a basis of one square foot for each 15 linear feet of exterior wall shall be installed for ventilation of all enclosed crawl spaces and each such space shall have at least two vents to provide cross ventilation. Non-corrodible screening of not over  $\frac{1}{4}$  inch mesh shall be installed in each exterior opening.

#### **Section 9:**

Area walls and foundation walls for porches, steps, and terraces shall be adequately bonded or anchored to the main walls.

Section 10:

Adequate thickness in buildings of fire resistant materials, heavy timber, light wood and masonry, nonprotected metal interior and masonry with foundation walls retaining not more than eight feet in height of earth shall be at least as thick as the first story wall but not less than the following dimensions in inches:

Solid concrete .....	12 inches
Brick .....	16 "
Block Stone .....	16 "
Rubble .....	24 "

Each additional eight feet or fraction thereof in height of earth retained shall require the foundation wall to be four inches thicker than required above. The footing shall extend a minimum of four inches beyond each side of the wall which it supports.

CHAPTER VIII  
SOLID MASONRY RETAINING WALLS

Section 1:

Solid masonry retaining walls attached to foundation walls or necessary for support of grades around a building or structure shall conform to the dimensions and design of the following table and diagram.

Height Feet	Top Thickness Inches	Bottom Thickness Inches	Base Width Feet	Base Thickness Inches
6	12	36	5'-0"	13
8	12	48	6'-0"	16
10	12	60	7'-0"	20
12	12	72	8'-0"	24

## CHAPTER IX

### INTERIOR AND EXTERIOR MASONRY WALLS

#### Section 1:

The thickness of solid masonry walls hereafter erected shall conform to the provisions of this chapter. In business, industrial and storage building the thickness of solid masonry walls shall be in accord with the following table:

Stories	Cellar and/or Ground Story	Thickness of Wall for Masonry Units							
		1	2	3	4	5	6	7	8
1	12	8	—	—	—	—	—	—	—
2	12	12	8	—	—	—	—	—	—
3	16	12	12	8	—	—	—	—	—
4	16	16	12	12	8	—	—	—	—
5	16	16	16	12	12	8	—	—	—
6	20	16	16	16	16	12	8	—	—
7	20	20	16	16	16	16	12	8	—
8	20	20		16	16	16	16	12	8

In determining thickness of walls, story heights shall be computed at not exceeding twelve (12) feet. The unsupported height of any wall or part thereof shall not exceed twenty (20) times the thickness of such unsupported part unless reinforced by adequate cross-walls, buttresses or columns.

#### Section 2:

In dwellings, walls including party walls but not including rubble stone walls, may be eight (8) inches thick, when such walls are not more than thirty (30) feet in height above grade nor more than fifty (50) feet in length between cross walls of adequate buttresses; provided that in a gable wall of a dwelling the portion of such wall within five (5) feet of the peak need not be considered in fixing the height of such wall.

#### Section 3: One and One-Half Story Dwellings

In dwellings not more than one and one-half (1½) stories or twenty feet in height, interior masonry bearing partitions may be six (6) inches thick. The exterior masonry walls of dwellings and private garages which are not more than (9) feet in height to the eaves, nor more than fifteen (15) feet in height to the peak of the gable, may be six (6) inches thick.

#### Section 4:

When two or more units are used to make up the thickness of the wall, the inner and outer course shall be bonded by at least one header course in every six courses, or by one full-length header in every seventy-two (72) square inches of wall surface.

#### Section 5: Veneers

(a) Masonry veneer applied to masonry walls shall be tied to the wall by full-length headers or by noncorrodible metal wall ties spaced every fifth course or fifteen (15) inches vertically and not more than sixteen (16) inches on center horizontally. Proper provision shall be

made for adequate bonding and anchoring together of all intersecting concrete and masonry walls.

(b) Masonry veneer applied to wood frame walls shall have a thickness of not less than three and three-quarter ( $3\frac{3}{4}$ ) inches and a height of not more than twenty-five (25) feet; veneer shall be anchored to the wood frame with noncorrodible metal ties spaced every fifth course or fifteen (15) inches vertically and not more than sixteen (16) inches on center horizontally. Provide a one inch space between the veneer and the wood construction. In all cases the veneer shall be backed up with water proof building paper or saturated asphalt felt which shall extend down and under bottom course of veneer. Weep holes shall be provided forty-eight (48) inches on centers.

(c) Adequate lintels or property designed masonry arches will be required in the heads of all openings in masonry and masonry veneered walls.

#### **Section 6:**

The ends of girders framing into walls constructed of hollow masonry units shall bear upon solid masonry construction at least eight (8) inches in depth or upon other suitable bearing securely anchored to masonry walls. In such walls, all floor joists shall bear upon solid masonry not less than four (4) inches in depth, and shall be fire-cut and lintels over openings shall be supported upon solid masonry material equivalent in depth to at least two courses of brick.

#### **Section 7:**

All exterior masonry walls less than twelve (12) inches thick above the basement, which are to be plastered, shall be furred with two-inch thick furring tile or with one-inch wood furring strips spaced sixteen (16) inches on center.

#### **Section 8:**

Masonry window and door sills shall be flashed with copper or other approved material. Flashing shall extend under the entire sill and up four (4) inches behind sill.

#### **Section 9:**

Flash with copper or other approved material over the heads of all exterior openings in masonry walls. Flashing shall extend through the wall from the front edge of the lintel up over the top of the lintel and through the wall. Turn up one inch on the inside surface.

## **CHAPTER X**

### **CHIMNEYS**

#### **Section 1:**

All chimneys shall be built of brick or other non-combustible material laid up on the best line or cement mortar, with fire clay (or vitrified) flue liner, from thirty (30) inches below the bottom of first floor to top of chimney; brick chimneys must have outer walls of at least three and

three-fourths ( $3\frac{3}{4}$ ) inches thick, and flue lining must be in contact with masonry material on all sides.

**Section 2:**

All chimneys shall be capped to form a wash from the flue to the outside edge of the chimney, and shall, except where the masonry is exposed and are other than brick, be plastered on the outside from the bottom of the first floor joists to the underside of the roof boarding.

**Section 3:**

Smoke pipes—Horizontal smoke pipes or breechings shall be of the same size as required for vertical flues of equal capacity, and shall not have depressions or pockets at any points.

(a) Smoke pipe intakes or flues shall always enter the chimney from the side, and shall consist of fire clay or metal thimbles set in the chimney wall with mortar or the intake may be cast in concrete.

(b) When the thimble passes through a furred space, the thimble shall be of fire clay or iron of not less than sixteen (16) gage, and shall be surrounded by metal lath and plaster for a space of at least six (6) inches, or an open space of that width shall be provided on all sides.

**Section 4:**

All fireplaces shall have hearths supported on fireproof construction of masonry concrete or stone. The hearths shall project at least sixteen (16) inches measured from the chimney breast, and the width shall be not less than the width of the fireplace opening plus sixteen (16) inches. No combustible material shall be left under the hearth or within the chimney structure.

**Section 5:**

The effective area of the flue shall not be less than one-twelfth ( $1/12$ ) of the area of the fireplace opening. When an ash dump is provided, ashes shall empty into an enclosed chamber of fireproof material provided with a metal cleanout door.

**Section 6:**

All chimneys shall extend not less than two (2) feet above any ridge within ten (10) feet.

**Section 7:**

For definitions of the following flues or vents, refer to the Massachusetts Code for Installation of Gas Appliances and Gas Piping.

**Section 8:**

In lieu of masonry chimneys, preformed or factory built (Type A Vents Special Flues) may be permitted for the removal of the products of combustion from solid, liquid, and gas-fired heat equipment. Each flue, vent and smoke pipe shall be of a type approved by a national testing agency and installed in accordance with the terms of its approval. They shall be plainly and permanently labelled as tested by a national agency.

**Section 9:**

Gas vents (Type B), approved as a result of tests and listing by a nationally recognized testing laboratory for venting of gas appliances

and certain gas-fired heaters, may be used as an alternate to the foregoing provisions. They shall be installed in full compliance with the terms of their approval. Flues installed for the use of gas fuel which are not suitable for solid or liquid fuel-fired equipment shall be plainly and permanently labelled to that effect.

**Section 10:**

Type B gas vents shall be used only with approved gas appliances which produce flue gas temperatures not in excess of 550° F. They shall not be used for venting:

- (a) Incinerators
- (b) Appliances which may be converted readily to use of solid or liquid fuel — except that if the Inspector determines that it is possible to get an approved chimney installed in case such a change is made from gas to other fuel.
- (c) Boilers and furnaces, other than attic furnaces.

**Section 11:**

Likewise, Type BW gas vents shall be used only with approved recessed or wall-type gas heaters, installed in full compliance with the terms of their approval by a national testing agency.

**Section 12:**

Type C gas vents shall be used only for runs directly from the space in which the appliance is located through the roof or exterior wall to the outer air. They shall not pass through any attic or concealed space nor through any floor. For further amplification, refer to Form B-1, Regulations of the Department of Public Safety.

## **CHAPTER XI**

### **WOOD FRAME CONSTRUCTION**

**Section 1:**

Exterior walls and interior partitions of wood frame structures which are constructed of either balloon, bracedoor platform types shall consist of sills, posts, girts and ribbon strips to develop the required strength and rigidity in compliance with the requirements of this section. The frame shall be braced at all angles or adequately sheathed, and the floor, attic and roof framing of wood joists, beams and rafters shall be secured by nailing as specified in the nailing schedule; or by any other approved connecting devices of equal strength.

**Section 2: Grades and Sizes**

All lumber and timber used in load bearing members shall be sound, free from rot and large or loose knots, and damaging diagonal or spiral grain; and shall be at least equal in quality to the following commercial grades: studs, posts, planks, beams, joists and rafters No. 2 Common, standard or equivalent terminology; and girders and timbers No. 1 Common or construction. All lumber sizes herein specified are nominal sizes.

### **Section 3: Floor Joists and Rafters**

For ordinary conditions of use of live-loads, the spans of joist and beams shall be limited by Tables of this code.

### **Section 4: Bridging**

In all floor, attic, and flat roof joist framing, there shall be not less than one line of bridging for each eight (8) feet of spans, and the bridging shall be of not less than one by three (1 x 3) inch lumber, double-nailed at each end, or of equivalent metal lateral bracing of equal rigidity secured at the intersection. A line of bridging shall also be required to support where adequate lateral stiffness is not otherwise provided.

### **Section 5: Cutting and Notching**

In girders, beams, or joists, cuts and bore holes shall not be deeper than one-fifth ( $1/5$ ) the beam or girder depth or more than two (2) inches in diameter; and shall not be located nearer to the end of the span than three (3) times the beam depth nor within the center third of the span, unless reinforced to meet stress calculations. In studs of bearing walls or partitions, notches made to receive piping or duct work or for other fabrication purposes shall be cut not more than one-third ( $1/3$ ) the depth of the stud or the required studs shall be doubled or otherwise reinforced.

### **Section 6: Connections and Fastenings**

All structural members shall be connected and fastened at their junction with connectors, bolts, lag screws, spikes, nails, straps or other approved devices, or by approved gluing, in accordance with the recommended nailing schedule in this code.

### **Section 7: Plates and Ribbon or Ledger Boards**

Plates which are used in exterior walls to support joists or rafters shall be double, of the same width as the supporting studs and each not less than two (2) inches thick. In non-bearing partitions at least one (1) top and bottom plate shall be provided of the same width as the studs, and the partition shall be forestopped as required in this code. Ribbon or ledger boards which support floor or roof joists shall be not less than one by four (1 x 4) inches in size and shall be cut into the studs and nailed. Joists or rafters supported on ribbon boards shall frame in adjacent to the studs and shall be nailed thereto as required by the nailing schedule.

### **Section 8: Roof Rafters**

Roof rafters shall be vertically supported at the ridge or shall be adequately trussed or tied together with not less than one by six (1 x 6) inch collar beams spaced not more than five (5) feet on centers, and each rafter shall be fastened to the wall plate or wall studs.

### **Section 9: Multiple Joists and Rafters**

Floor joists under bearing partitions shall be doubled or formed of built-up sections or may be replaced by a solid section of adequate strength to support the load. Dormer windows and other openings in roofs shall be framed with double rafters and headers.

**Section 10: Bearing and Anchorage on Girders**

Floor beams framing into girders shall be anchored, tied or nailed to secure continuity. The ends of all beams or joists resting on girders shall bear not less than four (4) inches or shall be supported in approved metal stirrups or on wood clips or ribbon strips not less than two by three (2 x 3) inches in size. Beams or joists framing from opposite sides shall either lap not less than six (6) inches and shall be securely bolted or spiked together, or when framing end to end, all joists, beams and girders shall be secured together by approved metal ties, straps, or dogs.

**Section 11:**

Built-up beams or girders in residence buildings shall not exceed the following maximum spans:

Size in Inches	Maximum Clear Span			
	1-Story Dwellings		1½ & 2-Story Dwellings	
	Ft.	In.	Ft.	In.
4 by 6	5	0	4	0
6 by 6	6	0	5	2
4 by 8	6	4	5	6
4 by 10	8	0	7	0
6 by 8	8	0	7	0
6 by 10	9	0	8	0
8 by 8	8	6	7	6

(a) When a wooden girder rests on masonry, an air space of one-half (½) inch shall be provided on the sides and end of such girder for ventilation, and each wall bearing end of a girder shall be cut on a bevel.

(b) Joints in Girders:—The joints of solid or built-up beams or girders shall be made over column or pier supports when constructed as simple spans. When constructed of multiple joists as continuous girders, the joints shall be broken in adjoining joists; and all joints shall be located between one-sixth (1/6) and one-quarter (¼) the span length from supports and shall be securely nailed or otherwise bolted together in an approved manner.

**Section 12:**

The following table of joist sizes is suggested for floor construction in residence buildings with a live load of fifty (50) pounds per square foot, and is based on the use of spruce.

Size	Spacing	Maximum Span in Feet
2 by 8	16"	12'-0"
2 by 10	16"	14'-0"
	12"	17'-0"
2 by 12	16"	18'-0"
	12"	20'-0"

**Section 13:**

Maximum clear spans in feet of joists, beams and rafters for buildings with other live loads shall conform to the follow tables:

**MAXIMUM CLEAR SPANS IN FEET OF JOISTS,  
BEAMS AND RAFTERS**

40 LBS. FLOOR LOAD			30 LBS. ROOF LOAD

**Section 14:**

Where necessary for safe loads of struts, posts, columns, bearing walls and partitions, refer to Tables 12 and 13 of the Public Safety's Board of Standards, Basic Principles of Building Construction.

**Section 15: Posting Floor Capacities for Each Floor**

In every building heretofore or hereafter erected, repaired, altered or used, in which loads or weight concentrations in excess of one hundred (100) pounds per square foot occur, or in which machinery is installed, the owner shall cause the load each floor will safely support to be determined by a competent engineer. Such determination shall be filed with the Inspector and a copy kept posted in a conspicuous place on said floor. No occupant of said floor shall thereafter permit the load or weight concentration thereon to exceed the limits set forth in such determination.

**Section 16: Special Spacing of Beams and Joists**

(a) Wooden joists, beams and girders resting on opposite sides of a masonry wall shall be separated from one another by at least six inches of solid masonry, except as otherwise prescribed for heavy timber construction.

(b) All wooden beams and joists shall be trimmed away from flues and chimneys. Heads, beams and joists shall be not less than two inches from the outside face of a chimney or from masonry enclosing a flue. Headers supporting trimmer arches at fireplaces shall be not less than twenty inches from the face of the chimney breast. Trimmers shall not be less than six inches from the inside face of the nearest flue.

(c) Wooden joists, beams or girders entering masonry with masonry above shall be cut on a bevel (fire cut) at each wall bearing end.

(d) No woodwork shall be placed within four inches of the back face of a fireplace; nor shall combustible lathing, furring or studding be placed against a chimney; but this shall not prevent plastering directly on the masonry or on metal lath and furring.

(e) No wooden mantel or other woodwork shall be hereafter placed within eight inches of either side nor within eight inches of the top of a fireplace opening.

**Section 17: Headers and Trimmer**

All headers more than four (4) feet in length and their trimmers shall be doubled. Headers with four (4) or more tail beams or six (6) feet or more in length shall be supported on approved metal joist hangers. When nailing is permitted, the tail and header beams shall be secured in accordance with the nailing schedule of this code. All tail beams or joists which are twelve (12) feet or more in length shall be hung in approved joist or beam hangers. All trimmer beams supported on walls or partitions of frame construction shall be spiked together.

**Section 18: Walls, Partitions and Posts**

All wood posts used in basements or cellars shall have concrete bases which extend not less than three (3) inches above the finished floor and

bear directly on the post footing. When flooring of concrete or other approved impervious materials is not provided, the concrete base shall extend not less than six (6) inches above the finished floor.

(a) Carrying partitions shall be over beams or girder; double joists under partitions eight (8) feet or more in length. Wood, metal or other posts or columns shall be super-imposed throughout on each other; or they may be post on post with beam or girder between, secured as in Section 19 of this Chapter, but shall not bear on a floor or floor joists. Provide metal post caps, lintels and base plates for all posts and columns.

(b) Carrying partitions on the first floor for a three story building shall be constructed of two by six (2 x 6) studs.

**Section 19: Columns**

(a) Wooden columns in heavy timber construction shall be not less than eight (8) inches, nominal, in any dimension.

(b) Columns shall be superimposed throughout all stories on each other, on reinforced concrete or metal post caps with brackets or be connected by properly designed steel or iron caps, lintels and base plates or by timber splice blocks affixed to the columns by means of devices or connectors housed within the contact faces.

(c) Columns of materials other than wood shall have a fire resistance rating of not less than one hour.

(d) Columns shall not rest on floor timbers; nor shall they rest on masonry foundations unless stone, cast iron or steel bases are used to transmit their loads.

**Section 20: Bracing**

All corner-posts shall be equivalent of not less than three (3) two by four (2 x 4) inch studs braced by not less than one (1) one by four (1 x 4) inch diagonal braces cut into the studs or by equivalent construction, in each exterior intersecting wall. The diagonal bracing may be omitted when approved diagonal sheating or plywood is provided.

**Section 21: Framing Over Opening**

Lintels over opening in bearing walls or partitions of one and two family dwelling shall consist of double joists not less than herein specified or trussed construction bearing on jack studs, or other approved construction affording adequate strength.

Spans Less than four (4) feet .....	Two 2 x 4
Spans four (4) feet to six (6) feet .....	Two 2 x 6
Spans six (6) feet to eight (8) feet .....	Two 2 x 8
Spans eight (8) feet to ten (10) feet .....	Two 2 x 10

**Section 22:**

In case a difference of opinion arises, compliance with the requirements of the National Lumber Manufacturers Association, as set forth in its publication entitled "National Design Specifications for Stress Grade Lumber and its Fastenings," 1960 Edition, shall be deemed to be compliance with the requirements of this chapter.

## CHAPTER XII

### TYPES OF SHEATING

#### **Section 1: Wall Sheating and Roof Decking**

Exterior walls shall be sheathed with plywood, wood sheathing or with approved equivalent material to furnish rigidity.

#### **Section 2: Types of Sheathing**

Except when approved stucco construction is used with a wrapping of No. 18 gage wire attached horizontally on studs at six (6) inch intervals, the sheathing of all exterior frame walls shall consist of one of the following materials or any other approved material of equal strength and durability approved by the building official:

- 1-inch wood sheating
- 1/2-inch gypsum boards
- 1/2-inch plywood
- 1/2-inch fibre boards

#### **Section 3:**

Fibre board shall be applied in accordance with Regulation Std. 6 of the Board of Standards of the Department of Public Safety. Fibre board is not acceptable as a nailing base.

#### **Section 4: Metal Veneers**

Veneers of metal shall be fabricated from approved corrosion-resistive materials or shall be protected front and back with porcelain enamel or shall be enamelled or otherwise treated to render the metal resistant to corrosion. Such veneers shall be not less than No. 26 U.S. gage in thickness mounted on wood or metal furring trips or approved sheathing on the frame construction.

#### **Section 5: Plywood Construction**

Refer to Chapter XIII of this code.

#### **Section 6: Types of Roof Decking**

Roof deck sheathing shall consist of not less than one (1) inch boards or approved plywood of the thickness specified herein or other approved materials of equivalent strength and rigidity. If open deck sheathing is used on pitched roofs, it shall consist of not less than one by four (1 x 4) inch roofers spaced not more than six (6) inches on centers. For thickness of plywood refer to Chapter XIII of this code.

#### **Section 7: Exterior Weatherboarding and Veneers**

All exterior wall coverings shall be of approved moisture and weather-resisting materials of sufficient stiffness and properly attached to resist rain and wind. Refer to Chapter XIII of this code.

#### **Section 8: Nailing**

Wood sheathing boards shall be nailed to each stud and to the top and bottom plates and sills as provided in the nailing schedule. All weather boarding and wall and roof coverings shall be securely nailed with aluminum, copper, zinc coated or other approved corrosion-resistive nails into the supporting structure in accordance with the recommended nailing schedule or the manufacturers standards.

NAILING SCHEDULE

Buliding Element	Nail Type	Number and Distribution
Stud to sole plate	Common—toe-nail	4-8d
Stud to cap plate	Common—end-nail	2-16d
Double studs	Common—direct	16d 30" o.c.
Corner studs	Common—direct	16d 30" o.c.
Sole plate to joist or blocking	Common	20d 16" o.c.
Double cap plate	Common—direct	16d 24" o.c.
Cap plate laps	Common—direct	3-16d
Roof rafter to plate	Common—toe-nail	3-16d
Roof rafter to 2" ridge	Common—toe-nail	2-16d
Roof rafter to 1" ridge	Common—direct or toe-nail	4-8d
Floor joists laps	Direct	3-16d
Floor joists to sill or girder	Common—toe-nail	2-16d
Ledger strip	Common—direct	3-20d at each joist
Ceiling joists to plate	Common—toe-nail	2-16d
Ceiling joists to rafter	Direct	3-16d
Ceiling joists laps	Common—direct	3-16d
Collar beam	Common—direct	6-8d
Bridging to joists	Common—direct	2-6 each end
Tail beams to headers	Common—end-nail	3-20d
Header beams to trimmers	Common—end 9	3-20d
1" Subflooring (6" or less)	Common—direct	2-8d each joist
1" Subflooring (over 6")	Common—direct	3-8d each joist
2" Subflooring	Common—direct	2-20d each joist
1" Wall sheathing (8" or less in width)	Common—direct	2-8d each stud
1" Wall sheathing (over 8" in width)	Common—direct	3-8d each stud
Plywood sheathing	Common—direct	6d 5" o.c. exterior edge 6d 10" o.c. intermediate
1" Roof sheathing (8" or less in width)	Common—direct	2-8d each rafter
1" Roof sheathing (over 8" in width)	Common—direct	3-8d each rafter
Fiber board sheathing	Common—direct	8d 3" o.c. exterior edge 8d 6" o.d intermediate
Gypsum sheathing	Large head—Corrosive resistive	7-No. 11gx1¾" per bearing under shingles. 4-per bearing, all other cases
Shingles—wood	Corrosion resistive	2-No. 14B&S each bearing
Weather boarding	Corrosion resistive	2-8d each bearing

**Section 9: Flashing:**

All exterior openings shall be constructed with approved corrosion-resistive flashings at top and sides or by other approved method to be leakproof. Similar flashings shall be installed at the intersection of chimneys or other masonry construction with frame or stucco walls and as required in veneer construction. Such flashing shall be provided with projecting lips on both sides under stucco copings; under and at the ends of masonry, built-in gutters; at junction of chimneys and roofs; at wall and roof intersections; and in all roof valleys and around all roof openings.

All exterior finish shall be backed up with water-resisting building paper or saturated asphalt felt and shall be applied over all types of sheathing except asphalt-treated fibre-board. Each lap shall not be less than 4 inches with at least a 4-inch lap on the water-resisting material around openings. All exterior openings in frame walls shall have strips of water-resisting building paper or saturated asphalt felt installed behind the exterior trim.

**Section 10: Roof Coverings**

All roofing material shall be installed in accordance with manufacturers recommendations. Reroofing over existing wood shingles shall not be permitted. All roofing repairs shall comply with Section 9 "Flashing."

**Section 11: Interior Surfaces**

In all habitable spaces, interior exposed wall and partition surfaces shall consist of materials which are not more combustible than wood and which are capable of resisting five (5) pounds per square foot.

(a) The method of application and of joining dry wall finish shall be in accordance with the manufacturer's recommendations and subject to the acceptance of the Inspector.

(b) For plywood, refer to Section 6 of Chapter XIII of this code.

**CHAPTER XIII****PLYWOOD CONSTRUCTION****Section 1: Plywood Construction**

All plywood shall be identified as to veneer-grain and glue-type by the manufacturer's identification marks. Plywood for exterior use shall be of the exterior waterproof type, and for interior use shall be of the moisture-resistant interior type or the exterior type.

**Section 2:**

Wall sheathing plywood shall be a minimum of one-half ( $\frac{1}{2}$ ) inch thickness applied on studs spaced not more than sixteen (16) inches on centers.

**Section 3:**

Roof sheathing plywood shall be applied with the other plys at right angles to rafters. Outer edges of plywood along eaves and rake of roof shall be protected with paint, mouldings or sheet metal flashing. **Under wood and asphalt shingles, slate, tile and asbestos-cement,** use a minimum of one-half ( $\frac{1}{2}$ ) inch thickness applied over rafters spaced sixteen (16)

inches on centers. Using five-eighths (5/8) inch plywood the rafters may be spaced twenty (20) inches on centers. As an alternate, under wood shingle: Apply one by two (1 x 2) inch nailing strips over plywood less than one-half (1/2) inch thick, spaced according to shingle exposure.

**Section 4: Subflooring**

When plywood is used as a base for wood finish floors, linoleum, composition, rubber or ceramic tile, resilient flooring or carpeting minimum thickness and maximum joist spacing shall comply with the following table and conditions:

Minimum Thickness Subfloor	Maximum Joist Spacing (Inches O.C.)	
	Wood Strip and Block Flooring with T&G Edges	Wood Strip and Block Flooring with Square Edges and Resilient Flooring*
1/2-inch	16**	16
5/8-inch	20**	20
3/4-inch	24	24

\* Plywood subfloor with T&G edges (5/8-inches or thicker) shall be used or install solid blocking under all unsupported edges. Not required when separate underlayment over subfloor is used.

1\* May be twenty-four (24) inches O.C. if 25/32-inch wood strip flooring is installed at right angles to joists.

NOTE: If resilient flooring or carpeting is to be applied to subfloor without separate underlayment, top ply shall be at least "C repaired" grade.

**Section 5: Exterior Finish Plywood**

Each sheet shall be identified with the manufacturer's official insignia indicating that the plywood is for exterior use.

(a) Plywood one-half (1/2) inch minimum may be used on sheathed walls. If sheathing other than wood is used, install solid blocking between studding at horizontal joints.

(b) Plywood three-quarters (3/4) inch in thickness shall be used on unsheathed walls and the maximum spacing of studs shall be sixteen (16) inches on center.

(c) Protect edges prior to erection with paint.

(d) Vertical joints shall occur over studs.

(e) Horizontal joints—install solid blocking between studding for nailing.

(f) Butt joints of square-edge material, whether exposed or covered by battens, shall be filed with mastic.

(g) Corner boards shall be applied over plywood or plywood shall be butted against intersecting boards at all corners.

(h) Nailing shall be hot-dipped galvanized or aluminum, flat head. Maximum spacing, on edge, six (6) inches O.C.; at intermediate bearings twelve (12) inches O.C.

## **CHAPTER XIV**

### **ALTERNATE CONSTRUCTIONS**

#### **Section 1:**

Prefabricated assemblies, new material, methods of construction, devices and equipment shall be approved by the building official by adopting and applying the recommendations promulgated by the Board of Standards in the Massachusetts Department of Public Safety, Sections 105.1 through 105.5.

#### **Section 2:**

Laminated Beams, Girders, Arches, Trusses and Heavy Timber Construction shall be in accord with Sections 706.1 through 706.7 of the National Building Code, 1955 Edition, of the National Board of Fire Underwriters.

## **CHAPTER XV**

### **FIRE STOPPING**

#### **Section 1: General**

Fire stopping shall be designed and installed to close all concealed draft openings and to form effective barriers against the spread of fire in all open spaces in the structural frame, including among others the location herein specified, and all other openings that would permit the free travel of flame shall be effectively fire stopped. Such fire stopping shall be constructed of formed steel of not less than No. 20 U. S. gauge or other approved incombustible materials effectively secured in place; except that in open spaces of wooden-frame construction, fire-stops of two (2) inches of one (1) inch lumber with broken lap joints or of two (2) inch lumber installed with tight joints shall be permitted.

#### **Section 2: Wood Stud Walls**

All wood stud walls and partitions in balloon type shall be fire stopped for the full depth of floor and roof framing at each floor level.

#### **Section 3: Furred Spaces**

All furred spaces or frame walls and studded-off pieces of masonry walls shall be fire-stopped at maximum intervals of eight (8) feet both horizontally and vertically.

#### **Section 4: Sliding Doors**

Where sliding doors are pocketed in partitions, such pockets shall be completely fire-stopped on all sides.

#### **Section 5: Stairways**

Firestopping shall be provided between stair stringers at least once in the middle of each run and at the top and bottom and between studs of frame construction along and in line with the run of the stairs.

#### **Section 6: Pipes and Ducts**

The space around pipes, ducts or power shafting in floor or partition construction which is penetrated by such equipment shall be fire-stopped by filling with incombustible materials or by close-fitting metal collars

at ceiling and floor line and at both sides of the partition; or such openings shall be otherwise protected to prevent the passage of flame, hot gasses and smoke.

#### **Section 7: Fireplaces**

The open spaces between backs and sides of chimneys and fireplaces and combustible framing shall be fire-stopped with incombustible materials.

#### **Section 8: Inspection**

No fire-stopping shall be concealed or covered until it has been inspected and approved by the building Inspector.

### **CHAPTER XVI**

#### **STRUCTURAL STEEL**

##### **Section 1:**

All buildings and structures which involve the use of structural steel shall comply with the requirements of the American Institute of Steel Construction, as set forth in its publication entitled "Code of Standard Practice for Steel Buildings and Bridges," adopted 1924 and revised March 15, 1959.

##### **Section 2:**

Compliance with the "Metal Roof Deck Technical Institute," 1960 Edition, shall be deemed to be compliance with the requirements of this Chapter.

##### **Section 3:**

Compliance with the "Open Web Steel Joists—Standard Specifications and Load Tables," 1960 Edition published by the Steel Joist Institute, shall be deemed to be compliance with the requirements of this Chapter.

##### **Section 4:**

Application for a building permit involving this Chapter shall in addition to the usual requirements be accompanied by drawings and specifications by a registered professional engineer or a registered architect and shall bear his registration stamp. The first sheet of the architectural and of the structural drawings shall bear signed statements by them that materials and construction will conform with the requirements of these codes.

##### **Section 5:**

Incidental use of steel beams, girders, columns and hangers and reinforced concrete slabs and walls shall not be construed as coming within the provisions of this Chapter.

### **CHAPTER XVII**

#### **VENTILATORS**

##### **Section 1:**

Bathrooms and toilet rooms shall have a window area of not less than three (3) square feet, or an exhaust fan ducted to the outside, and installed to operate simultaneously with light.

**Section 2:**

All kitchen fans are to be ducted to the outside in the shortest distance practicable. Ductless hoods being an exception.

**Section 3:**

All rooms and areas containing heating apparatus shall be provided with a constant supply of fresh air at not more than twenty (20) inches above the floor near the boiler or heater to insure complete combustion of fuel. The area of this fresh air opening shall be not less than the total area of the flues. See also Chapter XIX Section 3 of this Code.

**Section 4:**

Ventilation and Sanitation in Public Buildings which are under the jurisdiction of the local Inspector shall conform to the Regulations of the Department of Public Safety, which shall be enforced by him.

## **CHAPTER XVIII**

### **WIRING AND EMERGENCY LIGHTING SYSTEMS**

**Section 1:**

Installation, repair and maintenance of electrical wiring and electrical fixtures used for light, heat and power purposes in buildings and structures under this code shall be in reasonable conformity with the Rules and Regulations of the Board of Fire Prevention Regulations May 4, 1961, of the Department of Public Safety, known as F.P.R.-11.

(a) Such code is identical with the 1959 National Electric Code as published by the National Fire Protection Association, with certain exceptions listed in F.P.R.-11.

**Section 2:**

In building subject to Section 21, Chapter 143, G.L. Ter. Ed., as amended and in carrying out the requirements of Section 28, Chapter 143, G.L. and Chapter 1, Section 2-b of this code, the Inspector shall apply and completely enforce the provisions of the Regulations of the Department of Public Safety, Lighting in Buildings.

## **CHAPTER XIX**

### **HEATING**

**Section 1:**

All heating ducts and piping shall be installed in a workman-like manner, and properly hung and braced. In no case shall heating apparatus be installed beneath a stairway. No heating apparatus shall be installed directly on a wooden floor. No flue shall be any closer than six (6) inches to wood or any other combustible material. For other means to prevent the spread of fire and for requirements in regard to heater enclosures in public buildings and others under Chapter 143, G.L., refer to the Regulations of the Department of Public Safety, Section 2, Subsection III.

**Section 2:**

Warm-air supply ductwork shall be hung with suitable hangers. "Toenailing" ducts to floor joists will not be permitted. Ductwork in buildings with garages under a living area shall not have openings to the garage area.

**Section 3:**

Every domestic hot water heater, steam boiler, warm air furnace or similar fuel-burning appliance for house heating shall be provided with an incombustible foundation to extend beyond the heater at least six (6) inches at sides and back and twenty (20) inches in front. Portable stoves, space heaters or heating units without provision by the latest engineering standards for an ample uninterrupted supply of fresh outdoor air to the combustion chamber and without provision for the removal of the products of combustion shall be prohibited for residential heating. Air for combustion of all fuels shall be provided in accord, at least, with Section 3.1.6 of Part III of the Massachusetts Code for Installation of Gas Appliances and Gas Piping.

**Section 4:**

No part of the metal casing or smoke pipe of such a heater shall be nearer than six (6) inches to any woodwork, wood lath and plaster or other combustible construction. If the top of the feed door is less than three (3) feet below timbers or other overhead combustible construction, the latter shall be protected by at least three quarters ( $\frac{3}{4}$ ) inch of plaster on metal lath, or a galvanized metal shield with at least one inch air space between metal shield and combustible material, said protection to cover an area not less than thirty-six (36) inches square, centered over center of feed door opening. If the top of the heater is less than eighteen (18) inches below combustible construction, said protection shall extend beyond heater at least six (6) inches at sides and back and twenty (20) inches at front. All combustible walls within twelve (12) inches of heater, except where the latter is covered with not less than three quarters ( $\frac{3}{4}$ ) inch non-combustible insulation, or within two (2) feet of feed door opening, shall be protected in like manner. Every smoke pipe of such a heater, nearer than twelve (12) inches to overhead combustible material, or nearer than nine (9) inches to combustible posts or walls, shall be provided with like protection for a width at least equal to twice the diameter of the pipe. Smoke pipes of cooking stoves and ranges shall be kept at least six (6) inches from combustible material.

**Section 5:**

Smoke pipes of such heaters shall not be lighter than twenty-six (26) gauge galvanized sheet metal, shall be firmly anchored in place by strong wires tightly drawn, and well fitted into sleeves or thimbles securely set in walls of chimney. Refer also to Chapter X of this code for other approved types of venting.

**Section 6:**

Every automatic heat regulator applied to such a heater shall be

provided with a safety device, which, closing the dampers or otherwise, will prevent the temperature from exceeding a safe limit.

#### **Section 7:**

Heating stoves for heating rooms shall not be set nearer than six (6) inches to a combustible wall, and not less than twenty (20) inches unless the wall is protected in the manner specified in this section for house heaters. Smoke pipes from such stoves shall be kept at least eight (8) inches clear of combustible material. For other approved heating units and closer setting to combustible material for unit and vent, refer to Chapter XIX and X of this code.

(a) **For alternate provisions and for closer setting to combustible materials** for heating in Sleeping and Residential Rooms, Commercial Office Buildings, Factories, Work Shops, Supermarkets, Shopping Centers and such, the Inspector shall refer to and enforce the Regulations of the Department of Public Safety, Section 2, Sub-section III, at present paragraphs 17, 17a, 17-1, 2, 2a, 2b, 2c, 2d, 2e, and 17-3, or any revision thereof.

(b) Every steam pipe less than three-quarters ( $\frac{3}{4}$ ) inch from combustible material shall be protected by approved air-cell covering or metal shield. Smoke pipes of cooking stoves and ranges shall be kept at least six (6) inches from combustible material.

#### **Section 8:**

Large ranges in hotels and restaurants shall be covered by hoods of incombustible material hung at least six (6) inches below any combustible ceiling. Vent pipes from such hoods shall have the same protection as smoke pipes.

(a) Furnaces or apparatus in which fires are maintained producing a high degree of heat, such as baking ovens, hotel ranges, etc., shall rest on the ground or on a fireproof floor or hearth. Combustible construction near them shall be subject to all the foregoing restrictions and shall be further protected as may be required for safety.

#### **Section 9:**

The Inspector may require the applicant for a permit (see Sect. 7 Par. A) involving the subject matter of the foregoing Sections, to submit an affidavit from a registered professional engineer specializing in heating and ventilation. Such affidavit shall bear his registration stamp, shall state that the plans filed provide adequate performance to comply with the Sections of the Regulations of the Department of Public Safety applicable thereto and shall be filed with the plans in the Inspector's office.

#### **Section 10:**

Central heating utility rooms, in houses erected without a cellar, containing boilers, heaters, direct automatic gas-fired or oil-fired units shall be enclosed with at least five-eighths ( $\frac{5}{8}$ ) inch gypsum board walls and ceilings or with wire lath and plaster or the equivalents.

## **Section 11: Garages**

Private garages incorporated within a dwelling or with living quarters above shall be sheathed inside throughout with five-eighths ( $\frac{5}{8}$ ) inch gypsum board or wire lathed and plastered.

(a) Any stairway from the dwelling to a garage shall be separated with a metal covered door and shall have a concrete curb at least six (6) inches high.

It was moved and seconded to adjourn the meeting to Wednesday, at 8 P.M. The meeting adjourned at 10:45 P.M.

## **Adjourned Town Meeting, March 24th, 1965**

Moderator Curran called the meeting to order at 8 P.M. and stated there was a quorum present.

It was moved and seconded to take up Article 64 following Article 67.

Article 65. To see if the Town will vote to accept the provisions of the General Laws, Chapter 40, Section 8c, as amended and authorize and direct the Board of Selectmen to appoint 7 persons to a Conservation Commission for the promotion and development of the natural resources of the Town, and for the protection of its water resources; or take any action in relation thereto. (Number on Commission may be anywhere from 3 to 7) (Planning Board)

Voted: That the Town vote to accept the provisions of the General Laws, Chapter 40, Section 8c, as amended, and authorize and direct the Board of Selectmen to appoint seven persons to a Conservation Commission for the promotion and development of the natural resources of the Town and for the protection of its water resources.

Article 66. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for preparation of documents required for submission to the Federal Housing and Home Finance Agency in requesting certification of a "Program for Community Improvement," said funds to be expended under jurisdiction of the Urban Redevelopment Authority; or take any action in relation thereto. (Planning Board and Urban Redevelopment Authority)

Voted: That the Town vote to raise and appropriate the sum of \$1,000.00 for the preparation of documents required for submission to the Federal Housing and Home Finance Agency in requesting certification of a "Program for Community Improvement," said funds to be expended under jurisdiction of the Urban Redevelopment Authority.

Article 67. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for preparation of an application for submission to the Federal Housing and Home Finance Agency for an advance of funds for Survey and Planning, said funds to be expended under jurisdiction of the Urban Redevelopment Authority; or take any action in relation thereto. (Planning Board and Urban Redevelopment Authority)

Voted: That the Town vote to raise and appropriate the sum of \$2,500.00 for preparation of an application for submission to the Federal Housing and Home Finance Agency for an advance of funds for Survey and Planning, said funds to be expended under the jurisdiction of the Urban Redevelopment Authority.

Article 64. To see if the Town will vote to relieve and to dissolve the existing Town Forest Committee, established at the annual Town Meeting of 1945 (Art. 30); or take any action in relation thereto. (Planning Board)

Voted: That the Town vote to relieve and to dissolve the existing Town Forest Committee, established at the annual town meeting of 1945 (article 30) and all authority, records, plans and maps in the possession of said Town Forest Committee be turned over to the Conservation Commission.

Article 68. To see if the Town will vote to raise and appropriate the sum of \$....., for engineering studies of extending the sewerage system to the Beaver Street-Medway Street-East Main Street vicinity, and for installation of a pumping station and additional mains to extend the Medway Street sewer to the vicinity of Beaver Street, said money to be raised by taxation; or take any action in relation thereto. (Planning Board)

Voted: To pass over the Article.

Article 69. To see if the Town will vote to authorize the Moderator (instruct the Selectmen) to appoint a committee to be known as the Sewer Rental Study Committee, to investigate the advisability of instituting a system of annual user charges for public sewer service; or take any action in relation thereto. (Planning Board)

Voted: To pass over the Article.

Article 70. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the first stage in a program of preparing Assessor's maps for the Town, said funds to be expended under the jurisdiction of the Board of Assessors; or take any action in relation thereto. (Planning Board)

Voted: To raise and appropriate the sum of \$10,000.00 for the first stage in a **three year** program of preparing Assessor's maps for the Town, **in accordance with the provisions of Chapter 40, Section 4, as amended by the Acts of 1961, Chapter 313**, said funds to be expended under the jurisdiction of the Board of Assessors.

Article 71. To see if the Town will vote to raise and appropriate the sum of \$12,000.00 for engineering and planning studies to be made of the possible partial filling of Cedar Swamp Pond, said funds to be expended under jurisdiction of the Cedar Swamp Commission; or take any action in relation thereto. (Planning Board)

It was moved and seconded to withhold action under this article until consideration is given to Article 83.

Article 72. To see if the Town will vote to raise and appropriate a sum of money for and to authorize, the acquisition by gift, purchase or by eminent domain, of certain parcels of land located on the westerly side of Congress Street, the southerly side of West Fountain Street and the easterly side of Highland Street: Parcel No. 1 containing about 19½ acres and more particularly described in deed of Albert A. Gleason to Malvina F. Gleason dated 6-17-32 recorded with Worcester District Registry of Deeds, Book 2565, Pages 289, and now owned by CINO-SAM ASSOCIATES, INC. RECORDED 3-16-56 Worcester P.C. No. 184535; Parcel No. 2 containing about 29 acres and more particularly described in deed of Dino DiCarlo to Rowe Realty Corp. dated 10-1-53 recorded with Worcester District Registry of Deeds, Book 3528, Pages 549; Parcel No. 3 containing about 17 acres and more particularly described in deed of Daniel P. Glennon et ux to Eleanor G. Glennon dated 1-26-54 recorded with Worcester District Registry of Deeds, Book 3578, Pages 164; Parcel No. 4 being a portion of the premises described in deed of Albert V. Kellett et al to James E. Kellett et ux dated 10-11-63 recorded with Worcester District Registry of Deeds, Book 4414, Pages 350; said parcels of land to be used for the location of school building facilities, or take any action in relation thereto. (School Committee)

The following report was read by David I. Davoren:

## **Report Of The School Building Planning Committee**

On April 29, 1964, Town Moderator John F. Curran assembled the members and organized them as a Committee in accordance with the provisions and authorizations of Article 16 of the Annual Town Meeting of March 11, 1964.

Mr. Renaldo A. Consoletti and Mr. Michael J. DeCesare were elected unanimously as co-chairmen and Mr. David I. Davoren was elected as secretary of the Committee.

Immediately upon organization, the Committee proceeded to establish working rules and regulations to serve as guidelines for the conduct and operation of the Committee. A Rules Committee appointed by the chair reported upon rules which were adopted unanimously by the Committee.

Simultaneously with the above action, the Committee investigated current local school building facilities, enrollment projections and other factors referring to or relating to the matter of school building needs in the town of Milford.

The so-called Harvard Study report was considered as was the report of the Visiting Committee of the New England Association of Colleges and Secondary Schools.

Both of these reports were emphatic in the recommendation that there is an immediate, urgent and pressing need for a new high school building in Milford.

Studies were made and reports submitted to the Committee indicating bus schedules, transportation policies and areas from which pupils are being transported to the several schools of our town, both public and parochial.

Contact was made with officials of the town of Hudson to determine the impact of residential construction by a developer in terms of additional school building needs. This investigation revealed that many homes were built, in the several hundreds, by this developer (Andrew Lane) which hastened the construction of new school buildings in the town of Hudson.

At about this point (May 1964) the Milford Planning Board was consulted and through the Chairman, Mr. Alfred N. Tumolo, an invitation was extended to Mr. Philip Herr, Planning Director of Economic Development Associates, Inc., to address the Committee on the general subject of school needs and the specific and particular matter of the land use map under study and being developed by Mr. Herr's agency.

Also at this time, the Superintendent of Schools provided

enrollment figures by grade in the public schools during the previous 15 year period.

These figures showed a gradual increase in enrollment from 1,800 in the October 1, 1949 census to 2,526 in the October 1, 1964 census, indicating need for more space in our school system.

At the June meeting, Mr. Herr reported very knowingly concerning the future of Milford, commenting about prospect for growth from a population point of view, as well as industrially and commercially.

Mr. Herr was firm in his opinion and belief and conviction that population-wise Milford is no longer at a standstill, as we have been for the past double decade. He indicated and substantiated the premise that Milford will increase in residential development in the next ten or fifteen years and is in definite need of a new high school building now and in the immediate future.

In July, it was also agreed that the Committee should address itself to the matter of sites in conjunction with certain professional data obtained from the Economic Development Associates of Boston, Mass. The data dealt with projected land use, sewerage facilities and vacant land in the town of Milford. Sites were enumerated, labeled with indication as to use for residential purposes, sewerage and water mains.

At the August meeting, in accordance with an agreement made previously the members toured the various sites under consideration. Following the viewing of the several sites in the town, the members returned to the Memorial School to resume discussion of the several sites observed.

At this time it was agreed that eight different sites would continue under consideration by the entire Committee and that seven other sites viewed would no longer be considered by the Committee for various good and sound reasons. The reasons for removal from further considerations of these sites were distances from center of town, and lack of need in terms of existing housing or further residential development.

At the September meeting, the number of sites under consideration was reduced further and a sub-committee was appointed to contact owners of sites to determine their interest in selling the land in question, and if so, to obtain a determination of price.

A special meeting was held in October to re-visit four of the sites still under consideration.

At the October meeting, Mr. Philip Herr of the Economic

Development Associates, Inc. was present once again to discuss further the several sites still under consideration by the Committee. Mr. Herr, making use of several of the maps which had been developed by his study, indicated that each of the sites still under consideration by the Committee would meet with his approval, there being no objections to any of them. He was very emphatic on the matter of suitability of the sites and reminded the Committee that selection of a final site would have to be determined on the basis of topography, price, availability and precise characteristics of the land involved in each particular parcel. At this time, land on the westerly side of Highland Street was eliminated from consideration for a high school location.

Perimeter plot plans and some topographical data of the various sites were viewed by the members. Reports were submitted having to do with the willingness of owners of land to sell and it was found that some were unwilling to sell while others were not too harsh in their opposition to the extent that they would stand in the way of progress and the objective of this Committee. A matter of transportation of school children to prospective school buildings to be constructed on the sites under consideration having been studied, was reported upon. It was decided after receiving the data, that since the sites under consideration were so close to each other that there would be very little difference in the matter of transportation costs to any of the sites.

At this point it was decided to have appraisals made of the three sites remaining under consideration by the Committee.

At the next meeting, three certified appraisers were interviewed and following the interview Mr. Francis E. Larkin, local realtor and a member of the Mass. Board of Real Estate Appraisers, was engaged to appraise the three parcels of land under consideration by the Committee.

Mr. Larkin, having viewed the property and having investigated the several sites, submitted to the Committee on the 29th of December his appraisal of the so-called Cinosam property, Rowe Realty property and the Silver property, placing an estimated appraisal price of \$47,000 for the Rowe Realty property, \$56,750 for the Cinosam property and \$66,700 for the Silver property. The detailed appraisal reports were read to the Committee by Mr. Larkin and copies of the appraisal were presented to the Committee.

In January at two meetings, one of which was a special meeting, reports on the land being considered were presented to the Committee by members and at the regular meeting held January 27th, it was voted that this Committee go on record as recommending to the Annual Town Meeting, to be held in March

of 1965, the purchase of the so-called Cinosam property, the Rowe Realty property (Trotting Horse Acres), the Glennon property (on the easterly side of Highland Street) and the so-called Kellett property (a small piece abutting the Rowe Realty property and Cinosam property) for the purpose of school building construction.

A roll call vote on the above mentioned motion was taken and each of the nineteen members present voted favorably. The remaining member, who was absent because of illness, being contacted later, indicated that he too wished to be recorded as voting in favor of the motion. The recommendation, therefore, of the Committee which is to be submitted to the Town Meeting was voted unanimously by the twenty members of the Committee after a year of intensive, diligent and profound study and investigation. The Committee agreed to prepare for submission to the March 1965 Town Meeting, articles to implement the purchase of land, the appropriation of money for acquisition of land and preliminary plans and the appointment of a Building Committee.

The attendance of the Committee members was outstanding throughout the year. The Moderator is to be commended for his selection of so many interested civic minded, unselfish citizens.

At each meeting the press was represented, wide publicity given in local papers, executive sessions were held to a bare minimum, minutes were kept at all times.

The articles now before you for consideration constitute the unanimous recommendations of the Milford School Building Planning Committee.

We sincerely hope they meet with your favor and approval.

Respectfully Submitted,

Co-Chairman: Michael J. DeCesare and Renaldo A. Consoletti		
Anthony E. Allegrezza	David I. Davoren	Ernest A. Lombardi
Marco A. Balzarini	Atty. Pacifico M. DeCapua	James E. Maher
Louis P. Bertonazzi	George W. Ellis, Jr.	Joseph R. Manella
Dominic J. Blascio	Francis J. Fitzpatrick	Robert E. McGinnis
David E. Casey	Virgil H. Johnson	Joseph Rosenfeld
Thomas J. Cullen	Arthur E. LeBlanc	Arthur E. Vesperi

Voted: To receive the report and place same on file.

Voted: That the Town vote to raise and appropriate the sum of \$150,000, and to authorize the acquisition by gift, purchase or by eminent domain, four (4) certain parcels of land herein described:

### **Parcel No. 1.**

A certain parcel of land containing about 19½ acres located on the westerly side of Congress Street, bounded and described as follows:

“Beginning at the southeasterly corner of the premises at said roads and at a corner of land of Ella and Gershwin Twichell—thence running by said road N. 22½° W., twenty-two rods five links to land of Justin E. Eames—thence by land of said Eames N. 67° W. ninety-nine rods twenty-two links to a crop wall—thence partly by land of said Eames and partly by land of John Jones S. 18¾° E. forty-six rods to the corner of the wall—thence by land of said Jones N. 69½° E. thirty-six rods four links to land of said Twichells—thence by land of said Twichells N. 26° W. twenty-four rods eighteen links and N. 66½° E. sixty-eight rods four links to the place of beginning.”

Being all the same premises conveyed by deed of Henry Nelson to Zelotes Gleason by deed dated July 15, 1850 and recorded in the Worcester District Registry of Deeds, Book 464, Page 507.

Said premises now owned by Cinosam Associates, Inc., recorded March 15, 1956, Worcester P.C. No. 184535.

### **Parcel No. 2**

A certain parcel of land containing about 29 acres of land bounded and described as follows:

“The land in Milford, Worcester County, Commonwealth of Massachusetts, located on the southerly side of Fountain Street, bounded and described as follows:

Beginning at the northeasterly corner of the granted premises on said Fountain Street at land formerly of one Heath; thence S. 20½° E. 19 rods 5 links by said Heath land to land of one Gleason; thence S. 72° W. by said Gleason land 39 rods 22½ links to an angle; then S. 17° W. still by said Gleason land 22 rods 16 links to land formerly of one Jones; thence S. 73½° W. by said Jones land 10 rods 10 links to said Jones land; thence N. 27° W. by said Jones land 32 rods to an angle; thence S. 72¾° W. about 59 rods to a stake at land formerly of Barton F. Cook, the preceding courses being taken from a “Plan of Justin E. Eames Farm, A. Holbrook, Surveyor, April 1865”; thence N. 2½° W. 11 rods and N. 23° W. 10 rods 14 links by last mentioned land to land of one Bandy; thence N. 55° E. 8 rods, N. 33° E. 1 rod, N. 10° E. 1 rod, N. 7° W. 1 rod, N. 21° W. 5 rods 6 links, N. 20° W. 7 rods, 10 links, N. 28½° W. 3 rods 14 links,

N.  $72^{\circ}$  E. 17 rods, and northerly 11 rods 22 links to said Fountain Street, the last nine courses bounding on land of said Bandy; the last eleven courses being taken from a survey made about the year 1893; and thence easterly by said Fountain Street, to the point of beginning.

For title, see deed to said grantor from Percy Abell, Administrator of the Estate of Blanche Abell, dated July 31, 1952, recorded with Worcester District Registry of Deeds in Book 3445, Page 96."

Being all the same premises conveyed by deed of Dino DiCarlo to Rowe Realty Corp., dated Oct. 1, 1953 and recorded in the Worcester District Registry of Deeds, Book 3538, Page 549, said land now owned by Rowe Realty Corp.

### **Parcel No. 3.**

A certain parcel of land containing about 18 acres, located on the easterly side of Highland Street and bounded and described as follows:

"A certain tract or parcel of land with the buildings thereon situated in said Milford on the easterly side of Highland Street, and bounded and described as follows, to wit: — Beginning at the southwesterly corner of the premises at land now or formerly of B. D. Godfrey, thence N.  $12\frac{3}{4}$  W. twenty rods to a stake and stones; thence N. 16 W. twelve rods to a stake and stones at land now or formerly of Justin E. Eames, both of said lines bounding on said Highland Street; thence N.  $72\frac{3}{4}$  E. on other land of said Eames eighty-four and one-half rods to stake and stones at land now or formerly of said Eames; thence S. 27 E. thirty-two rods to a stake and stones at land now or formerly of said Godfrey; thence S.  $72\frac{1}{2}^{\circ}$  W. eighty-nine and one half rods on land now or formerly of said Godfrey to the place of beginning, containing eighteen acres and four square rods. The said premises being subject to all conditions mentioned in a deed from Justin E. Eames to William Hynes, dated April 1, 1864, and recorded with Worcester District Deeds, Book 688, Page 97, to which reference may be made."

Being the same premises conveyed by Bridget Kinion to Daniel P. and Mary T. Glennon by deed dated July 6, 1911 and recorded in the Worcester District Registry of Deeds, Book 578, Page 1965.

Said premises now owned by Eleanor G. Glennon by deed dated January 26, 1954 and recorded in the Worcester District Registry of Deeds, Book 3578, Page 164.

### **Parcel No. 4.**

A certain parcel of land situated in said Milford and bounded and described as follows:

"The land in Milford, situated off the northerly side of Congress Terrace and off the westerly end of Walker Avenue, being bounded and described as follows:

Beginning at a northeasterly corner of the grantors premises at the intersection of stone walls, said point being the southeasterly corner of land now or formerly of Rowe Realty Corp.; thence S. 12° 02' 00" E. along a stone wall, 389.72 feet to a drill hole in a stone at corner of walls; thence S. 74° 33' 30" W. by other land of the grantors, 180 feet, more or less to a point; thence N. 12° 50' 20" W., 400 feet more or less, to a point at the southwesterly corner of land of said Rowe Realty Corp.; thence N. 73° 08' 05" E. along the southerly line of said Rowe Realty Corp. land 184.22 feet to the point of beginning."

Said premises being a portion of the premises conveyed by deed of Albert V. Kellett et al to James E. Kellett et ux, dated October 11, 1963 and recorded in the Worcester District Registry of Deeds, Book 4414, Page 350.

Said premises now owned by James E. Kellett and Rachel A. Kellett.

And that the Selectmen be authorized and empowered to execute, seal, acknowledge and deliver in the name of and behalf of said Town such deeds and instruments as may be necessary or proper in connection with the acquisition of said 4 parcels of land by gift, purchase or eminent domain.

Unanimous vote.

Article 73. To see if the Town will vote to authorize a school building committee of nine (9) persons to be appointed by the Moderator from the membership of the school planning committee authorized in Article No. 16 of the Annual Meeting held March 11, 1964. This building Committee shall be empowered to enter into all contracts and do all things necessary and proper in the selection of an architect to draw preliminary plans, working plans and specifications for the construction of a new high school building, this building committee being authorized to expend funds raised and appropriated in Article No. 17 of the March 11, 1964 Town Meeting and the funds raised and appropriated in the current Town Meeting, while the school building committee is to continue to recommend the acquisition of land for other school sites, or take any action in relation thereto. (School Committee)

Voted: That the Town vote to authorize a school building committee of nine (9) persons to be appointed by the Moderator from the membership of the school planning committee authorized in Article No. 16 of the Annual Meeting held March 11,

1964. This building committee shall be empowered to enter into all contracts and do all things necessary and proper in the selection of an architect to draw preliminary plans, working plans and specifications for the construction of a new high school building, this building committee being authorized to expend funds raised and appropriated in Article No. 17 of the March 11, 1964 Town Meeting, and the funds raised and appropriated in the current Town Meeting, while the school building planning committee is to continue to recommend the acquisition of land for other school sites.

Unanimous vote.

Article 74. To see if the Town will vote to raise and appropriate the sum of Twenty thousand (\$20,000.00) dollars to be expended by the school building committee appointed under Article 73 to be used for plans and specifications for the new high school building, together with the money voted under Article No. 17 of the Annual Town Meeting held March 11, 1964, or take any action in relation thereto. (School Committee)

Voted: That the Town vote to raise and appropriate the sum of Twenty thousand (\$20,000.00) dollars to be expended by the school building committee appointed under Article No. 73 to be used for plans and specifications for the new high school building, together with the money voted under Article No. 17 of the Annual Town Meeting held March 11, 1964.

Unanimous vote.

Article 75. That the Town vote to raise and appropriate a sum of money for the purpose of reconstructing a concrete retaining wall and chain link fence along the northerly side of a public footpath leading to a footbridge over canal between Fino Field Annex and Hayward Field. (Milford Athletic Field Committee)

Voted: To raise and appropriate the sum of one thousand dollars for the purpose of reconstructing a concrete retaining wall and chain link fence along the northerly side of a public footpath leading to a footbridge over the canal between Fino Field Annex and Hayward Field. To be expended under jurisdiction of Milford Athletic Field Committee.

Article 76. To see if the Town will vote to raise and appropriate the sum of \$46.55 for an unpaid bill of the Milford Highway Department due to the Estate of Sidney Kurlansky for the year 1962, or take any action in relation thereto. (Estate of Sidney Kurlansky)

Voted: That the town vote to raise and appropriate the

sum of \$46.55 for an unpaid bill of the Milford Highway Department due to the Estate of Sidney Kurlansky for the year 1962.

Unanimous vote.

Article 77. To see if the Town will vote to raise and appropriate a sum of money to be used for the painting and repairs, or installing new siding to the exterior of the Town Hall, or take any action in relation thereto. (Selectmen)

Voted: To pass over the article.

Article 78. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a one (1) ton dump truck to be used at the town sewage Disposal & Treatment Plant for hauling of sludge, or take any action in relation thereto. (Sewer Dept.)

Voted: To pass over the article.

Article 79. To see if the Town will raise and appropriate the sum of two thousand (\$2,000.00) dollars to establish a recreation program for mentally retarded children under Mass. General Laws Chapter 69, Section 29D, or take any action in relation thereto. (Selectmen)

Voted: That the Town vote to raise and appropriate the sum of two thousand (\$2,000.00) dollars to establish a recreation program for mentally retarded children under Mass. General Laws Chapter 69, Section 29D.

Article 80. To see if the Town will raise and appropriate \$6,000.00 Six thousand dollars for Salaries & Wages for School Crossing Guards, or take any action in relation thereto. (Police and School)

A motion was made and seconded that the Town vote to raise and appropriate \$4,000.0 Four thousand dollars for salaries and wages of School crossing guards.

It was moved "the previous question." A standing vote was taken and the motion carried. Question now came on the motion.

Voted: That the Town vote to raise and appropriate \$4,000.00 Four thousand dollars for salaries & wages for School crossing guards.

Article 81. To see if the Town will raise and appropriate a sum of money to outfit School Crossing Guards, or take any action in relation thereto. (Police & School)

Voted: That the town vote to raise and appropriate the sum of \$1,500.00 to outfit school crossing guards.

Article 82. To see if the Town will vote to raise and appropriate a sum of \$1,000.00 to be spent for dredging and reconstruction of the Metcalf Brook (so-called) on Grant Street, beginning at a point opposite the entry of the highway installed pipe drain in the direction of flow of the brook said to be spent under the jurisdiction of the Highway Department, or take any other action in relation. (Clifton W. Tyler)

Voted: To pass over the article.

Article 83. To see if the Town will vote to raise and appropriate a sum of money for the purpose of dredging, cleaning and clearing that portion of the Charles River from the Hayward Field bridge to the East Main Street culvert, said sum to be spent under the jurisdiction of the Cedar Swamp Redevelopment Commission, or take any action in relation thereto. (Cedar Swamp Redevelopment Commission)

Voted: That the town vote to raise and appropriate \$15,000.00 for the purpose of dredging, cleaning and clearing that portion of the Charles River from the Hayward Field bridge to the East Main Street culvert, said sum to be spent under the jurisdiction of the Cedar Swamp Redevelopment Commission.

Article 71. Voted: To pass over the article.

Article 84. To see if the Town will vote to transfer a parcel of land located on the northerly side of West Fountain Street to the Park Commissioners to be used as a Junior League Baseball Field, or take any action in relation thereto. (Selectmen)

### **Description of land in article**

“All the same premises described in deed of John C. Ripley to John C. Ripley and Francis E. Larkin, dated February 29, 1960, and recorded in Worcester District Registry of Deeds, Book 4152, Page 249, and bounded and described in said deed as follows:

“A certain tract of land, including all buildings thereon, on the northerly side of Fountain Street, in said Milford, bounded and described as follows, to wit:—

Beginning as a drill hole in a stone at the southeasterly corner of the granted premises on said Fountain Street at land now or formerly of one Macuen, thence N. 2° 30' E. by said Macuen land as the wall now stands, 296.50 feet to a drill hole in a stone at other land of said Macuen; thence N. 89° 12' W. by said Macuen land 378 feet to other land of said Macuen; thence S. 9° 8' E. by said Macuen land 167.50 feet to a drill hole in a rock; thence S. 30° 35' W. by last mentioned land 88 feet to said Fountain Street; thence S. 69° 45' E. by said street, 243.50 feet to an

angle in said street; and thence N. 80° 40' E. by said street, 154 feet to the point of beginning."

For my title see deed of John C. Ripley and Francis E. Larkin dated January 27, 1964 and to be recorded herewith." Excepting that portion taken by the new location of West Fountain Street.

Unanimous consent was given to waive the reading of the bounds.

Voted: That the Town vote to transfer a parcel of land located on the northerly side of West Fountain Street to the Park Commissioners to be used as a Junior League Baseball Field.

Article 85. To see if the Town will vote to raise and appropriate a sum of money to construct a Junior League Baseball Field on a parcel of land located on the northerly side of West Fountain Street, or take any action in relation thereto.

Voted: That the Town vote to raise and appropriate the sum of \$4,000.00 to construct a Junior League Baseball Field on a parcel of land located on the northerly side of West Fountain Street.

Article 87. To see if the Town will vote to raise and appropriate the sum of \$6,000.00 to be used for the main sewer siphon cleaning on Depot Street about 1760 feet in length and on So. Main Street about 900 feet and for the installation of manholes, or take any action in relation thereto. (Sewer Dept.

Voted: That the Town vote to raise and appropriate the sum of \$6000.00, to be used for the main sewer siphon cleaning on Depot Street about 1760 feet in length and So. Main Street about 900 feet and for the installation of manholes.

Article 88. To see if the Town will vote to transfer into the Stabilization Fund the following unexpended appropriations and accounts from: the Planning Board—\$2,000.00 for Part-time Engineer, Fire Department—a balance of \$167.00 for underground cable, Milford Off-Street Parking Committee—a balance of \$3,188.60 for construction of off-street parking, Board of Public Welfare—a balance of \$444.20 for elevator at Medical Home, Milford School Building Committee—a balance of \$392.23 for Elementary Memorial School, Selectmen's Account—a balance of \$11,200.00 for construction of Band Shell, Town Engineering Study Committee—a balance of \$96.21 for Town Engineering Study, Milford Athletic Committee—a balance of \$400.00 for relocating baseball field, or take any action in relation thereto. (Finance Committee)

Voted: That the Town vote to transfer into the Stabilization Fund the following unexpended appropriations and accounts from: The Planning Board—\$2,000.00 for Part-time Engineer; Fire Department—a balance of \$167.00 for underground cable; Milford Off-Street Parking Committee—a balance of \$3,188.60 for construction of off-street parking; Board of Public Welfare—a balance of \$444.20 for elevator at Medical home; Milford School Building Committee—a balance of \$392.23 for Elementary Memorial School; Selectment's Account, a balance of \$11,200.00 for construction of Band Shell; Town Engineering Study Committee—a balance of \$96.21 for Town Engineering Study; Milford Athletic Committee—a balance of \$400.00 for relocating baseball field.

Article 89. To see if the Town will appropriate from available funds under the Excess and Deficiency Account, a sum of money for use by the Board of Assessors in fixing the tax rate for 1965, or take any action in relation thereto. (Assessor's Dept.)

Voted: That the Town appropriate from available funds under the Excess and Deficiency Account, the sum of \$200,000.00 for use by the Board of Assessors in fixing the tax rate for 1965.

It was moved and seconded to dissolve the warrant.

The warrant was dissolved at 10:15 P.M.

Attest:

CATHERINE L. COYNE,  
Town Clerk

A true copy of the warrant

### **Special Town Meeting, June 22nd 1965**

The meeting was called to order by Moderator Curran at 8 P.M. Following a third count by the Monitors 120 persons being present, a sufficient number for a quorum, the warrant and officers return was read by Town Clerk Catherine L. Coyne.

Article 1. To see if the Town will vote to raise and appropriate the sum of \$2500.00, said sum to be spent under the jurisdiction of the Board of Selectmen for the purpose of retaining engineering services for refuse disposal for the Town of Milford. (Board of Selectmen)

Voted: That the Town vote to appropriate the sum of \$2500.00 to be spent under the jurisdiction of the Board of Selectmen for the purpose of retaining engineering services for refuse disposal for the town of Milford, and to meet said appropriation the sum of \$997.25 be transferred from the free cash in the excess and deficiency account and to transfer the sum of \$1502.75 from the Razing Park School Account.

Voice vote unanimous.

Article 2. To see if the Town will authorize the Board of Selectmen to appoint a committee to be called "The Milford Disposal Commission" consisting of nine (9) members whose duties shall be outlined by the Board of Selectmen for the purpose of investigating and surveying plans for refuse disposal in the Town of Milford (Board of Selectmen)

Voted: That the town vote to authorize the Board of Selectmen to appoint a committee to be called "The Milford Sanitary Disposal Commission" consisting of nine (9) members whose duties shall be outlined by the Board of Selectmen for the purpose of investigating and surveying plans for refuse disposal in the Town of Milford.

Voice vote unanimous.

Article 3. To see if the Town will vote to amend Article 72 of the 1965 Town Meeting by adding Parcel No. 5 containing about 18,121 square feet and more particularly described in deed of Daniel P. Glennon et als to James A. Donlon and Elizabeth Donlon, dated October 15, 1956, recorded with Worcester District Registry of Deeds, Book 3812, Page 48, and now owned by James A. Donlon and Elizabeth Donlon. (Board of Selectmen)

Voted: That the Town amend Article 72 of the 1965 Town Meeting by adding the following:

That the Town vote to include Parcel No. 5 in Article 72 of the March 24th 1965 Town Meeting to be included in the appropriation of the sum of \$150,000.00 and to authorize the acquisition by gift, purchase or by eminent domain, Parcel 5 herein described: the land in Milford, Worcester County, Massachusetts bounded and described as follows:

A certain parcel of land located on the easterly side of Highland Street in said Milford, beginning at a drill hole in a rock at the Northwesterly corner of the premises at Highland Street adjacent to the land of one Bandy and thence running N. .04 degrees 04' 15" E along the land of said Bandy 154.72 feet to a stake; thence turning and running S. 11 degrees 45' E along other land of the grantor 137.89 ft. to a concrete bound at High-

land Street; thence turning and running S 78 degrees 15' W along other land of the grantor 150 ft. to a concrete bound at Highland Street; thence turning and running N. 11 degrees 45' W along Highland Street 100 feet to the place of beginning.

Being all and the same premises as shown on the plan entitled "Plan of Land in Milford, Mass., to be conveyed by Eleanor G. Glennon, July 1956. Eastman and Corbett, Inc., Civil Engineers, Milford, Mass." RECORDED WITH WORCESTER DISTRICT REGISTRY OF DEEDS, PLAN BOOK 218 PLAN 121.

And that the Selectmen be authorized and empowered to execute, seal, acknowledge and deliver in the name of and behalf of said Town such deeds and instruments as may be necessary or proper in connection with the acquisition of said parcel of land by gift, purchase or eminent domain.

Voice vote unanimous.

Article 4. To see if the Town will vote to accept Chapter 245 of the Acts of 1965 entitled: "An act authorizing the Town of Milford to borrow money for the dredging and improvement of certain waterways." (Board of Selectmen)

Voted: That the Town vote to accept Chapter 245 of the Acts of 1965 entitled: An Act Authorizing the Town of Milford to borrow money for the dredging and improvement of certain waterways.

SECTION 1. The Town of Milford, for the purpose of contributing to the cost or expense of dredging or otherwise improving certain portions of the Charles River and tributaries thereof, including Louisa Lake and Godfrey Brook, to relieve flood conditions in said town, said work to be done by the division of waterways of the department of public works, may borrow from time to time, within three years of the passage of this act, such sums as may be necessary, not exceeding, in the aggregate, one hundred and ten thousand dollars and may issue bonds or notes of the town therefor which shall bear on their face the words, Town of Milford Dredging and Waterways Improvement Loan, Act of 1965. Each authorized issue shall constitute a separate loan, and such loans shall be paid in not more than twenty years from their dates. Indebtedness incurred under this act shall be in excess of the statutory limit of indebtedness and shall, except as herein provided, be subject to the provisions of chapter forty-four of the General Laws, exclusive of the limitation contained in the first paragraph of section seven thereof.

SECTION 2. This act shall take effect upon its acceptance by the Town of Milford.

Voice vote unanimous.

Article 5. To see if the Town will vote to accept Chapter 108 of the Acts of 1965 entitled: "An act relative to the indemnification of officers or employees of cities, towns and Districts." (Board of Selectmen)

Voted: To pass over the article.

Article 6. To see if the Town will vote to transfer the sum of \$1229.00 from the State Census Account to the Boiler Insurance account and to transfer the sum of \$656.00 from the Blanket Insurance Account to the Boiler Insurance Account, or take any action in relation thereto. (Board of Selectmen)

Voted: That the Town vote to transfer the sum of \$1229.00 from the State Census Account to the Boiler Insurance Account and to transfer the sum of \$656.00 from the Blanket Insurance Account to the Boiler Insurance Account.

Article 7. To see if the Town will vote to amend its Zoning By-Laws by adding the following article:

No person shall have more than one unregistered motor vehicle on his premises, or shall permit a disabled motor vehicle or parts thereof to remain on his premises unless permission to do so is given in writing by the Board of Selectmen after an investigation and after a written report thereof by the Board of Health. In no event shall an unregistered motor vehicle or a disabled motor vehicle or parts thereof be permitted to remain outside or to be stored outside in a front yard of person's premises.

The foregoing shall not apply to motor vehicles or parts, thereof, stored or garaged inside buildings. (Board of Selectmen)

The following report was submitted by the Planning Board

### **Report of Public Hearing held June 21, 1965**

In accordance with Section 6 of Chapter 40A of the General Laws, a public hearing was held at 8:00 p.m. on June 21, 1965, at the Office of the Milford Planning Board to consider the following amendment to the zoning by-laws of the Town of Milford:

No person shall have more than one unregistered motor vehicle or parts thereof to remain on his premises unless permission to do so is given in writing by the Board of Selectmen, after an investigation and after a written report thereof, by the Board of Health. In no event shall an unreg-

istered motor vehicle or a disabled motor vehicle or parts thereof be permitted to remain outside or to be stored outside in a front yard of a person's premises.

The foregoing shall not apply to motor vehicles, or parts thereof, stored or garaged inside buildings.

The statutory requirments that notice of the hearing be given was met by publication of notice of the hearing in the local newspaper once in each of two successive weeks; the first publication was more than fourteen days before the day of the hearing.

The Town Counsel was present to discuss the proposed amendment and answer any questions on it. One person stated that he felt that the proposed amendment was not strict enough; he favored preventing the storage of an unregistered or disabled vehicles under any circumstances. It was pointed out that a person might have a legitimate reason for having such a vehicle on his premises.

After a discussion of the wording of the proposed amendment, it was voted to change the first sentence to read: No person shall permit one or more unregistered motor vehicles, or parts thereof, to remain on his premises unless permission to do so is given in writing by the Board of Selectmen, after an investigation and after a written report thereof, by the Board of Health.

The Planning Board voted unanimously to approve this proposed amendment and recommend its adoption by the Town Meeting.

Respectfully submitted,  
MILFORD PLANNING BOARD

William J. Balmelli, Chairman

Louis L. Guerriere, Secretary

Henry R. Acquafresca

Dominic J. Blasio

Alfred N. Tumolo

Voted: That the town vote to amend its Zoning By-Laws by adding the following article:

No person shall permit one or more unregistered motor vehicles on his premises, or shall permit a disabled motor vehicle or parts thereof to remain on his premises unless permission to do so is given in writing by the Board of Selectmen after an investigation and after a written report thereof by the Board of Health. In no event shall an unregistered motor vehicle or a disabled motor vehicle or parts thereof be permitted to remain

outside or to be stored outside in a front yard of a person's premises.

The foregoing shall not apply to motor vehicles or parts, thereof, stored or garaged inside buildings.

Voice vote unanimous.

Article 8. To see if the Town will vote to amend its By-Laws by adding the following article:

At any and all elections conducted by and in the Town of Milford no posters, stickers, handbills, placards or pictures intended to influence the action of the voter be posted, displayed or exhibited on any town owned property, nor public utility poles or walls on town owned property. (Board of Selectmen)

Voted: That the Town vote to amend its By-Laws by adding the following article:

At any and all elections conducted by and in the Town of Milford no posters, stickers, handbills, placards or pictures intended to influence the action of the voter shall be posted, displayed or exhibited on any town owned property, nor public utility poles or walls on town owned property.

Voice vote unanimous.

Article 9. To see if the Town will vote to amend its By-Laws by adding the following article:

No person shall operate an open motor vehicle on a public way in the Town of Milford for the purpose of transporting, carrying or conveying trash or refuse without an adequate covering over said trash or refuse to prevent the same from falling from said open motor vehicle onto a public way. (Board of Selectmen)

Voted: That the Town vote to amend its By-Laws by adding the following article:

No person shall operate an open motor vehicle on a public way in the Town of Milford for the purpose of transporting, carrying or conveying trash or refuse without an adequate covering over said trash or refuse to prevent the same from falling from said open motor vehicle onto a public way.

Voice vote unanimous.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$1200.00 to be used as compensation for the Gas Inspectors who have been classified as B607. (Board of Health)

Voted: That the Town vote to transfer from the free cash in the excess and deficiency account the sum of \$1200.00 to be used as compensation for the gas inspectors who have been classified as B607.

Article 11. To see if the Town will vote to raise and appropriate a sum of money for the purpose of laying approximately 1000 feet of sewer pipe on Medway Street under the proposed Right of Way of proposed Inter-state Highway 495; said money to be expended under the control of the Board of Sewer Commissioners, or take any action thereto. (Planning Board)

A motion was made and seconded to pass over the article. The Chair declared the motion defeated.

Voted: That the Town vote to transfer from the free-cash in the Excess and Deficiency Account the sum of \$15,000 for the purpose of laying approximately 1000 feet of sewer pipe on Medway Street under the proposed Right of Way of proposed Inter-State Highway 495; said money to be expended under the control of the Board of Sewer Commissioners.

Voice vote unanimous.

Article 12. To see if the Town will vote to accept as a public way a private way known as Mystic Lane (Formerly Simoes Rd.), or take any action in relation thereto. (Steven Atanian.

The Moderator declared the motion on this article out of order.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for the construction of Mystic Lane (Formerly Simoes Rd.), or take any action in relation thereto. (Steven Atanian)

No action taken on this article.

It was moved and seconded to dissolve the Warrant.

The Warrant was dissolved at 10 P.M.

## **Special Town Meeting, November 15th, 1965**

Moderator Curran called the meeting to order at 8 P.M.

The Monitors reported 135 persons present, a sufficient number to constitute a quorum.

The Town Clerk read the warrant and the officer's return.

The meeting was broadcast over WMRC.

Article 1. To see if the Town will vote to transfer from the free Cash in the Excess and Deficiency Account a sum of money to AFDC, MAA, OAA, DA Town Assistance Account, or take any action in relation thereto (Welfare Dept.)

Voted: That the Town transfer from available funds in the Treasury, the sum of \$48,000.00 for Disability Assistance, Medical Aid to the Aged, Aid to Families with Dependent Children, and Old Age Assistance, Town Assistance Account.

Article 2. To see if the Town will vote to raise and appropriate a sum of money for the purpose of dredging and improving certain waterways in the Town of Milford and to determine whether such money shall be provided for by taxation, by appropriation from available funds in the Treasury, or by borrowing under authority of Chapter 245 of the Acts of 1965, or take any action in relation thereto. (Selectmen)

Voted: That the Town vote to appropriate the sum of \$110,000.00 for the purpose of contributing to the cost or expense of dredging or otherwise improving certain portions of the Charles River and tributaries thereof, including Louisa Lake and Godfrey Brook, to relieve flood conditions in Milford said work to be done by the Department of Public Works through its division of waterways, and the cost of the same to be borne as provided by the terms of Chapter 737, Acts of 1956 and that to meet this appropriation the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$110,000.00 under authority of Chapter 245, Acts of 1965 and issue bonds and notes of the Town of Milford therefor, payable in accordance with the provisions of G. L. Chapter 44, so that the whole loan shall be payable in not more than 20 years from the date of issue of the first bond or note.

Voice vote unanimous.

Article 3. To see if the Town will vote to transfer from the Excess and Deficiency Account, the sum of \$9,400.00 to the General Expenses Account of the Health Department, or take any action in relation thereto. (Health Dept.)

Voted: That the Town vote to transfer from the Excess and Deficiency Fund, the sum of \$9,400.00 to the General Expense account of the Health Department.

Article 4. To see if the Town will vote to transfer from the Excess and Deficiency Account, the sum of \$1000.00 to the Plumbing Inspectors Wages and Salaries Account of the Board of Health, or take any action in relation thereto. (Health Dept.)

Voted: That the Town vote to transfer from the Excess and Deficiency Fund the sum of \$1000.00 to the Plumbing Inspectors Wages and Salaries account of the Board of Health.

Article 5. To see if the Town will vote to transfer from the Excess and Deficiency Fund the sum of \$700.00 to the Gas Inspectors Wages and Salaries Account of the Board of Health, or take any action in relation thereto. (Health Dept.)

Voted: That the Town vote to transfer from the Excess and Deficiency Fund the sum of \$700.00 to the Gas Inspectors Wages and Salaries account of the Board of Health.

Article 6. To see if the Town will vote to transfer from the free cash in the Excess and Deficiency Account, the sum of \$4,000.00 to the Veterans' Benefits Account, or take any action in relation thereto. (Veterans' Dept.)

Voted: That the Town vote to transfer from the Excess and Deficiency Account the sum of \$2,000.00 to the Department of Veterans' Services Veterans' Benefit Account.

The Moderator ruled that Article 9 be considered before Articles 7 and 8.

Article 9. To see if the Town will vote to take by eminent domain a certain parcel of land situated off Water Street, property of Stephen McGann, for the purposes of laying out a public way known as Mystic Lane, and to transfer from available funds in the Excess and Deficiency Account a sum of money for said taking, or take any action in relation thereto. (Board of Selectmen)

Voted: That the Town vote to transfer from the free cash in the Excess and Deficiency account the sum of \$1200.00, for the purpose of taking by Eminent Domain, a certain parcel of land situated off of Water Street, property of Stephen McGann, for the purposes of laying out a public way known as Mystic Lane and any other public use, said property being more particularly bounded and described as follows:

"A certain parcel of land situated on the southerly side of Water Street, Milford, Massachusetts, and shown on a plan en-

titled, "Perimeter Map of a Proposed Site for an Elementary School for the Town of Milford, Massachusetts, Scale 1" equals 40', Eastman and Corbett, Inc., Engineers, Milford, Massachusetts, September 20, 1955," and more particularly bounded and described on said plan as follows:

Beginning at the southwest corner of the granted premises at a point in a wall at land of Ferriera; said point being S.  $9^{\circ} 55'$  E. 499.0 feet from said Water Street;

Thence, N.  $9^{\circ} 55'$  W. along said wall and bounded on the west by said Ferriera land about 78 feet more or less, at a point in said wall;

Thence, N.  $79^{\circ} 31'$  E., about 25 feet more or less and bounded on the north by McGann right of way to a point at a corner of a wall at land of Simoes;

Thence, continuing N.  $79^{\circ} 31'$  E., 162.90 feet along a wall and bounded on the north by land of said Simoes, by a proposed road 40 feet wide, and by Simoes land, to a drill hole at a corner of a wall at land of Simoes;

Thence, southwesterly 32.2 feet along a wall and bounded  
Thence, southwesterly 32.2 feet along a wall; bounded  
Farese;

Thence, S.  $68^{\circ} 50'$  W., bounded on the south by land of the Town of Milford, formerly Draper Corporation property 188.4 feet to a point of beginning;

Said granted premises being a portion of the premises owned by Stephen McGann."

Voice vote unanimous.

Article 7. To see if the Town will vote to accept as a public way, Mystic Lane, a private way known as Simoes Road, or take any action in relation thereto. (Steven Atanian.)

The Town Clerk read the lay-out of Mystic Lane.

Beginning at a point on the southerly side line of Water Street, said point being N  $86^{\circ} 30'$  W. 96.05 feet from a spike on the southerly side line of Water Street; hence

Turning an angle to the right of  $93^{\circ} 07'$  and going a distance of 437.81 feet by land of Krikor and Haiganoosh Tarpinian, Steven and Rosemarie Atanian, Benito and Catherine M. Dias and Joseph W. and Irene A. Ross to a point on a stone wall at land of McGann; thence

Northwesterly 40.28 feet by said stone wall and land of McGann to a point at land of Julia and Abrantes Correia; thence

Northeasterly 436.98 feet by land of Julia and Abrantes Correia, John A. and Johanna M. Tominsky, and Alfred and Joseph Recchia to a point on the southerly side line of Water Street; thence

Turning an angle to the left of  $93^{\circ} 07'$  and going  $S 86^{\circ} 30' E$  a distance of 40.06 feet along the southerly side line of Water Street to the point of beginning.

Being the description of the side lines and limits of Simoes Road, presently a Private Way 40 feet wide.

Reference is made to a plan by Joseph R. Visconti, Surveyor, Milford, Mass. showing lots belonging to M. F. Green Est. Sept. 1939. Filed with Worcester District Registry of Deeds Plan Book 113 Plan 2.

Voted: That the Town vote to accept as a public way Mystic Lane, in accordance with the lay-out of the Selectmen, a private way known as Simoes Road.

Article 8. To see if the Town will vote to transfer from the Excess and Deficiency Account the sum of \$5,000.00 for the construction of Mystic Lane, or take any action in relation thereto. (Steven Atanian)

Voted: That the Town vote to transfer from the Excess and Deficiency Account the sum of \$5,000.00 for the construction of Mystic Lane.

Article 10. To see if the Town will vote to transfer from the free cash in the Excess and Deficiency Account, a sum of money to the Fire Department—Salaries and Wages Account, or take any action in relation thereto. (Fire Dept.)

Voted: That the Town vote to transfer from the free cash in the Excess and Deficiency Account the sum of One thousand five hundred (\$1,500.00) dollars, to the Fire Department, Salaries and Wages Account.

Article 11. To see if the Town will vote to transfer from the free cash in the Excess and Deficiency Account, a sum of money to the Fire Department—Brush Fires Account, or take any action in relation thereto. (Fire Dept.)

Voted: That the Town vote to transfer from the free cash in the Excess and Deficiency Account the sum of One thousand three hundred (\$1,300.00) dollars, to the Fire Department, Brush Fire Account.

Article 12. To see if the Town will vote to transfer from the free cash in the Excess and Deficiency Account a sum of

money to the Godfrey Brook Account of the Highway Department, or take any action in relation thereto. (Highway Dept.)

Voted: That the Town vote to transfer from the free cash in the Excess and Deficiency Account, the sum of \$1,400.00 to the Godfrey Brook Account.

Article 13. To see if the Town of Milford will vote to adopt a new comprehensive Zoning By-Law to replace the Zoning By-Law and all amendments thereto currently in effect, as recommended by the Planning Board; which proposed By-Law and changes thereto for the Town was published in the Milford Daily News on August 30, 1965, is on file at the offices of the Board of Selectmen, Town Clerk, and Planning Board, is appended to this warrant and is hereby made a part of this article, or take any action in relation thereto. (Planning Board)

William Balmelli, Chairman of the Planning Board presented the following report:

In accordance with Section 6 of Chapter 40A of the General Laws of the Commonwealth of Massachusetts, a public hearing was held by the Planning Board at the Milford Town Hall on November 9, 1965, on the proposed adoption of a new, comprehensive zoning by-law to replace the by-law currently in effect in the Town of Milford.

The hearing was opened at 8:15 P.M. with a majority of the members of the Planning Board present. The Chairman pointed out three typographical errors in the Intensity of Use Schedule (Paragraph 2.5) as published in the Milford Daily News on August 30, 1965. Under RA heading the correct figure for area, total or first dwelling unit is 8,000 square feet; the correct figure for width is 80 linear feet; and the correct figure for frontage is 80 linear feet. Also explained were three changes in wording which the Board had voted to make. They are:

Paragraph 1.2.2—last sentence, change words “adjacent to” to “abutting.”

Paragraph 3.1.2.—change words “one year” to “twelve month period.”

Paragraph 4.1 —definition of “Public Utility”, change “Department of Public Works” to “Department of Public Utilities.”

In addition, the second last sentence of paragraph 2.1.1, after the words “Town of Milford” should be changed to read “entitled ‘Milford Mass-Zoning’ and ‘Milford Central Area-Zoning’, dated October 15, 1965.”

During the course of the hearing, the following recommendations were made:

1. Mr. George McCabe of the State Department of Public Works requested that the proposed right-of-way of Interstate Route 495 as shown by the dotted lines running diagonally through the proposed zoning map not be changed from its current zoning status. There were no objectors to this request.

2. Mr. Max Gordon, an owner of land on Beaver St., requested that all land between Beaver and Maple Streets and the Bellingham town line be zoned "IB" instead of "RC" as proposed. There were no objections.

3. Attorney Normand Theriault and Attorney Joseph Gattoni, representing owners of land at the corner of Depot and South Main Streets, requested that this property, which is bounded on the north by the Grafton and Upton R.R., be zoned "CC" instead of the proposed "RB." There were no objections to this request.

4. Representative Nathan Rosenfeld, representing Mrs. Torosian, an owner of land on South Main Street, requested that the proposed CC district on South Main Street at the Hopedale Town Line be extended in a southeasterly direction toward the N.Y., N.H., and H. R.R. tracks for a distance of 800 feet and that the land between the end of this proposed extension and the Charles River be zoned "IA". The proposed zoning for this area is "RB". No objections to this proposed change were raised.

5. Attorney Anthony Compagnone, representing Fitzpatrick and Serrano Incorporated, owner of land on Depot Street, requested that land on the easterly side of Depot Street from the point where the Grafton and Upton R.R. tracks cross Depot Street northerly to a point approximately 500 feet beyond Vernon Street be zoned "CC" instead of the proposed "RA". Opposition to this request was voiced by Attorney Alfred B. Cenedella, Jr. who represented some of the property owners in the Depot Street area.

6. Mr. Dominic Bozzini, local realtor and owner of property in the Highland Street area, urged that lot sizes in the "RC" area be reduced to 15,000 square feet from the proposed 30,000 feet requirement.

7. Attorney Thomas Seaver of Seaver's Express Co. requested that paragraph 2.3, The Use Regulation Schedule, be changed to permit a transportation terminal in "CB" and "CC" districts. He also requested that the area from Mt. Pleasant Street on the south to Altieri Court on the north and bounded

by the Boston & Albany R.R. on the east and the proposed "CB" district on the west be zoned "CB" instead of the proposed "RA." Objection to this second request was voiced because the Seaver property abuts church property.

8. Mr. Leon Zocchi, an owner of property on Upper West Street (Route 140), requested that land on both sides of Route 140 from Dutcher Street to the Hopedale line be zoned "CC". The proposed change would extend westerly to the Hopedale town line and easterly 400 feet. The proposed zoning is "RC". No objections to this proposal were made.

9. Attorney Robert Phillips, representing the Papelian Shopping Center, requested that the present "CC" district on the easterly side of Route 140 be extended in a northerly direction to West Street. The proposed zoning is "RA". Objections to this were raised by an abuttor and an owner of property on the opposite side of West Street.

10. Mr. Michael DeCesare made some general comments about the zoning of property abutting local churches and schools.

The Hearing closed at 10:00 P.M.

#### Recommendations:

Section 6 of Chapter 40A of the General Laws requires that notice of a public hearing "and of the subject matter, sufficient for identification" be given the voters. A guide published by the Division of Planning explaining the steps to be followed for the adoption or amendment of a zoning by-law by a town cautions "If, after a hearing, the Board recommends substantial and material changes, another hearing is advisable with due notice."

It is the opinion of this Board that recommendation of all the proposed changes would be recommendation of "substantial and material changes," and would endanger the approval of the basic by-law by the Attorney General's Office. To attempt to arbitrarily decide which individual proposed changes would, or would not, be "substantial and material" should not be the duty of this Board. Therefore, it is the recommendation of this Board:

- a. that the changes in wording as listed in this report be adopted.
- b. that the proposed zoning maps dated October 15, 1965 be adopted.
- c. that the recommendation of the Department of Public Works regarding proposed Interstate Route 495 be adopted.
- d. that action on the other proposed changes be delayed

until the annual town meeting in March 1966, in order to enable the Planning Board to hold a proper public bearing on these proposed changes.

Respectfully submitted,

MILFORD PLANNING BOARD

William J. Balmelli, Chairman  
Louis L. Guerriere, Secretary  
Henry R. Acquafresca  
Dominic J. Blasio  
Alfred N. Tumolo

It was moved and seconded that the meeting receive the report of the Planning Board.

Mr. Balmelli presented the following amendments.

Voted: That the following changes in wording be made to the new comprehensive By-Law:

1. Paragraph 1.2.2—last sentence, change the words “adjacent to” to “abutting.”

2. Paragraph 2.1.1—second last sentence, after the words “Town of Milford”, change to read “entitled ‘Milford Mass-Zoning’ and ‘Milford Central Area Zoning,’ dated October 15, 1965.”

3. Paragraph 3.1.2—Change words “one year” to “twelve month period.”

4. Paragraph 4.1—definition of “Public Utility” change “Department of Public Works” to “Department of Public Utilities.”

Voice vote unanimous.

Voted: That the proposed zoning map be amended by revising the designation of certain areas in the vicinity of the future location of Route 1-495 from the proposed IB to the proposed RB district. The areas to be so revised are illustrated on a marked copy of the Proposed Zoning Map, labelled “Amendment 495.”

Voice vote unanimous.

Mr. Robert McGinnis presented the following motion:

Voted: Article II change 2.3 (Use Regulation Schedule), so that transportation terminal is listed under commercial uses instead of under industrial uses, and that transportation terminals be permitted under districts designated in proposed by-law as CB, CC, IA, and IB.

Carried by voice vote.

Mr. David Ablondi presented the following motion:

It was moved and seconded to amend the Proposed Zoning of the West end of Route 140 from Residential C to CC.

A description of the area is as follows—beginning at the corner of Dutcher Street and Route 140 then running Northwest for a distance of approximately 3750 feet to a point where the Hopedale Town line crosses said Route. Setback on the Southwest side to the Hopedale Town line and 400 feet on the Northeast side of highway. (refer to attached map)

A standing vote was taken and 48 persons having voted in the affirmative and 45 persons having voted in the negative, the Chair declared the motion to be carried.

## **ZONING BY-LAW**

### **ARTICLE I ADMINISTRATION AND PROCEDURE**

**1.1 Purpose**—The purpose of this By-Law is to provide for the Town of Milford protection as authorized by the General Laws of the Commonwealth of Massachusetts, Chapter 40A, and any amendments thereof.

#### **1.2 Administration**

**1.2.1** This Bylaw shall be administered by the Selectmen through the Building Inspector. No building shall be erected or externally altered, and no use of land or a building shall be begun or changed without a permit having been issued by the Building Inspector. No such permit shall be issued for construction or use in violation of any provision of this Bylaw.

**1.2.2** Applications for building permits shall be accompanied by two prints of a plan of the lot, drawn to scale, showing the actual dimensions of the lot, and the exact location and size of any existing or proposed buildings, and showing streets and ways abutting the lot.

**1.2.3** The Selectmen may institute appropriate legal proceedings to enforce the provisions of this Bylaw or to restrain by injunction any violation thereof; or both, and shall institute and take any and all such action as may be necessary to enforce full compliance with any and all of the provisions of this Bylaw.

#### **1.3 Board of Appeals**

**1.3.1** There is hereby established a Board of Appeals of five members and two associates appointed by the Selectmen, as provided in Chapter 40A of the General Laws, which shall act on all matters within its jurisdiction under this Bylaw in the manner prescribed in Chapter 40A of the General Laws. They shall serve without remuneration. The Board of Appeals shall have the following powers:

1.3.2 Appeals—To hear and decide appeals taken by any person aggrieved by reason of his inability to obtain a permit from any administrative official under the provisions of Chapter 40A, General Laws, or by any officer or Board of the Town, or by any person aggrieved by any order or decision of the Inspector of Buildings or other administrative official in violation of any provision of Chapter 40A, General Laws, or by this Bylaw.

1.3.3 Special Permits—To hear and decide applications for special permits for exceptions as provided in this Bylaw, when subject to any general or specific rules therein contained, and subject to appropriate conditions or safe-guards imposed by the Board.

1.3.4 Variances—To authorize upon appeal, or upon petition in cases where a particular use is sought for which no permit is required, with respect to a particular parcel of land or to an existing building thereon a variance from the terms of this Bylaw where, owing to conditions specially affecting such parcel or such building but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of this Bylaw would involve substantial hardship financial or otherwise, to the appellant, and where desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of this Bylaw, but not otherwise.

1.3.5 Public Hearings—The Board of Appeals shall hold public hearings in accordance with the provisions of Chapter 40A on all appeals and petitions brought before it.

1.4 **Amendments**—This Bylaw may from time to time be changed by amendment, addition or repeal by the Town Meeting in the manner provided in Section six of Chapter 40A of the General Laws, and any amendments therein.

1.5 **Validity**—The invalidity of any section or provision of this Bylaw shall not invalidate any other section or provision thereof.

#### 1.6 **Applicability**

1.6.1 Where the application of this Bylaw imposes greater restrictions than those imposed by any other regulations, permits, restrictions, easements, covenants or agreements, the provisions of this Bylaw shall control.

1.6.2 This Bylaw or any amendment to it shall not affect any lawful permits issued or buildings begun previous to notice of hearings on this Bylaw or amendments to it, as provided in Section 11 of Chapter 40A of the General Laws, nor shall it affect certain recorded lots, lots endorsed by the Planning Board as not requiring approval under subdivision regulations, and lots shown on previously submitted subdivision plans, as provided in Sections 5A and 7A of Chapter 40A of the General Laws.

1.7 **Effective Date** — This Bylaw shall take effect when, following adoption by the Town, it is approved by the Attorney General of the Commonwealth of Massachusetts, and it is published, as provided by

law. Upon its effective date, it shall supersede the Zoning Bylaw and all amendments to it previously in effect.

**ARTICLE II USE AND INTENSITY REGULATIONS**

**2.1 Establishment of Districts**

2.1.1 The Town of Milford is hereby divided into the following types of districts:

General Residential .....	RA
Single-family Residential .....	RB
Rural Residential .....	RC
Central Commercial .....	CA
Neighborhood Commercial .....	CB
Highway Commercial .....	CC
Central Industrial .....	IA
Highway Industrial .....	IB

The boundaries of these districts are defined and bounded on the maps accompanying this Bylaw and on file with the Clerk of the Town of Milford, entitled "MILFORD, MASS. — ZONING" and "MILFORD CENTRAL AREA — ZONING", dated October 15, 1965. These maps and all explanatory matter thereon are hereby made a part of this Bylaw.

2.1.2 Except when labelled to the contrary, boundary or dimension lines shown approximately following or terminating at street, railroad, or utility easement center or layout lines, boundary or lot lines, or the channel of a stream, shall be construed to be actually at those lines; when shown approximately parallel, perpendicular, or radial to such lines shall be construed to be actually parallel, perpendicular, or radial thereto. When not locatable in any other way, boundaries shall be determined by scale from the map.

2.1.3 Where a district boundary line divides any lot existing at the time such line is adopted, the regulations for any district in which the lot has frontage on a street may be extended not more than thirty feet into the other district.

**2.2 Use Regulations**

2.2.1 No building or structure shall be erected or used and no premises shall be used except as set forth in the "Use Regulations Schedule." Symbols employed shall mean the following:

- P — A permitted Use
- O — An excluded or prohibited use
- A — Use authorized under special permits  
as provided for in Section 1.3.3 herein.

2.2.2 Where an activity might be classified under more than one of the following uses the more specific classification shall determine permissibility; if equally specific the more restrictive shall govern.

2.4 Intensity of Use Regulations

2.4.1 All buidings hereafter erected in any district shall be located on a lot such that all of the minimum requirements set forth in the following Table are conformed with, except where specifically exempted by this Bylaw or by General Law.

2.4.2 No existing lot shall be changed in size or shape except through a public taking so as to result in violation of the requirements set forth below.

2.4.3 Certain lots are exempted from some of these requirements through Section 5A and 7A of Chapter 40A, G.L.

- a) Permitted residences must comply with requirements for the RA district.
- b) Corner or through lots must maintain front yard requirements for both frontages.
- c) Increase to 20 feet when abutting a residence or a residential zone.
- d) No employee parking to be located within required yard area.
- e) Does not apply to lots exempted from area requirements by Sec. 5A, Ch. 40A.

## **ARTICLE III GENERAL REGULATIONS**

**3.1 Non-Conforming Uses**—The lawful use of any structure or land existing at the time of the enactment or subsequent amendment of this Bylaw may be continued although such structure or use does not conform with provisions of the Bylaw, subject to the following conditions and exceptions:

**3.1.1 Abandonment**—A nonconforming use which has been abandoned or discontinued for a period of two consecutive years shall not be re-established and any future use shall conform with the Bylaw, except in the case of land used for agriculture, horticulture, or floriculture where such non-use shall have existed for a period of five (5) consecutive years.

**3.1.2 Alterations**—A nonconforming structure may not in any twelve month period be altered or reconstructed to the extent that the cost of such alterations exceeds 50% of the market value of the structure as determined by the Building Inspector at the time of the change, excepting residential structures, for which no limitation is set.

**3.1.3 Extension**—No increase in the area or extent of the nonconforming use of a structure or land may be made, excepting single-family residential structures, for which no limitation is set.

**3.1.4 Restoration**—No nonconforming structure damaged by fire, storm or other causes to the extent of more than 75% of its replacement value as determined by the Building Inspector shall be repaired or rebuilt except in conformity with the Bylaw, and further provided that such restoring shall be completed within two (2) years after such catastrophe.

**3.1.5 Changes**—Once changed to a conforming use, no structure or land shall be permitted to revert to a non-conforming use. On special permit from the Board of Appeals, the use of premises may be changed from one nonconforming use to another which is no more objectionable to the neighborhood.

## **3.2 Accessory Buildings and Uses**

**3.2.1 Accessory Building**—No accessory building or structure, except a permitted sign or a roadside stand, shall be located within a required front, side, or rear yard area.

**3.2.2 Accessory Use**—Customary accessory uses are permitted except as specifically restricted in Article II or elsewhere. Uses shall not be considered "accessory" if they occupy more than 30% of the floor area or more than 50% of the land area on any lot.

## **3.3 Home Occupations**

**3.3.1 Customary home occupations\*** are permitted if conforming to the following conditions:

**3.3.1.1** No more than twenty-five percent of the floor area of the residence shall be used for the purpose of the home occupation or the professional use.

**3.3.1.2** Not more than one person outside the family shall be employed in the home occupation.

3.3.1.3 There shall be no exterior display, no exterior storage of materials and no other exterior indication of the home occupation or other variation from the residential character of the principal building. One unlighted sign not exceeding two square feet in area shall be permitted.

3.3.1.4 No offensive noise, vibration, smoke, dust, odors, heat or glare shall be produced.

3.3.1.5 That a permit be applied for and issued by the Building Inspector for such use. In the case of home occupations preexisting this amended Bylaw, permits shall be applied for within six months of the effective date of the amendment and, provided the use was in conformance with the Bylaw previously in effect, such permits shall be promptly issued.

**3.4 Parking Requirements**—The following parking requirements shall apply to all premises in all districts except the CA District which is exempted. The use of premises shall not be authorized or extended, and no building or structure shall be erected or enlarged, unless there is provided sufficient off-street parking space on paved areas within a reasonable distance of the principal building for all vehicles whose occupants use the premises. Minimum requirements are as follows:

3.4.1 Retail Business—One space for each one hundred square feet of floor space devoted to retail business plus one space for each two employees or nearest multiple thereof.

\* For example, professional offices, artist's studio, dressmaking, music instruction.

3.4.2 Business Offices—One space for each one hundred and fifty square feet of floor area plus one space for each three employees or nearest multiple thereof.

3.4.3 Theater, Funeral Home and Places of Assembly—One space for each four seats, or one hundred square feet of floor area, whichever is the greater requirement.

3.4.4 Hotels, Inns, Motels, or Guest Houses—One space for each two sleeping accommodations plus one space for each four employees or fraction thereof. Each double bed is to be considered two sleeping accommodations.

3.4.5 Restaurants—One space for each three seats plus one space for each three employees or nearest multiple thereof.

3.4.6 Dwellings:

Single family—two spaces

Two family—three spaces

Three family—five spaces

Each additional family—one additional space.

3.4.7 Industrial and Wholesale Uses—One space for every 1.3 employees based on the maximum number of employees the plant is designed to employ.

3.4.8 Bowling Alleys—Four spaces for each alley.

3.4.9 Boarding House—One space for each sleeping room.

3.4.10—Hospital—Four spaces for each 800 square feet of floor area plus one space for each two employees.

3.4.11 Municipal Uses—To be individually determined by the Building Inspector.

3.4.12 Other Uses—All other types of uses not specifically mentioned shall have at least one space for each three employees plus one space for each 150 square feet ground floor area. One space shall be provided for each 300 square feet on other than ground floor.

3.4.13 Egress—Not more than one entrance and one exit shall be permitted onto a street from any parking area per 200 feet of frontage or fraction thereof in a commercial district, and per 300 feet of frontage or fraction thereof in other districts. Each entrance and exit shall not be more than forty feet in width.

3.4.14 All open off-street parking areas which are located within or adjacent to a residential district or use shall be screened from all adjoining lots residentially used or zoned by either:

(a) A strip four feet wide densely planted with shrubs or trees, or

(b) A solid wall or fence not less than four feet or more than six feet in height.

3.5 **Loading Requirements**—The following minimum loading requirements shall apply to all industrial and commercial premises in all districts, except that any isolated lot or combination of contiguous lots in the CA District under common ownership totalling less than 20,000 square feet of area shall be exempted.

3.5.1 Retail Business—For each retail business with gross floor area from 5,000 to 8,000 square feet at least one berth. Additional berths at the rate of one berth for each additional 8,000 square feet or nearest multiple thereof.

3.5.2 Business Offices—For each office building with gross floor area of 4,000 square feet or more at least one berth shall be provided.

3.5.3 Industrial Uses—For industrial plants and similar uses up to 8,000 square feet at least one berth shall be provided. For larger floor areas additional berths shall be provided as required by the Building Inspector, adequate for off-street loading and unloading.

### 3.6 **Noise, Litter and Smoke Standards**

3.6.1 No activity shall be permitted in any district unless it can be demonstrated that its operation will be so conducted that the following standards will be met:

3.6.2 No noise, sound from public address or other amplification systems, vibration, or flashing shall be normally perceptible more than 400 feet from the premises if in an industrial district, more than 100 feet from the premises if in a commercial district, and more than 20 feet from the premises if in a residential district. Interferences originating in an

industrial district shall not normally be perceptible more than 150 feet within a commercial district, nor more than 100 feet within a residential district.

3.6.3 Cinders, dust, fumes, gases, odors, radiation, electro-magnetic interference, or trash or other waste shall be effectively confined to the premises or disposed of.

3.6.4 Smoke density shall not exceed No. 2 of the Ringelmann scale for more than 10% of the time, and at no time shall exceed No. 3 on that scale.

3.6.5 Operation at any time such that these standards are violated, subsequent to issuance of a permit on the grounds that they would be met, shall constitute a zoning violation.

### **3.7 Earth Removal Regulations**

3.7.1 General—The removal of sod, loam, peat, humus, clay, sand or gravel forming a part of the real estate of the town, except when necessarily incidental to or in connection with the construction at the site of removal of a building for which a permit has been issued within the past six months or for grading or otherwise improving the premises of which such building is a part, shall not be permitted except in accordance with the following conditions and procedures:

3.7.2 Permit from Board of Appeals—Written application for a permit must be made to the Board of Appeals. The Board of Appeals shall hold a public hearing, giving legal notice, prior to issuing a permit. The following shall be conditions for such issuance:

3.7.2.1 The application shall be accompanied by a plan showing existing grades in the area from which the above material is to be removed, and in surrounding areas, together with the proposed finished grades at the conclusion of the operation, and the proposed cover vegetation and trees.

3.7.2.2 A performance bond in an amount determined by the Board of Appeals has been posted in the name of the town assuring satisfactory performance in the fulfilment of the requirements of this Bylaw and such other conditions as the Board of Appeals may impose as conditions to the issuance of its permit in the interests of safeguarding the district and the town against injury, the future use of the land after operations are completed, or to control the transportation of such material through the town. Upon failure to comply and forfeiture of the bond, monies therefrom shall be utilized by the town for the purpose of fulfilling these requirements.

3.7.2.3 A written agreement has been executed specifying compliance with all provisions of this Bylaw and with such additional conditions as the Board of Appeals may require.

3.7.2.4 Before granting a permit, the Board of Appeals shall give due consideration to the location of the proposed earth removal, to the general character of the neighborhood surrounding such location, and to the general safety of the public on the public ways in the vicinity.

3.7.3 Removal—Removal operations shall be subject to the following conditions:

3.7.3.1 Removal shall not take place at any grade less than one foot above the grade level of any adjacent street or way, or below a level that would reasonably be considered a desirable grade for the later development of the area, or below the grades specified on the plan accompanying the permit application.

3.7.3.2 During removal operations no slope shall exceed one foot vertical rise to one and one-half foot horizontal distance or the natural angle of repose of the material in a dry state, whichever is the lower, except in ledge rock.

3.7.3.3 Provision shall be made for safe drainage of water, and for prevention of wind or water erosion carrying material onto adjoining properties.

3.7.3.4 Soil shall not be disturbed within one hundred feet of the boundaries of the premises, excepting at the conclusion of operations if required in order to improve the overall grading.

3.7.4 Restoration—Forthwith following the expiration or withdrawal of a permit, or upon voluntary cessation of operation, or upon completion of removal in a substantial area, that entire area shall be restored as follows:

3.7.4.1 All land shall be so graded that no slope exceeds one foot vertical rise in three feet horizontal distance and shall be so graded as to safely provide for drainage without erosion.

3.7.4.2 All boulders larger than one-half cubic yard shall be removed or buried.

3.7.4.3 The entire area excepting exposed ledge rock shall be covered with not less than four inches of good quality loam, which shall be planted with cover vegetation adequate to prevent soil erosion using either grasses or ground cover, depending upon conditions.

3.7.4.4 Bond shall not be released until sufficient time has lapsed to ascertain that the vegetation planted has successfully been established and that drainage is satisfactory.

3.7.5 **Additional Conditions**—The Board of Appeals may set conditions in addition to the above before issuance of a permit, including but not limited to: duration of the permit, hours of the day during which removal may be permitted, hours during which vehicles may be permitted to leave the premises, trees to be planted, and the use of covers on loaded vehicles.

3.7.6 **Renewal or Revocation of Permit**—A permit may be renewed only upon application and following a public hearing. Prior to renewal, inspection of the premises shall be made by the building inspector to determine that the provisions of this Bylaw are being complied with. The Board of Appeals, after hearing and proof of violation of the conditions of the agreement, of the permit, or of this Bylaw, shall withdraw the

permit, after which the operation shall be discontinued and the area restored in accordance with Section 3.7.4.

**3.8 Planned Unit Development**—A Planned Unit Development of 10 acres or more is permissible in RB and RC districts on special permit from the Board of Appeals. In such developments, the following regulations apply:

3.8.1 Lot requirements may be reduced below the district minimum stated in Section 2.5 provided that an amount of land within the development at least equal in area to the savings from so reducing lot sizes as determined by the Planning Board in its review of the Definitive Subdivision Plan is deeded to either the Conservation Commission or to an incorporated non-profit homes association, operating under a recorded land agreement through which each lot owner in the development is automatically a member and each lot is subject to a charge for a share of the homes association expenses.

3.8.2 The following dimensional requirements shall apply to any Planned Unit Development:

Min. Lot Requirements	District	
	RB	RC
Area (s.f.) .....	5,000	15,000
Width (l.f.) .....	40	120
Frontage (l.f.) .....	40	100
<b>Min. Yard Requirements</b>		
Front (feet) .....	25	25
Side (feet) .....	0	15
Rear (feet) .....	15	30
<b>Max. Building</b>		
Coverage (percent of lot area) .....	35	25
Ratio, total floor area to lot area .....	—	—

3.8.3 Open space areas to be deeded to the Conservation Commission or homes association must be accessible for and suitable to recreation use, and not merely be wasteland. Not more than 5% of the open space areas should be covered with structures.

3.8.4 Approval of the proposed water supply and sewage disposal systems shall be obtained from the Board of Health prior to zoning approval.

3.8.5 No part of such Planned Unit Development may be developed prior to endorsement of approval of the definitive subdivision plan by the Planning Board.

**3.9 Sign Regulations**

3.9.1 General Sign Prohibitions:

3.9.1.1. Signs, any part of which moves or flashes, or signs of the traveling light or animated type, and all beacons and flashing devices whether a part of, attached to, or apart from a sign, are prohibited.

3.9.1.2 No signs shall be placed within a public way or on public property except with a permit from the Board of Selectmen.

3.9.1.3 No sign other than an accessory sign shall be erected or maintained except under lawful permit from the Outdoor Advertising Division of the Department of Public Works.

### 3.9.2 Sign Size Restrictions

3.9.2.1 In the RA, RB and RC Districts, the following accessory signs are permitted:

(a) One sign for each family residing on the premises indicating the owner or occupant or pertaining to a permitted accessory use, provided that no sign shall exceed two square feet in area.

(b) One sign not over nine square feet in area pertaining to permitted buildings and uses of the premises other than dwellings and their accessory uses.

(c) One temporary unlighted sign not over six square feet in area pertaining to the sale, rent or lease of the premises.

(d) Unlighted directional signs not exceeding one square foot each in area pertaining to permitted buildings and uses of premises other than dwellings and their accessory uses.

3.9.2.2 In the CA, CB, CC, IA and IB Districts, signs attached to a building are permitted provided that they aggregate not more than 20% of the wall area they are viewed with.

3.9.2.3 In the CA, CB, CC, IA and IB Districts, free-standing signs are permitted provided that they aggregate not more than 100 square feet in area.

3.9.2.4 The total area of all signs, either attached to a building or free-standing, shall aggregate not more than four square feet per foot of lot frontage on the street towards which they are oriented.

**3.10 Junk Cars**—No person shall permit one or more unregistered motor vehicles to remain on his premises except for auto dealers holding First or Second Class licenses; or shall permit a disabled motor vehicle or parts thereof to remain on his premises, unless permission to do so is given in writing by the Board of Selectmen after an investigation and after a written report thereof by the Board of Health. In no event shall an unregistered motor vehicle be permitted to remain outside or to be stored outside in a front yard of a person's premises except in the case of auto dealers holding First or Second Class licenses; and in no event shall a disabled motor vehicle or parts thereof be permitted to remain outside or to be stored outside in a front yard of a person's premises.

The foregoing shall not apply to motor vehicles or parts thereof stored or garaged inside of buildings.

## ARTICLE IV DEFINITIONS

**4.1 Definitions**—In this Bylaw the following terms, unless a contrary meaning is required by the context or is specifically prescribed, shall have the following meanings. Words used in the present tense include the future, and the plural includes the singular; the word "lot" includes the

word "plot"; the word "building" includes the word "structure"; the word "shall" is intended to be mandatory; "occupied" or "used" shall be considered as though followed by the words "or intended, arranged or designed to be used or occupied." The word "person" includes a corporation as well as an individual.

**Accessory Building**—A subordinate building, the use of which is customarily incidental to that of the principal building or of the land, and which is located on the same lot with the principal building or use.

**Accessory Use**—A use customarily incidental to that of the principal building or use of the land, and located on the same lot as such principal building or use.

**Alterations**—As applied to a building or structure, a change or rearrangement in the structural parts or in the exit facilities, or an enlargement whether by extending on a side or by increasing in height, or the moving from one location or position to another.

**Animal Kennel or Hospital**—A structure used for the harboring and/or care of more than three dogs that are more than six months old, whether commercially operated or not.

**Boarding House**—Any dwelling in which more than two persons not members of the family residing on the premises, either individually or as families, are housed or lodged for hire with or without meals. A rooming house or a furnished rooming house shall be deemed a boarding house.

**Building**—An enclosed structure, either a principal building or shed, garage, stable, greenhouse, or other accessory building.

**Building Coverage**—That percentage of the lot area covered by the horizontal projection of the largest single floor area of the principal building plus all accessory buildings.

**Bulk Storage**—Exposed outside storage of sand, lumber, coal, or other bulk materials, and bulk storage of liquids in tanks except underground as an accessory use.

**Business Offices**—Facility for the transaction of business exclusive of the receipt, retail sale, or processing of merchandise.

**Camping, Commercial**—Premises used for campers, tenting or temporary overnight facilities of any kind where a fee is charged.

**Camping, Supervised**—Facilities operated on a seasonal basis for a continuing supervised recreational, health, educational, religious, and/or athletic program, with persons enrolled for periods of not less than one week.

**Club**—Premises or buildings of a non-profit organization exclusively serving members and their guests for recreational, athletic, or civic purposes, but not including any vending stands, merchandising, or commercial activities except as required generally for the membership and purposes of such club. Does not include golf clubs or sportsmen's club as elsewhere defined, or clubs or organizations whose chief activity is a service customarily carried on as a business.

**Contractor's Yard**—Premises used by a building contractor or subcontractor for storage of equipment and supplies, fabrication of sub-assemblies, and parking of wheeled equipment.

**Dwelling**—A building designed or used exclusively as the living quarters for one or more families.

**Dwelling Unit**—Quarters for a single family.

**Dwelling—Multi-family**—A structure occupied by three or more families living independently of each other.

**Dwelling—Single-family**—A building occupied by a single family and having no party wall, or walls in common with an adjacent structure.

**Dwelling—Two-family**—A building designed for two families.

**Earth Removal**—Extraction of sand, gravel, top soil, or other earth for sale or for use at a site removed from the place of extraction, exclusive of the grading of a lot preparatory to the construction of a building for which a building permit has been issued, or the grading of streets in accordance with an approved Definitive Plan.

**Erect**—To build, construct, reconstruct, move upon, or conduct any physical development of the premises required for a building. To excavate, fill, drain, and the like preparation for building shall also be considered to erect.

**Family**—Any number of individuals living and cooking together on the premises as a single housekeeping unit.

**Floor Area, Gross**—The sum of the gross horizontal area of the several floors of a building and its accessory buildings on the same lot, including the area of basements not more than 50% below grade, roofed porches and roofed terraces. All dimensions shall be measured between exterior faces of walls.

**Game Preserve**—Premises used for hunting for fee.

**Golf Course**—An unlighted area of at least thirty acres, with nine or more standard holes and customary accessory buildings.

**Granite Quarrying**—The removal of dimension stone, but not removal of stone for crushing or process use.

**Hospital**—Facility for the care and treatment of patients as licensed by the Massachusetts Department of Public Health.

**Hotel**—Premises used as individual sleeping or dwelling units without kitchens, with primary access to each unit through enclosed corridors.

**Junk**—Any article or material or collection thereof which is worn out, cast off or discarded and which is ready for destruction or has been collected or stored for salvage or conversion. Any article or material which, unaltered or unchanged and without further reconditioning can be used for its original purpose as readily as when new shall not be considered junk. Unregistered inoperative automobiles stored outdoors for more than six months shall be considered junk.

**Junk Yard**—The use of any area of any lot, whether inside or outside a building, for the storage, keeping or abandonment of junk, or scrap or discarded materials, or the dismantling, demolition or abandonment

of automobile(s) or other vehicle(s), boats, or machinery or parts thereof.

**Lot**—A continuous parcel of land with legally definable boundaries.

**Lot, Corner**—A lot which has an interior angle of less than 135 degrees at the intersection of two street lines. A lot abutting a curved street shall be considered a corner lot if the tangents to the curve at the point of intersection of the side lot lines intersect with an interior angle of less than 135 degrees.

**Lot Frontage**—That portion of a lot fronting upon a street or public way, to be measured continuously along one street line between its side lot lines and their intersection with the street line.

**Lot, Through**—An interior lot having frontage on two parallel or approximately parallel streets.

**Lot Width**—Distance from lot line to lot line parallel to the street line measured at the back of the required front yard.

**Manufacturing**—Fabrication, assembly, finishing packaging, processing, or research.

**Municipal Use**—Premises used for any operation by the town government except as elsewhere more specifically defined.

**Non-Conforming Use of Land or Building**—A building or land lawfully occupied at the time of adoption of this Bylaw and of any amendments thereto by a use that does not conform to the adopted regulations of the district in which it is situated.

**Nursing, Convalescent, or Rest Home**—Premises for the care of three or more persons, as licensed by the Massachusetts Department of Public Health.

**Open Space**—Unoccupied space free of all structures, parking, pavement, or other conditions precluding landscaping, maintained with grass or other plant material.

**Philanthropic Institution**—An endowed or charitably-supported, non-profit religious or non-sectarian activity maintained for public or semi-public use.

**Porch, Covered**—Part of a structure having a roof and floor either with or without enclosing walls or windows.

**Public Utility**—Utility licensed by the Department of Public Utilities.

**Public Utility Service Area**—An area used by a utility for bulk storage, exposed equipment, or truck parking.

**Radio Transmission**—Premises used for the commercial transmission of radio or television, not including studios.

**Recreation, Indoor Commercial**—Theater, bowling alley, or other commercial recreation or entertainment carried on wholly in an enclosed building.

**Recreation, Outdoor Commercial**—Drive-in theater, golf driving range, bathing beach, or other commercial recreation carried on in whole or in part outdoors, except those activities more specifically designated elsewhere in this Bylaw.

**Roadside Stand, Permanent**—A structure open to the weather left in

place year-round, used for season sale of raw produce, the major portion of which is raised on the premises.

**Roadside Stand, Temporary**—A structure as above, but removed for not less than 6 months out of the year.

**School, Nursery**—A school designed to provide daytime care or instruction for two or more children from two to five years of age inclusive, and operated on a regular basis.

**School, Other Commercial**—An educational facility other than a nursery school or those covered by Section 2 of Chapter 40A of the General Laws.

**Schools, Others**—Educational institution which is religious, sectarian, denominational or public.

**Sign, Accessory**—Any sign or other advertising device which advertises, calls attention to, or indicates the person or activity occupying the premises on which the sign is erected, or that advertises the property or some part of it for sale or lease.

**Sign, Non-accessory**—Any billboard or sign not an accessory sign.

**Sign, Area of**—The area of a free-standing sign shall be considered to include all lettering, wording and accompanying designs and symbols, together with the background, whether open or enclosed, on which they are displayed. The supporting framework, open or enclosed, may be part of the design, but for purposes of this Bylaw, shall not be considered a part of the sign area unless used for lettering, wording or symbols. When the sign consists of individual letters or symbols attached to or painted on a surface, building, wall or window, the area shall be considered to be that of the smallest rectangular or other regular shape which encompass all of the letters and symbols.

**Sportsmen's Club**—A club whose primary purposes are conservation, hunting or fishing.

**Stable, Public**—A building in which two or more horses are kept for remuneration, hire or sale.

**Street**—Either (a) a public way or a way which the Town Clerk certifies is maintained and used as a public way, or (b) a way shown on a plan theretofore approved in accordance with the subdivision control law, or (c) a way in existence when the subdivision control became effective in Milford, having, in the opinion of the Planning Board, sufficient width, suitable grades and adequate construction to provide for the needs of vehicular traffic in relation to the proposed use of the land abutting thereon or served thereby, and for the installation of municipal services to serve such land and the buildings erected or to be erected thereon.

**Street Grade**—The officially established grade of the street upon which a lot fronts. If there is no officially established grade, the existing grade of the street shall be taken as the street grade.

**Structure**—Anything constructed or erected, the use of which required location on the ground, or attachment to something located on the ground, except a boundary wall or fence.

**Temporary Structure**—An accessory tent or construction shanty to be used for less than one year.

**Trailer**—Mobile dwelling or other mobile structure, whether on permanent foundation or not. Does not include weekend “campers.”

**Trailer Park**—Premises with prepared sites for the placement of trailers.

**Transportation Terminal**—Premises for the parking and/or servicing of commercial vehicles.

**Use**—The specific purpose for which land or a building is designed, arranged, intended, or for which it is or may be occupied or maintained. The term “Permitted Use” or its equivalent shall not be deemed to include any non-conforming use.

**Warehouse**—Indoor storage of goods for distribution, but not for sale on the premises.

**Wholesaling**—Sale of commodities in quantity for re-sale or further processing.

**Yard**—An unoccupied space, open to the sky, on the same lot with the building or structure.

**Yard, Front**—The portion of the yard extending the full width of the lot and situated between the street line and the building line established by the nearest portion of any structure other than eaves or non-covered steps or porches, on the lot to the street line, projected to the side line of the lot.

**Yard, Rear**—The portion of the yard except as hereinafter permitted extending the full width of the lot and situated between the rear line of the lot and the rear line of the main building projected to the side line of the lot.

**Yard, Side**—The portion of the yard situated between the building and the side line of the lot and extending from the front yard to the rear yard.

Voted: That the Town vote to adopt the new comprehensive Zoning By-Law as amended to replace the Zoning By-Law and all amendments thereto currently in effect, as recommended by the Planning Board; which proposed By-Law for the Town was published in the Milford Daily News on August 30, 1965, was on file at the offices of the Board of Selectmen, Town Clerk and Planning Board, was appended to the warrant for this Town Meeting and is part of this article.

Voice vote unanimous.

It was moved and seconded to dissolve the warrant. The warrant was dissolved at 11:50 P.M.

## Annual Report of the Board of Selectmen

Your Board of Selectmen is pleased to report to the citizens of Milford once again. The Board feels that it has lead the Town through a very productive and fruitful year. As we review the work of the Board we find that once again the Board entertained and approved licenses and permits for tag days, carnivals, dances, numerous sidewalk permits, Sunday licenses, bowling alley and billiard licenses, common victualer's licenses, innholder's licenses and auctioneer's licenses.

The Board of Selectmen initiated and proposed at the Town Meeting a new by-law for the control of unregistered vehicles on private property. After the by-law was successfully passed and voted on and approved by the Attorney General, the Selectmen were kept busy by the filing of applications, calling for inspections and reports before granting such permits. The Board also saw the urgent need for updating the rental fee for the use of the Town Hall. With this in mind, a new rental fee was voted on and adopted by the Board. Another apparent need that the Selectmen felt urgent was the control of debris and litter falling from vehicles onto our highways. The Board again took immediate action to draft and support a new by-law imposing a penalty for failure to provide adequate covering over debris being transported in vehicles. Keeping with the trend to keep our highways and property clean, the Board urged and passed a by-law controlling the posting of stickers, etc., on utility poles and town-owned property.

As the local licensing authority, the board was kept extremely busy and active all year long. The Board received and acted on the Class I, II, III licenses and in some cases refused to transfer the same to new locations. The Board granted special liquor licenses on one-day permits in accordance with the General Laws. Hearings were held under Chapter 148 licensing for new permits as well as increasing storage. The Board feels that it acted fairly and impartially in conducting their hearings and making their decisions. Although the applicant in a few cases may have been adversely affected, the public interest at large was protected and this is the goal of the Selectmen. The Board held a hearing also on the transfer of the taxi stand location under the local by-laws. The year 1965 also called for a state census and as a result of increase of our population to 17,034, 2 new liquor licenses were awarded.

The Board is pleased that the Town Meeting voted to revise and update our Zoning Code and to adopt a new Building Code. During the year the Selectmen received more than 25 applications for variances and permits concerning changes of the use

of land. This evidenced the need for a new comprehensive by-law to deal with our zoning. The Board acted on all applications and referred all applications to the Zoning Board for a public hearing.

The Selectmen had the continued duty of maintaining all town-owned property and buildings, and insuring their maintenance. During the year the town acquired several new properties as a result of tax title foreclosure. The Town Counsel and the Town Treasurer have worked jointly in this effort. Also, the Board has been working diligently to acquire the Post Office building on Main Street for municipal uses. It is hoped that an announcement will be made shortly by the Board.

A sound highway program of acceptance of new streets in subdivisions, older private streets in the Town, and Chapter 90 construction is a main concern of the Selectmen. The Board feels that a sound program will greatly enhance the Town of Milford. The Board has approved reconstruction layouts of Highland and Congress Streets; the Board has asked for a study of widening Prospect Street (Rte. 140) and West Street. The Board commends the Planning Board for continuing to keep an alert eye and constant supervision over the new street construction in subdivisions; the highway surveyor in maintaining the public streets. The Board hopes that the Town Meeting will continue to be fair in accepting older, private streets at the meetings which require an appropriation of money for their acceptance as public roads.

As our roads increase, our traffic and signal installations will demand updating and surveying. The Board has met with D.P.W. officials on several occasions during the year and they will recommend that our traffic rules and regulations be amended, and that an appropriation be made for a comprehensive study of our main flow of traffic through the downtown area and arterial streets, together with and including a study of the traffic installations and off-street parking. Also, new streets require street lighting. The Board attempts to meet all requirements in accordance with expert recommendations and according to the budget.

The Board is pleased to announce: 1. That New England Power Co. held a hearing for their new substation on Depot Street, and that a permit was granted by the D.P.U. This means that additional power is available to our Town. 2. The New England Telephone Co. held a hearing for new underground cables on Exchange Street and South Main Street. We are pleased to see the additional service that will come to our community. The Board supports any addition that will benefit the Town and the Telephone Company's project will help with the new construction of sidewalks on South Main Street. The Board refused to support any telephone exchange plan that will increase

costs to the subscribers in Milford. 3. The D.P.W. has received our share of the cost of construction for Phase II of the Milford Flood Control Project, and that work will commence shortly. 4. The Cedar Swamp Committee, after strong recommendation from the Selectmen, completed the dredging and clearing of the channel of the Charles River from Hayward Field bridge to Supple Square. This was one of the projects that deserves a great deal of applause. That area has been beautified and made attractive. 5. The Selectmen awarded the contract for the razing of Park Street School and the job was completed at only one-half the anticipated cost. 6. The Selectmen notified our Senators and Congressmen that they opposed the closing of the Rutland V. A. Hospital. 7. The Selectmen have attempted to assist the Milford Water Company by working with them to offer a possible solution to the possible drought that might affect the Town. In this spirit, the Board has sought the help of the Town Counsel and Conservation Committee, held meetings with the Milford Water Company and asked for special assistance from the Department of Public Utilities and the Department of Health. And, 8. The Selectmen are pleased to announce the successful program of Operation Head Start in the Milford School System. This is part of a federally aided program which the Town of Milford adopted and fostered.

During the year the Board of Selectmen continued to make their usual appointments: Off-Street Parking Commission, Personnel Board, Finance Commission, Zoning Board, Wire Inspector. The Board was pleased to announce the creation of new boards and appointments: The Conservation Committee, The Board of Appeals of the Building Code, an Alternate Board, A Ration Board, Sanitary Disposal Commission and 2 committees under Urban Renewal-Code Review & General Planning. And the Board of Selectmen made their annual appointments at their organizational meeting of March 2nd.

The Board was pleased to appoint 10 school crossing guards to assist the Police Department and the School traffic safety. During the year the Board completed all steps for land taking under the eminent domain procedure on the 65 acres of land for school construction. The Board is very pleased with the work of the 2 committees, the School Building-Planning Committee and the School Building Committee, for their work and effort to meet future school building needs.

During the year the Board found it imperative to call 2 Special Town Meetings because of emergency situations. On June 22 the Town Meeting voted to obtain a survey to solve our open-faced dump on Cedar Street. The Board has retained an engineering firm for the survey and appointed a special com-

mittee to work toward a final solution and recommendation. Later, on November 15, the Welfare, Health, and Veterans Departments faced payless days unless additional money was obtained. The Town Meeting voted the appropriations and also adopted a new Zoning Code revision at the same time. The Board of Selectmen was elated over the final passage of the Zoning Code. This now means that during their administration we have received a Master Plan Report and later adopted a new Building Code, a revised Zoning Code, an updated set of Rules & Regulations of the Planning Board; increased the activity of Urban Renewal Committee with the establishment of subcommittees and appropriation of money for a workable program. We feel that these are gigantic steps in the growth of our Town.

Because of the limitations of this report, we cannot mention each and every detail of the work of the Board during the year. However, we cannot close without mentioning that the cost of government is soaring. We are mindful that our municipal employees must be paid adequately, that our community should have adequate services that we should offer some additional services. All these cost money, and the source of this money is you, the taxpayers; in particular the home owner and the real estate taxpayer. Borrowing the money is perilous—we might reach the peak of bonded indebtedness. Yet, we cannot look to our receipts levied on our real estate. Again, we say another source of revenue is imperative to defray the high costs of operating our community and to bring additional services to our community. We hope and pray that the General Court will soon break the deadlock and find a program to help the cities and towns.

In conclusion, the Board wishes to thank the Town Counsel for his very active help and advice, the Executive Secretary, and all Town Officials, Departments, and municipal employees who helped make this year a successful one by working in harmony with the Board.

Respectfully submitted,

LOUIS P. BERTONAZZI, Chairman

JOHN P. PYNE

JOHN T. MAHER

Selectmen of Milford

## Town Counsel's Report

To the Honorable Board of Selectmen:

I hereby submit the report of my activities and the Town Counsel's Department for the year 1965.

### **Claims and Suits Against the Town:**

During the year 1965 there were 21 claims brought against the Town for personal injuries and property damage. Of this number, 10 were settled. Only 1 claim was put in suit and is still pending. There remains 11 claims of 1965 outstanding, of which 1 is in suit.

There was a total of 15 claims pending against the Town prior to 1965. Of this number, 5 were settled. There remains 10 claims brought prior to 1965 outstanding, of which 2 are in suit.

Summary: There are a total of 21 claims outstanding against the Town, of which 3 are in suit and pending in Court.

### **Other Claims and Suits Against the Town:**

During the year 1965 there were 6 suits brought against the Town; of which 4 were brought against the Town through the Welfare Department, 1 was brought against the Zoning Board of Appeals, and 1 was brought against the Town for land damage. All are in suit and pending in Court.

In addition, 2 cases pending in the Appellate Tax Board against the Board of Assessors brought prior to 1965 were disposed of during the year.

### **Claims and Suits Brought by the Town:**

During the year 1965, 3 suits were filed by the Town. Of this number, 2 were settled by the Town in the District Court and 1 is still pending.

There is also 1 suit brought prior to 1965 which is still pending in the Worcester Probate Court.

The following is a breakdown of the account:

### **Damages to Persons and Property**

<b>Appropriated in 1965</b> .....	\$ 1,500.00
-----------------------------------	-------------

### **Expended in 1965:**

George A. Fisher .....	\$ 30.00
Evelyn H. Harper .....	100.00
National Union Ins. Company .....	25.00
Frank Berardi .....	40.00
Michele Tosches .....	115.05
Raymond F. Gaffney, Sr. ....	132.50
Charles F. Curtin et als .....	500.00
Bernard J. Marcus .....	43.00
Alfred R. Luby .....	20.00
David J. Burness .....	35.00

John C. Martello .....	105.00
Janice Ruscitti .....	36.00
Frank Calzone .....	85.00
Luigi Lombardi .....	200.00
<hr/>	
Total Expended in 1965 .....	\$ 1,466.55
Balance from 1965 appropriation .....	\$ 33.45

I continued to render opinions and legal advice to the Board of Selectmen and all departments requesting the same. I attended meetings of the Board of Selectmen, Board of Sewer Commissioners, Zoning Board of Appeals, Planning Board, Park Commissioners, Board of Assessors, Cedar Swamp Development Committee, Finance Committee and Board of Health, and all other boards so requesting.

In an effort to keep the office of the Town Counsel informed on the problems and new legislation concerning municipalities, I attended, at my own expense, monthly meetings of the City Solicitors and Town Counsel Association.

In addition to the many court appearances, trials and filing of legal pleadings, the office of Town Counsel was vesy busy and active on behalf of the Board of Selectmen, at their request.

I worked closely with the Board of Sewer Commissioners to obtain easements for the sewer trunk line extension and I procured them without any cost to the town for land damages; I started a procedure to make certain that covenants filed with the Planning Board are recorded at the Registry of Deeds; I attended meetings and conferences for traffic study survey at the D.P.U.; I worked with the Town Treasurer on tax title foreclosure in the Land Court; I assisted the Selectmen with regard to solving a possible water source problem of the Milford Water Company; I was appointed to the Milford Court House Committee by a special act of the legislature to build a new Court House in Milford; I worked with the Cedar Swamp Development Commission on their \$15,000. dredging contract of the Charles River channel; I attended hearings on the New England Power Substation on Depot Street; I travelled to Washington, D. C. to confer with our Congressman and G. S. A. officials, at my own expense, concerning the Town's purchase of the Post Office property; I prepared all necessary papers in the eminent domain procedure for land taking for schools; I travelled to Boston to confer with D.P.W. officials on phase II of the flood control in Milford; and I continued to draft bids, specifications and contracts for the Selectmen.

The following is a breakdown of the account:

### Town Counsel — Salary

<b>Appropriated in 1965</b> .....	\$ 2,500.00
Total expended in 1965 .....	2,500.00

The following is a breakdown of the account:

# Report of the Park Commissioners

Honorable Board of Selectmen

Milford, Mass.

Gentlemen :

We hereby submit our annual report for 1965 with financial report appended.

Lights were installed for tennis at Town Park this year and were widely used. We still hope there is some way we can make a skating rink using the tennis courts at Town Park and also employ these same lights. We would also like to replace the chain link fences around the tennis courts.

Trees were planted at the various parks under the direction of Tree Superintendent Graziano as has been our practice yearly to add a few to replace ones already removed because of disease.

A wider backstop was installed at Tomaso Field to eliminate the hazard of baseballs hitting the surrounding homes.

Town Park needs refurbishing badly and this year we hope to make a start in the right direction by having a topographical survey done of the entire Town Park with regards to recreational facilities and the park itself.

Another thing to be done is the razing of the comfort station as it is all but ruined by vandalism.

The Playgrounds directed by Mr. Robert Pagnini and his assistant Mr. Joseph Arcudi, introduced ceramics and other crafts into the Playgrounds this year and through the courtesy of the School Committee, we were allowed use of a school for this work. We hope to do more in this field next season.

The annual Field Day was held and trophies awarded to the winners of the various categories.

We want to thank all for their help and cooperation throughout the year especially the School Committee, and the Fire and Highway Departments.

Respectfully submitted,

NAZZARENO BACI, Chairman

ANEGLO FERRARIO

ALBERT SAYLES

Park Commissioners

## Report of the Milford Planning Board

To the Honorable Board of Selectmen  
and Citizens of the Town of Milford:

The Planning Board held regular bi-monthly meetings during the year at its office at 126 Main Street, with the exception of June, July and August when only one meeting was held each month. The Board also held many "special meetings."

Many plans, not requiring approval, were submitted to and signed by your Board; also a number of subdivisions were approved: **Ivy Lane Extension**, subdivider: Mikael Bedrosian and Victor Casasanta and **Silver Hills**, subdivider: the Silver Hill Corporation.

The Master Plan was completed and submitted to the Planning Board. Copies were distributed to the various town officials and boards. A new zoning by-law, based on the recommendations of the Master Plan, was adopted by a special town meeting on November 15, 1965, and has been submitted to the Attorney General for his approval.

The Board's rules and regulations regarding subdivisions were also amended as a result of recommendations contained in the Master Plan.

We wish to thank the town officials for their cooperation throughout the year.

## Personnel Board Report

To the Honorable Board of Selectmen  
and the Citizens of Milford:

During 1965 the Personnel Board gave careful consideration to the wage scale in all classifications of employees of the Town of Milford. In some classifications further increases could not be justified for the year 1966. In many classifications wage increases were justified and the Board has so recommended to the Town Meeting.

In arriving at its recommendations, the Board gave careful consideration to the many aspects that effect an individual's wages or salary. Some of the aspects studied were; the wage scale in similar size communities, the wages paid in Milford for similar jobs, and the cost of living as it applies to the people of Milford.

The Board and the Town of Milford suffered a great loss in 1965 as a result of the death of our Executive Secretary, Mr. J. Joseph Cochran. Mr. Cochran was a past member of the Board of Directors of the Mass. Municipal Personnel Board Association and well known throughout the State for his keen knowledge of Municipal Personnel affairs. He served the Board and the people of Milford honestly and conscientiously.

For the year 1966, the Board plans to survey several of the Town Departments. The survey will give the Board a better picture of the work load and job evaluation in these departments. Some positions which were formerly classified as part time must soon be classified as full time. In some instances, positions shall be reduced or abolished because the need for them no longer exists. If time allows, the Board will spend more time on the actual analysis of the various job classifications in 1966.

The Personnel Board wishes to express its appreciation for the cooperation that they have received from the Department heads and other Town officials and employees.

Respectfully,

JOSEPH D. BLASCIO, Chairman

JOSEPH P. NEALON, Secretary

WALTER B. DOANE

ANTHONY F. RANDO

CHANDLER W. SMITH

## Report of the Board of Health

To the Honorable Board of Selectmen  
and to the Citizens of Milford:

Dr. Nicholas J. Capece was re-elected Chairman of the Board of Health for the 24th year. Joseph F. Power and new member Kenneth C. Evans make up the Board of Health.

The following were re-appointed by the Board: Clerk-agent-sanitary inspector, Adam F. Diorio; Nurse, Alice Fitzpatrick; Physicians, Dr. Eugene E. Allen and Dr. Thomas P. Depaolo; Dentist, Dr. Hugo A. Andreotti; Plumbing Inspectors, Charles J. Ferrante and Savino N. Mele; Gas Inspectors, Frank Lancisi and Charles J. Ferrante; Meat Inspector, Philip Roy; Assistant Meat Inspector; Adam F. Diorio; Burial Agent, Robert E. McGinnis; Person to receive and report contagious disease, Adam F. Diorio.

The rat program which has been very successful at the town dump, was broadened to include the Brook at the top of Water Street, Green Street, Vine Street and at Depot Street.

The mosquito program was handled by Tree Warden Joseph Graziano in conjunction with the towns of Hopedale and Mendon. The areas were sprayed three times with the result that complaints have been kept at a minimum.

The Board of Health, with the Board of Selectmen, the Highway Department and the Fire Chief, have been meeting to find a solution for the dump problem. An Engineering Firm has been hired from funds appropriated at the special meeting to make a survey of the dump and report the findings in time to present them to the town meeting in March of 1966.

The Board initiated with the State Department a program to inoculate the adults against Tetanus and Diptheria. Dr. Thomas P. DePaolo gave the shots in a three month program. The Board Agent distributed 30,000 circulars through the generous assistance of the stores and markets.

The Board continued the pigeon program and it is hoped the people of Milford will heed the advice of the Board not to feed the pigeons. These birds are carriers of disease.

The Board members have consulted with several factories at various times during the year on the air pollution problem. The factories have co-operated with the Board and used a better grade of oil so the pollution would be alleviated.

The Board has been very successful in getting the co-operation of the townspeople on the matter of dilapidated houses. Ten homes and three barns were demolished during the year.

Due to a new by-law of the town the Health Agent investigated 16 requests to maintain unregistered motor vehicles. These investigations were reported to the Selectmen and all but one were given permission to maintain such vehicles.

3 Day Care Nurseries were inspected by the Health Agent, Fire Chief, Wire Inspector and the Building Inspector and given povisional licenses to operate.

16 pre-mature babies were reported to the Board of Health for 1965. The Board paid for five pre-matures according to state law.

### REPORT OF SANITARY INSPECTOR

Number of complaints investigated during 1965 .....	1825
Bakeries inspected .....	4
Eating and drinking establishments .....	42
Number of stores and markets .....	49
All the Schools were inspected including the cafeterias.

## IN APPRECIATION

Mr. Harris Tredeau served as a member of the Board of Health for twenty-three years. He has been a faithful, conscientious and alert member of the Board. He was unafraid and fair in his decisions. The Town of Milford has lost a good servant in his retirement. We wish him a long and happy future.

---

## IN MEMORIAM

### Dr. Eugene E. Allen, School Physician

A dedicated man who was beloved by the school children of Milford. A public official who served his fellow men with integrity and efficiency. May he rest in peace.

---

## DOCTOR AND NURSES REPORT

During this year Our Lord called our dearly beloved Dr. Eugene Allen to his eternal reward.

For his many charitable deeds he will never be forgotten every day he is sadly missed.

Eternal rest grant unto him O' Lord and let perpetual light shine upon him.

St. Mary's School .....	1063
Sacred Heart School .....	328
Total enrollment .....	1391

Spaced physical examinations were given to the students by the Board of Health physician Dr. Eugene Allen. Notices of any defects found are sent home to the parents or guardians.

The Massachusetts Vision Test and the Audiometer Hearing Test are given during the school year and follow-up work done to be sure corrections have been made.

The Dental Clinic is held each school day morning for all students in all the schools up to the sixth grade. Hugo A. Andreotti, D.M.D. is the school Dentist.

Students with special health problems are referred to any of the various clinics held in the state. Names of these students are sent to the state each year so follow-up work can be done. Anyone needing help in contacting any of these clinics may call the Board of Health.

## CLINICS

Three afternoon Antigen clinics were held at the Memorial School for pre-school and other children who had never had the required number of doses to be immunized. Three doses are needed. Booster doses are also given at these clinics to all who request them.

Sabin Oral Trivalent Vaccine was given at two polio clinics at the Memorial School for all the new babies, and for others who requested it.

Antigen clinics were held at the Memorial School during the year for all first graders, and sixth graders, and for the Juniors in the High Schools. Booster doses were given to all who signed the request slips.

Three adult Antigen clinics were held during the evening hours this year. One each month for three months.

A Vaccination Clinic was held at the Memorial School for pre-school children and for others who requested it.

We welcome our new Board of Health Physician Dr. Thomas DePalo who started his work by being the attending physician at the Vaccination Clinic this year.

A Chest-Xray clinic is held at the Milford Hospital the second Wednesday of each month excepting the months of July and December. Time, 3 to 5 P.M. Patients must be referred to this clinic by their family physician. Appointments can be made by calling the Board of Health office.

**COMMUNICABLE DISEASES REPORTED**

Dog Bites .....	40	Measles .....	40
German Measles .....	1	Scarlet Fever .....	1
Chicken Pox .....	6	Mumps .....	3
Salmonellosis .....	1	Encephalitis .....	1

**TUBERCULOSIS REPORT**

New Cases Reported .....	3
New Cases admitted to Sanatorium .....	3
Old Cases Readmitted to Sanatorium .....	1
Patients Discharged from Sanatorium During Year	6
Deaths Reported from Sanatorium During the Year (Non-resident)	
Number of Patients in Sanatorium During the Year	9
Number of Patients in Sanatorium at End of Year	3

**REPORT OF BURIAL AGENT**

Mr. Robert E. McGinnis, the Burial Agent, reports there were 202 burial permits issued during the year 1965.

The Board wishes to thank the Fire Chief Anthony Rossetti and his Department, Road Superintendent Anthony Bega and his Department and the honorable Board of Selectmen for their close co-operation during the past year.

Respectfully submitted,

DR. NICHOLAS J. CAPECE, Chairman  
JOSEPH F. POWER  
KENNETH C. EVANS

# Report of the Board of Sewer Commissioners

To the Citizens of Milford:

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewerage System for 1965.

**Collecting System.** Routine maintenance and opeation of the collecting system was performed during the year, except that a minimum of flushing was done due to the general water short-age. The main sewer siphons on Depot and South Main Streets were mechanically flush-cleaned by contract.

Street sewer construction under Town appropriations was as follows:

Location	Size	Length
Highland Street — extension to north of West Fountain	8"	1740.
West Fountain St.—Extension to near Highland	8"	534.
Cedar St.—Ravenna to Naples St.	8"	278.
Naples St.—Cedar St. to Hamilton St.	8"	800.
Total town construction		3352. ft.
Sewer construction by private developers:		
Princess Pine Lane	8"-334, 10"-220	554.
Hemlock Drive—Princess Pine to Sunset	8"	1170.
Willow Drive—Princess Pine to Sunset	8"	1275.
DeVittorio Drive Extension	8"	265.
Edgewood Rd.—Extension to Nancy Rd.	8"	805.
Nancy Rd.—Edgewood, westerly	8"	269.
Congress St. Ext. to Jennie D. Lane	8"	305.
Bethel Road	8"	567.
Glennon Drive	8"	287.
Taft St.—Glennon Dr. northerly	8"	1600.
Interceptor—Highland to Harding	8"	540.
Harding St.	8"	825.
Total by developers reported		8462.
Total added		11,814. ft.
— 2.238 miles		
Previously recorded	35.935	
Total	38.173 miles	
which does not include the Ridgewood Development, not yet reported.		
Service Connections previously reported		3036.
Added 1965		221.
Total		3257.

**Pumping Stations:** Routine Operation and Maintenance, with general overhaul of the Charles St. Station to be done this next year, in connection with new force main to the plant.

**Treatment Plant:** Sewage treated and chlorinated during summer months as required by State Health Department.

**General:** Plans for improvements at the Charles Street pumping station and for new force main to the treatment plant have been approved by the State and Federal Public Health Departments, and will be constucted during 1966.

We wish to thank all Town Departments for any assistance they might have given during the year.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the  
Citizens of the Town of Milford:

Herewith I submit respectfully the eighty-seventh Annual Report of the School Department and my nineteenth as Superintendent of Schools.

As in the past several years, the efforts of administrative personnel of the department continued to be directed toward carrying out recommendations of the report of the Center for Field Studies of Harvard University and those of the report of the New England Association of Colleges and Secondary Schools.

Once again we were fortunate to acquire the services of top-flight teachers to replace those who left our system or to carry on in new positions which were created in order to serve our students better and in a more efficient manner. In particular, I am pleased to report the strengthening of our Special Education Program. We now have a supervisor of the program who also handles the instruction of a new trainable class and is conducting our own testing program, having been recently certified as School Psychologist.

In addition to the trainable class, we now have three educable classes in our Special Education Program, and this arrangement allows us to organize the children according to chronological age and mental ability in a much more efficient manner than was the case hitherto. As a result of modernizing a vacant storage room in the Plains School so that it is suitable for use as a classroom, we were able to improve our program in our special classes so that we may now offer some exposure to household arts. The combination of very competent personnel and the renovation of the classroom space enhances the establishment of an especially strong program of special education for Milford children.

At the outset of this school year, services of a speech therapist were acquired on a part-time basis. This is an area in which very little had been done in the past and I am happy to report that our children now have the opportunity to be helped with any problems involving speech. The therapist spends two days each week in our school system and I am happy to report splendid results are being achieved in the correction and elimination of speech problems among our children.

School Committee members were particularly cooperative in supporting me in my search for personnel for the two programs mentioned above as well as in our recruitment of numerous other teachers as replacements in vitally important positions. I am grateful to the members of the School Committee individually and collectively for the confidence they expressed in me in the acceptance of my recommendations for personnel engaged during the year.

In the matter of School Plant, the efforts of everyone in the department have been directed toward planning and construction of a new high school, the subsequent moving of Grades 6, 7, and 8 into the present high school building and the conversion of the Stacy School to an elementary grade facility. It is pleasing to report that the townspeople unanimously approved the recommendation of the School Committee and the School Planning Committee in the matter of land, appointment of a Building Committee and authorization to proceed with the plans for the new building.

Meetings have been held with all personnel of the department concerning the proposed building program and it is gratifying to receive the cooperation of everyone as we approach this most important new venture.

Some renovations of a minor nature were accomplished during the year, such as painting the exteriors of the Purchase St. and West St. Schools, new flooring in the corridors of the Stacy School, new windows in the Chapin St. School, the complete renovation of a room in the Plains School, installation of fluorescent lights in the Purchase St. and West St. Schools, installation of metal partitions in the basement of the Stacy School, and the renovation of two basement storage rooms for classroom use in the Milford High School.

Again I wish to mention a critical situation in Milford in terms of increased number of pupils. Each week we are receiving more pupils and gradually our enrollment is increasing. If we are fortunate enough to proceed with the new high school in the very near future, I believe that we will be able to accommodate the increased enrollment which is inevitable. The increase in residential growth in Milford obviously has its impact on our school enrollment. I trust sincerely that we shall not have to resort to such expedencies as double platoons or double sessions. Our growth was not as spectacular as it was in 1963. However, enrollments have increased. In fact forty-one new pupils have enrolled since last September.

### **School Program**

With the exception of the strengthening of our offering in Special Education and the introduction of Speech Therapy, there has been no unusual change in our program during the current year.

However, I am happy to report that curriculum committees are in existence and are functioning constantly, being ever alert to the necessity of reviewing our offering to our students. These committees meet frequently, and they are coordinated from the elementary grades through the junior high and senior high grades. I appreciate the effort of all people who serve on these committees and I am grateful to everyone in the department serving in the various capacities who assist in the conduct of the business of this department throughout the past year.

## **SALARIES OF SCHOOL DEPARTMENT PERSONNEL**

### **As of December 31, 1965**

	Annual Salary

## **Report of the Milford Zoning Board of Appeal**

To the Honorable Board of Selectmen  
and the Citizens of the Town of Milford:

The Zoning Board of Appeal submit the following report for the year of 1965.

Twelve meetings were held.

Twenty three applications were received for variance.

Eighteen were approved.

Five were denied.

The Board met at Dewey Hall until July, after which meetings were held at 126 Main Street.

The Board wish to thank Town Clerk Catherine L. Coyne for her assistance in connection with receipt of applications, and also to her staff.

Respectfully submitted,

FRANCIS E. LARKIN, Chairman

GEORGE O. STEWART, Clerk

VICTOR E. PISCITELLO

## **Report of the Police Department**

The Honorable Board of Selectmen  
Town Hall  
Milford, Massachusetts

Gentlemen:

It is my pleasure to submit the following report of arrests and other duties performed by the Milford Police Department during 1965.

Sgt. John J. McGrath, Director of the Auxiliary Police has continued the fine progress with this unit for the year 1965. They are a most essential unit in an emergency, for without their assistance the department would be sorely taxed.

A new Police Station is a very urgent and a necessary facility. The Town has been discussing and planning for Police facilities for over 10 years. The time has come for action not words. We cannot afford to wait.

I recommend that a comprehensive Survey of the Traffic Problems in the Business district and area adjacent thereto be taken so that an up to date policy can be worked out to relieve the Traffic Congestion in the above areas.

Your Department has continued the Policy of sending men to the various Police Schools, with Officer Liberto completing a six week course at the State Police Academy at Framingham, Mass.

I take this opportunity to thank the Board of Selectmen and all other Town Departments for their cooperation during the past year.

Respectfully submitted,

WILLIAM F. FITZPATRICK

Chief of Police

## Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen :

I submit my report as Sealer of Weights and Measures for the year ending December 31, 1965.

I notified in compliance with the provisions of Section 41, Chapter 98 of the General Laws of Massachusetts, as amended, giving notice to all persons, that all scales, pumps, and measuring devices for the purpose of buying and selling goods, wares, and merchandise to be brought in, and these devices to be tested, adjusted and sealed. I then inspected all places of business in the Town of Milford.

There were approximately 524 measuring devices tested, adusted, sealed or condemned. Sealing fees were \$559.40, which were turned over to Town Treasurer.

Sealer's Salary		
Appropriated .....	\$ 1,437.38	
Salary .....		\$1,437.38

Sealer's Expense		
Appropriated .....		200.00
Expenses:		
Milford Daily News .....	5.50	
Hobbs & Warren .....	19.35	
The Sealer .....	61.00	
Printers .....	9.50	
Worcester Stamp .....	7.46	
Cahill's .....	24.78	
Transportation .....	72.41	200.00

I wish to thank the Honorable Board of Selectmen and the public for the help they have given me during the past year.  
Respectfully,

J. FRED MORAN,  
Sealer of Weights and Measures

## SUPERINTENDENT'S REPORT

Board of Public Welfare

Town Hall

Milford, Massachusetts

Gentlemen :

I respectfully submit the following report for the year 1965.

During the year 1965, the Milford Public Medical Home has operated efficiently and with a full quota of patients, plus new additions and improvements which have been completed.

We have replaced eight new beds which was necessary. Also a new ward consisting of eight beds has been in full operation. In order for our institution to comply with requirements of the State Department of Public Health, two utility rooms have been added and completed and are now in use.

I would like to take this opportunity to thank my entire staff for their grand cooperation extended to me throughout the year, and to extend my sincere appreciation to Mr. James L. Ahearn and his entire staff and also the members of the Board of Public Welfare for their kind support throughout the year.

Very truly yours,

(Signed) EMILIO A. PIGHETTI, Supt.

Milford Public Medical Home

## Welfare Physician's Report

Board of Public Welfare

Town Hall

Milford, Massachusetts

Gentlemen:

I respectfully wish to submit the following report on my activities as Town Physician for the period from January through December 1965.

During the past year, I have treated patients on General Welfare in the various rest homes in town, in their homes, and in my office.

Throughout the year I made an average of six calls weekly to the Milford Medical Home, which during 1965 was filled to capacity. The Medical Home continues to fulfill an urgent need for the elderly of our community who require nursing home care.

In this connection, I am pleased to report that through the cooperation of the entire staff, and of visiting physicians, the Medical Home has been operated with a maximum of efficiency. The patients have received the best possible care. I am deeply grateful to the nursing staff, and the other personnel who have done their work with enthusiasm and devotion, which is attested to by the fact that the majority of the nurses now on duty have been part of the personnel for many years.

I wish also to express my appreciation for the pleasant relations and cooperation extended to me by Mr. James Ahearn, Mr. Emilio Pighetti, the members of the Welfare Board, and the staff of the Welfare Department.

Very truly yours,

(Signed)

G. S. NOSSIFF, M.D.

Respectfully submitted,

CHARLES H. RIZOLI, Chairman

WILLIAM B. DUGAN

JOSEPH C. BIANCHI, JR.

JAMES L. AHEARN, Director of Public Assistance

## **Town Accountant's Report**

To the Honorable Board of Selectmen:

Herewith I submit my Annual Report of the financial transactions of the Town of Milford for the year ending December 31, 1965.

Included is the usual Balance Sheet, a detailed report of the Receipts from all sources of income, a detailed report of the Expenditures of each Department and Account, A Recapitulation Schedule showing Appropriations, Receipts and Transfers, Expenditures and Balance and also the estimated cost to run the various departments as submitted by them for the coming year. Also included is a Debt Schedule showing the Outstanding Debt and Maturity by years.

I wish at this time to thank all the Departments for their cooperation during the past year.

Respectfully submitted,

MICHAEL J. HANNIGAN,

Town Accountant
